"CHRISTIAN Science" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, Dec. 25.
The Golden Text was, "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined" (Isa. 9:2).
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And, behold, there came a leper and worshipped him, saying, Lord, if thou wilt, thou canst make me clean. And Jesus put forth his hand, and touched him, saying, I will: be thou clean. And immediately his leprosy was cleansed" (Matt. 8:2,3).
The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus established what he said by demonstration, thus making his acts of higher importance than his words. He proved what he taught. This is the Science of Christianity. Jesus proved the Principle, which heals the sick and casts out error, to be divine" (p.473).
