COLUMBIA SCHOOL NOTES

Pupils of Columbia school will present an amateur hour program at the school house Wednesday, Nov. 2 at 8:00 o'clock P. M. Professor "Squibbs" will direct the evening's performance. The school needs and wants play ground equipment and is asking parents and many friends to aid in securing same by patronizing this entertainment. Admission will be adults 25 cents and children 15 cents.

The intermediate pupils are enjoying the modern trend of education in an activity program of actual buying and selling through a local store in their own room. They have built the store and furnished

it, are learning to weigh and measure, keep accounts, make change, handle real money and also are learning the meaning of cooperation and courtesy.

The seventh and eighth grade pupils have been studying plant production without soil as a part of their agriculture. They, too, are doing, through developing an indoor miracle garden and experimenting in the possibilities of plant production through chemical process.

In the primary department, two activities are being stressed, rhythm band work and creative art, through which the children are encouraged in self expression and originality. Some excellent results were accomplished through this medium last year.

Rachel Weeks is absent from school this week on account of illness.

The pupils and teachers are sorry to lose Berton Beamer who is moving to Stanfield next week.

The pupils and teachers of Columbia school wish to express their appreciation to Commander A. H.

In spite of my admiration and respect for my opponent I feel that his age of 85 years disqualifies him.

NO CHANCE FOR ARGUMENT!

Will Rogers once said that the difference between a rooster, Uncle Sam and an old maid was: A rooster says "cock-a-doodle do," Uncle Sam says "Yankee Doodle do," and an old maid says "any old dude'll do." What we say is that every satisfied used car buyer we can make is a booster and a part time salesman for us, for he recommends us to his friends.
