Connor's Cash Store

A survey of the birds and animals in the national parks is being made. Great Britain now lists its unemployed at around 2,000,000. So-called Damascus steel blades—watered steel—were produced not merely at Damascus but throughout the East.

The French National Museum of Natural History, in Paris, was founded in 1635, and celebrated its tercentenary this year.

California is alarmed to find it has over 4,000,000 acres of seriously eroded land, including a million acres of once fine grazing land.

TURKEY GROWERS WILL RECEIVE CHECKS

Clyde C. Edmonds, vice president of the Northwestern Turkey Growers association, is shown here presenting the preferred stock check to Herbert Beyers, general manager of the association, to be sent out to early growers who had faith in the growing of turkeys in the west.

SALT LAKE CITY, Utah—Checks totalling \$13,192.00, payable to the turkey associations of the six western states who are original members of the Northwestern Turkey Growers' association when this cooperative was organized in 1930, have just been sent out by the association manager, Herbert Beyers, from the Salt Lake City headquarters.

Within the next week or ten days the secretary of the Eastern Oregon Turkey Growers' association, Mrs. R. G. Penney, will mail to each turkey grower who belonged to the association, a refund check for 1930-31 reserve, which was the first year of membership in the Northwestern Turkey Growers' association. Any person having membership in the association at that time should communicate with the secretary, Mrs. Penney, in order that checks may be mailed to them.

These checks represent a portion of the original "scale off" for selling and administrative costs which were made against the first year's pool and have been accumulated in the revolving fund for the retirement of preferred stock in the association.

The reserve refund is now beginning to revolve after furnishing a working capital for the association. The refund amounts to three-eighths of a cent per pound for all poundage shipped through the association for the above year 1930-31.

The reserve is held out by the Northwestern Turkey Growers' association as a basis of credit for the Eastern Oregon Turkey Growers' association and when the time comes it will be sent to membership headquarters for distribution to members as is being done this year.

The Northwestern Turkey Growers' association is the largest turkey marketing organization in America, and now serves more than 14,000 turkey growers in 15 states represented by over 50 state and local selling pools. Harry J. Beernink, vice president and general manager of the Washington Cooperative Eggs and Poultry association, is president of the association this year, while Clyde C. Edmonds, shown in this picture, is vice president. Mr. Edmonds is also secretary and general manager of the Utah Poultry Producers Cooperative association at Salt Lake City.

Mr. Beyers who was formerly secretary of the Oregon Turkey Growers association and a native of Roseburg, Oregon, is now secretary-treasurer and general manager of this large regional turkey cooperative.

J. C. Leedy, secretary and treasurer of the Oregon Turkey Cooperative association, will receive the checks for Oregon growers. He is located at Brooks.

RELIGIOUS EMBASSY WILL SPEND WEEK AT COLLEGE

OREGON STATE COLLEGE — A week of emphasis on the place of religion in modern life under the leadership of some of the world's greatest Christian leaders is to take place on the Oregon State college campus from October 2 to 7.

Headed by E. Stanley Jones, probably the world's most outstanding Christian statesman, a group of religious leaders will devote the week jointly to the University of Oregon and Oregon State college on a program of similar visits to colleges and universities throughout the United States this fall and winter. The plan is to carry out on the college campuses a program somewhat similar to that carried out in the major cities of the country a few years ago under the name of the National Preaching Mission. Leading speakers may be heard over radio station KOAC from 5 to 5:15 o'clock daily through Friday. Dr. Jones will speak Tuesday evening.

The program at Oregon State, in which the churches are cooperating, will include special services and convocations for the entire campus community, evening discussion groups, classroom lectures, after-dinner firesides, personal interviews and radio addresses.

STANFIELD

By MRS. J. M. RICHARDS

An interesting Stanfield visitor Saturday was Miss Esther Heath of Pasadena, Cal., who was a guest at the N. D. Bard home. Miss Heath visited her father, Fred Heath at Reed and Hawley mountain last week, and is enroute to Philadelphia where she has a \$1000 fellowship to the University of Pennsylvania school of social work. She has been granted a year's leave from the Child Guidance Clinic of Pasadena, and will use the scholarship to do advanced work along the line of social welfare. Miss Heath has recently published her book, "Approach of the Parent". The Heaths were for many years Stanfield residents and since her graduation from Stanfield high school, Miss Heath has attended the University of Oregon and Smith College.

Word has been received telling of the death of Mrs. S. R. Archer, on September 6, in a Shreveport, La., hospital after a long illness. The Archers moved to Louisiana about five years ago.

Mr. and Mrs. J. F. Rueber had as their guests during Round Up Mrs. Chris Rueber and son Wayne, Mr. and Mrs. Fred Gavin, nee Viola Rueber, of Portland, and Mr. and Mrs. C. A. Johnson and son Floyd of The Dalles.

Miss Neva Hedrick was a Portland visitor over the week end. While there she visited her sister Billie.

Mrs. A. Glen Jackson underwent an appendectomy in St. Anthony's hospital Saturday. She is reported as improving satisfactorily.

Mrs. J. M. Richards was hostess to the H. E. club at her home Tuesday afternoon. The club voted to help purchase supplies for the first aid room at the school.

Mr. and Mrs. J. O. Allstott of John Day have moved into the Connor residence.

Miss Rose Hoosier is attending the Southern Oregon Normal while making her home with Mr. and Mrs. Edgar Hoosier in Ashland.

John Spencer returned Sunday from St. Anthony hospital where he has been receiving medical care.

Miss Anna Ornduff of Portland visited friends in Stanfield last week. Miss Ornduff is a Stanfield HI graduate of several years ago and is now a registered nurse at St. Vincent's hospital.

At the regular Grange meeting Tuesday night the program was in charge of the agricultural committee with C. Tillery presiding. Jay T. Pearson, assistant county agent, gave an interesting talk on seed production. He dealt mainly with the clovers which have been grown on nearby projects. During the social hour Mr. and Mrs. Tillery served sandwiches, fried chicken and watermelon.

Bob Refvem has enrolled as a freshman in electrical engineering

Mrs. Hans Ryning and daughter Karin and Miss Esther Fredrickson will arrive Wednesday from Seattle to spend a week at the Wm. Fredrickson home.

D. M. Hoosier and Edgar Hoosier returned Monday from Ashland. The latter will remain in Stanfield for several days to attend to a few business matters.

The Martin Refvem family, Miss Elva Berry, L. L. Haisch, Mr. and Mrs. G. E. Greathouse and Mr. and Mrs. Neil Robertson were Walla Walla visitors Sunday.

Stanfield bridge players attending the Tally Ho club at the Dill Penney home in Echo Tuesday night included Mr. and Mrs. A. Heyden, Mr. and Mrs. G. E. Greathouse, Mr. and Mrs. Jas. Lane and Mr. and Mrs. Martin Refvem.

Mrs. Ila Wallace has been indisposed at her home for several days. Mrs. James Lane has acted as rural mail carrier during her absence.

Mrs. G. E. Greathouse was hostess to the Pollyannas at her home Wednesday afternoon. Guests included Mrs. H. L. Hedrick, Mrs. Dill Penney and Mrs. C. D. Connor. Mrs. Don Childs was recently admitted to membership in the club.

Mr. and Mrs. Otto Troxel are moving from the Grace Rogers farm to the Coe Cottages in the east part of town.

Mr. and Mrs. Byron Brown were called to Bellingham last week because of the illness of the former's mother.

Mrs. Anna Winters is spending the week in Portland with her sister.

Parents will profit by hearing Mrs. Maud Mrs. of O.S.C., Monday evening, in the school house. Her talk on parent education and getting along with each other are well worth attending.

(Continued Next Week)

NO CHANCE FOR ARGUMENT!

A young man at college went broke playing the races, and wired his father as follows: "Am on the hog; wire me fifty quick." To this Dad wired back: "Sorry, son, but am short of ready cash; ride the hog back home, we need the pork." If you happen to be short of ready cash to buy a new car, perhaps we could interest you in one of the cars listed here as each one is priced on its individual merit.

1936 CHEVROLET Master Sport Sedan

A car that has the comforts. Shock-proof steering, turret top body and hydraulic brakes which are all safety features.

\$200.00 Down

THEIR SAFETY DEMANDS ...

GOOD YEAR LIFE GUARDS

You know the dreadful danger of sudden tire failure! . . . Give your family the infallible protection of Goodyear LifeGuards — the modern successor to inner tubes.

When a tire blows out, the LifeGuard functions as a reserve tire — holding enough air to carry the car to a safe straight-line stop under perfect control. There's no lurch, no sway, no danger!

Come in — let us show you how it is costing you real money NOT to have LifeGuards in your tires.
