**COLUMBIA SCHOOL
NOTES**
Lendol and Eileen Ragle, formerly
of Arizona, entered school Monday.
Professor Squibb's Amateur Hour
program on Wednesday of last week
proved a decided success, both from
the standpoint of entertainment and
remuneration. A large and appre-

ciative audience was in attendance,
and a substantial nucleus for a play-
ground equipment fund was realized.
We thank our parents and friends
for their hearty cooperation. We al-
so wish to thank Miss Gladys Wil-
liams, a former pupil of Columbia,
for an excellent tap dancing num-
ber.

On Thursday, November 10, Co-
lumbia school will present a short
program in commemoration of Ar-
mistice day.

Growing plants without soil is
becoming an interesting substitute
for the printed page in Eighth grade
agriculture.

The latest addition to Columbia's
equestrian club is a lively new ped-
igreed mount recently purchased by
Bobby Eaton—said mount dubbed
"Smoky".

The fourth grade boys and girls
of Columbia will sit at their own
luncheon table Thursday noon. The
menu will include sandwiches, cele-
bry sticks, hot chocolate, warm apple-
sauce and cup cakes. There are
three pupil committees making all
arrangements for proper table set-
ting, preparation and serving of the
hot chocolate and applesauce, as
well as seeing that orderliness is the
key note after the luncheon.

This cooperative activity is an
outgrowth of a series of health les-
sons emphasizing the "Big Three"
in school lunches, happy wholesome
group conversation around the table
at home or school, and attractive
tables, set correctly.

In the succeeding two weeks, one
noontime in each will be set aside
for fifth and sixth grade luncheons
respectively. The members of the
classes plan simple menus making
sure the "Big Three" are included.
From material found in a library
book entitled "Everyday Good Man-
ners for Boys and Girls" written by
Ernestine L. Badt, Ruth McCulley
will lead a series of class discussions
on everyday table manners.

• The new cars in the Ford Quality Group
for 1939 give you a broad choice. Whichever
you choose, whatever you pay, you'll get top
value for your money. That is true of the lowest
priced car or the highest. All have one im-
portant thing in common—inherent quality.

Their quality comes from fine materials,
precision workmanship, and from the fact that
back of these cars is the only automobile plant

of its kind—where production processes are
controlled from iron ore to finished car—and
savings passed along as extra value.

Things are happening in the automotive
world this year! Nowhere is the advance more
marked than in the Ford Quality Group. See
our dealers before you buy any car at any price.
