LEAGUE TO HEAR WHEAT ANALYSIS BY STANFORD MAN

THE DALLES—The present economic position of wheat throughout the world, which is one of the principal topics interesting the Oregon wheat grower, will be discussed at the annual meeting of the Eastern Oregon Wheat League by Dr. M. K. Bennett, economist of the food research institute at Stanford university, it is announced by C. W. Smith, league secretary.

The eleventh annual convention of the Wheat League will be held here December 1 to 3, with the public program on the last two days. The first day will be devoted to preliminary work of the various committees in preparing tentative reports for consideration by the convention.

Governor-elect Charles A. Sprague and Senator-elect Rufus Holman have been invited to attend the annual banquet Friday night. Congressman Walter M. Pierce, who has just been re-elected, is also expected to attend both this and other sessions of the convention.

MAC HOKE STATE F. B. PRESIDENT

The Oregon State Farm Bureau Federation held its annual meeting at the Columbia Gorge Hotel in Hood River, Ore., on November 9th and 10th. The location was ideal for the purpose and many guests will return to enjoy again the hospitality of this beautifully located hotel.

About two hundred members from all parts of the state attended the convention, most of whom sat down with President Wm. A. O'Neal of the National Farm Bureau, who was speaker at dinner on Wednesday evening. His strong plea was for united action among the farmers.

The general session Wednesday listened to most instructive talks by Charles Galloway and John Carlin, of the State Tax Commission.

Mac Hoke of Pendleton, president of the state unit, addressed the meeting several times and expressed his satisfaction with the growth of the state bureau and made a plea for further work along the line of building a strong business organization for the farmer.

Mac Hoke was re-elected president. C. A. Reed of Hood River, vice president, Berkely Davis of Pendleton, secretary. Directors for the coming year are: C. K. Barker, Gilliam county; Dr. Gray, Umatilla county; Harvey Miller, Morrow county; G. A. Malcom, Yamhill county; Fred Jaffy, Washington county; John Ramage, Marion county; Wm. Cook, Clackamas county; D. L. Pierson, Hood River county; Fred Entermille, Baker county; Pieter Tensen, Malheur county; and H. DeLong, Union county.

WHEAT LOANS CLOSE DECEMBER 31

The Umatilla County Agricultural Conservation association announces the release of 437 wheat loans on 2,089,858 bushels of wheat for \$1,049,617.17 for the week ending November 11, 1938.

The closing date for the completion of wheat loan papers is December 31, 1938. This means that all wheat loan papers must be cleared through the county office and cashed by that date. Growers who intend taking wheat loans are asked to make their applications now to avoid a last hour rush. Their papers may be completed in the local office, not dated and held by the borrower until he is ready to take the loan but not later than noon, December 31st. Interest does not start until the loan is actually made.

Clover Seed Production High. HILLSBORO—Ladino clover seed production reached a new high in Washington county this year. The yield from 104 acres of ladino totaled 10,033 pounds of clean seed, according to W. F. Cyrus, county agent. One field of red clover of 8.8 acres is also reported to have yielded heavily, producing 7547 lbs. of clean seed. A hay crop of three tons per acre had been cut from this field in June.

MEMBERSHIP IN EASTERN COOPERATIVES RISES 88 PER CENT IN YEAR

(Co-op League News Service) New York—Delegates representing 115 consumer cooperatives in ten eastern states, attending the annual convention of the Eastern Cooperative League here, November 6, heard reports that the membership in the league increased 88 per cent during the year, bringing the individual membership to 24,344. The number of affiliated cooperatives jumped from 75 in 1937 to 115 in 1938 while the existing co-ops all showed marked growth in membership.

Dr. James P. Warbasse, president of the Cooperative League of the U.S.A., told the 265 delegates and visitors who packed the auditorium of the Amalgamated Cooperative Apartments that through the consumers cooperative movement in the United States and in every corner of the world, the people are building up their own business. And that only in those countries where voluntary cooperatives are exercising their greatest influence have the people stemmed the tide toward autocratic government.

Most of the sessions of the convention were small meetings modeled on the discussion circle plan to enable the greatest possible participation in the discussion of the policy and program of the Eastern Cooperative League.

Out of town delegates who arrived early and a hundred New York members of co-ops took part in the dedication of the new headquarters of the Eastern Cooperative Wholesale, 135 Kent Avenue, Brooklyn, which serves cooperative associations in the New England and Eastern Seaboard states, on Saturday. At the dedication, L. E. Woodcock, manager, reported that the October sales of the wholesale were \$75,000, an increase of 40 per cent over the previous October. The co-op wholesale has 27,000 square feet of warehouse space, a railroad siding, food testing kitchen and a model co-op store.

Dr. Warbasse cut the ribbon which launched the dedication pageant and, as a surgeon-cooperator, declared "I have severed the umbilical cord at the birth of an important cooperative undertaking." Then down a grocery chute came items of CO-OP merchandise symbolizing the objectives of the organization.

The convention of the Eastern Cooperative League was held at the Amalgamated Cooperative Apartments, the largest cooperative housing project in America, where 635 families own a group of modern apartment buildings, their own grocery store, food market, milk and laundry services, power plant, credit union, bus service and children's camp facilities.

ROCHDALE INSTITUTE TO OFFER COURSE IN RETAIL GROCERY STORE MANAGEMENT

(Co-op League News Service) New York—Rochdale Institute, a national training school in consumer cooperation, will offer a special course on Retail Grocery Store Management which will run for 12 weeks, beginning January 9. The facilities and staff of the Eastern Cooperative Wholesale will be made available for this management training course in order to meet the increasing need for store personnel in the rapidly growing cooperative movement.

In addition to the management course, Rochdale Institute will offer general courses in cooperative administration, organization and educational techniques. Students enrolling in the Grocery Management course must have had six months to a year's actual work in a grocery store, preferably cooperative. Only 15 students will be admitted to this special course.

The model cooperative store recently established in the new headquarters of the Eastern Co-op Whole sale will be used for training purposes. G. T. Castner, buyer, and W. Linna, field man, for ECW, will be in charge of the training program. Full details about both the management and general courses may be secured by writing Lionel Perkins, registrar, Rochdale Institute, 167 West 12 Street, New York.

It has been estimated that nearly 3,000,000 workers in the United States drew benefits during the first half of 1938 for varying periods of total or partial unemployment.

Home Extension Unit.

The Home Extension Unit will meet from ten o'clock in the morning until three o'clock in the afternoon, Tuesday, November 22, at the home of Mrs. R. B. Wilcox, east of town. Meat sundries will be demonstrated by Mrs. Wilcox and Mrs. Leo Earnhart.

Cookery Chefs Hold Sale.

Pies, Cakes, Popcorn! Yes, it was a food sale last Saturday in the Umatilla post office building, given by the Happy Hour Cooking and Camp Cookery Chefs 4-H clubs of Umatilla for the purpose of getting money for improvements in the Umatilla Community Hall. They made a profit of five dollars.

BRITISH COOPERATIVE WHOLESALE BUSINESS INCREASES \$13,000,000

(Co-op League News Service) Manchester, England—The Cooperative Wholesale Society, which serves retail cooperatives with 8,000,000 members in England and Wales, reported business of almost three hundred million dollars for the first six months of 1938. With prices averaging 10 per cent lower than for the first six months of 1937, the dollar volume was \$13,000,000 or four and seven-eighths per cent greater, bringing the total business to \$295,125,000. The amount of goods handled was therefore approximately 14 per cent greater than last year.

During the coming year the cooperatives will spend \$15,000,000 on new factories and modernizing and improving existing productive plants. These figures do not include the activities of the retail cooperatives affiliated with the CWS.

U. S. COOPERATIVE TO MAKE THIRD OIL SHIPMENT TO HOLLAND COOPERATIVES

(Co-op League News Service) North Kansas City, Mo.—Thirty-five hundred gallons of CO-OP oil blended in the compounding plant of the Consumers Cooperative Association here will be shipped to the Central Cooperative Supply Society in Rotterdam, Holland, about November 19. This is the third order for co-op oil received from the Dutch cooperatives during the year.

Consumers Cooperative Association is already shipping CO-OP blended oil to cooperatives in France, Scotland, Belgium, Bulgaria, Estonia and Canada. More than four hundred retail cooperative associations in ten western states are affiliated with the cooperative wholesale. The midwestern cooperatives look upon these shipments as a step toward cooperative international trade which will eventually eliminate some of the economic causes of war.

ANNOUNCE NEW PAMPHLET ON "COOPERATIVE MEDICINE"

(Co-op League News Service) New York—The principles and methods of operation of cooperative health associations are described in a new pamphlet, "Cooperative Medicine" by Dr. James P. Warbasse, pioneer in this field. This pamphlet, which has been completely rewritten and revised, makes an important contribution to the field of cooperative medicine. The growing interest in voluntary, cooperative health associations makes its publication timely. The 35-page pamphlet is available for 15c from the Cooperative League, 167 W. 12 Street, New York. Review copies will be sent on request.

Yamhill Plants More Grass.

McMINNVILLE—More grass, particularly chewing fescue, was seeded in Yamhill county during October of this year than in all former years combined, reports County Agent Rex Warren. Twenty-three farmers have seeded 329 1/2 acres of chewing fescue, practically all of it seeded alone. Records are being kept in regard to rate of seeding, method of seeding, crop preceding the seeding, and stands obtained. Tall fescue and tall oat grass have also been planted, and plans are being made to seed red creeping fescue in the spring.

New Grass Nursery Seeded.

ROSEBURG—In an effort to obtain information as to best methods, time of seeding and kinds of grass to seed on burns, a 49 acre grass nursery was seeded on the A. C. Marsters ranch during October in cooperation with County Agent J. Roland Parker.
