ORCHESTRA AND BAND IMPROVE
 The high school orchestra and band, under the direction of G. C. Humphreys, are much improved over last year, due partly, to the enrollment of 17 new students, making a total enrollment of 36 in the orchestra and 23 in the band. Five of the new students transferred from the Stanfield school, eight transferred from the grade school orchestra, and four students are beginners.
 The officers for the orchestra and band are: Claudine Hale, president; Frances Follett, vice president; Alma Laird, secretary; and Frank McKenzie, treasurer.
 New books have been ordered for the orchestra this year. It is hoped that uniforms will be purchased for members of the band before its first

public appearance.

CHRISTIAN SCIENCE CHURCHES
"UNREALITY" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 2.
 The Golden Text was, "Let not him that is deceived trust in vanity: for vanity shall be his recompense." (Job. 15:31).
 Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Howbeit we speak wisdom among them that are perfect: yet not the wisdom of this world, nor of the princes of this world, that come to nought: But we speak the wisdom of God, in a mystery, even the hidden wisdom, which God ordained before the world unto our glory" (I Cor. 2:6,7).
 The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Material sense has its realm apart from Science in the unreal. Christian Science sustains with immortal proof the impossibility of any material sense, and defines these so-called senses as mortal beliefs, the testimony of which cannot be true either of man or of his Maker" (pp. 480, 488).
