BOARDMAN

By RUTH FISHER

The Boardman Yellowjackets stung the Arlington Honkers Friday night in a close victory on the Boardman floor. It was a very exciting game with the Honkers leading the score until the last quarter. The game was a tie at the final whistle. A three minute overtime period was played with the understanding that the first team to score would win the game. Roy Partlow, the Yellowjackets' doughy forward, shot from beneath the basket, making the final score 21-23 in Boardman's favor.

The Boardman Yellowjackets met defeat 20-21 Tuesday night when they met the Hermiston Bulldogs in an exciting game on the Boardman floor.

The budget of the Boardman school district was voted down. To save expenses the school cafeteria has been eliminated, the bus routes are being shortened, and other economical measures are being taken in operation of the school.

Elizabeth Kristensen returned to her home here Tuesday from Portland where she visited over the New Year's holidays.

WANT ADS

1c a Word - Minimum 20c

FOR SALE—EQUITY IN 1938 GUL-bransen Piano. V. F. Boynton, P. O. Box 126 Hermiston. 21-1tc

FARM CO-OPERATIVE DIVISION

A MESSAGE TO EVERY MEMBER.

WILL CONSIDER TIEUP WITH COUNTY FARM BUREAU GROUP

A meeting of the Farm Bureau members who are interested in organizing a local center of the Umatilla County Farm Bureau will be held in the basement of the Methodist church, Friday, January 27, at 8:00 p. m. The meeting was called by the Umatilla Project Farm Bureau executive committee at a meeting January 10, in the office of Jay T. Pierson, assistant county agent. A representative of the county organization will be present to explain objectives and questions involved. Anyone seeking information prior to the meeting may do so by asking H. M. Sommerer at the Farm Bureau Cooperative. More information will be in next week's issue of the Herald.

FINAL TURKEY POOL JANUARY 14TH

What is believed will be the final turkey pool shipment for the 1938-39 season will be made by the Eastern Oregon Turkey Growers' association Saturday, January 14. All persons not receiving cards stating time of delivery at the pool are requested to bring their birds in before noon on the pool day.

Cannery Will Operate Jan. 20.

The Hermiston Cooperative Cannery will operate Friday, January 20, when meat and squash will be canned all afternoon. This announcement was made by Manager Alton Sisson.

Grange Box Social.

Don't miss the box social and card party at Westland school house January 13, sponsored by Westland grange. Eats, music, cards and entertainment, and the chance to eat supper with a pretty girl, all for the price of a basket, is promised those who attend.

Notice of Annual Meeting

Cooperative Laundry and Cannery.

The annual meeting of the Hermiston Cooperative Laundry and Cannery will be held Saturday, January 21, 1939, at 2:00 p. m., at the Legion Hall for the purpose of electing three directors and conducting such other business as may legally come before the meeting. CATHERINE SOMMERER, Secretary.

Sign Work Sheets.

All farmers who have not signed work sheets in the Soil Conservation program for the past year, may sign now for 1939, to come under that program. Blank forms are available at the office of Jay T. Pierson, assistant county agent.

COLUMBIA GRANGE MEETS TUESDAY

Columbia Grange members are urged to attend the second regular meeting of the month next Tuesday evening, January 17.

A grange no older than Columbia can't afford to have inactive members. Quarterly dues have been coming in fine. There is yet an opportunity for those who have enjoyed the fellowship and rights of Grangehood to pay the rightful fee, 50c a quarter.

A representative group from Columbia attended the joint meeting in Stanfield Tuesday evening. Echo Grange played host at installation time in January and now the second of such meetings has been held with Stanfield as host. Mrs. Jess Richards acted as mistress of ceremonies.

Ladies of all ages, including the very young ladies, should be making plans for pretty baskets and interesting lunch menus to have ready for the Open House Basket Social, January 20, to be held in the Columbia school house.

There will be a prize for the most outstanding baskets in design as well as a door prize. A program will be presented, and contests enjoyed by all. There is no admission charge. All ladies bring baskets and all boys and men bring "the where with" to purchase the baskets. Coffee will be served free.

Rat Poison Formula.

A formula for rat poison has been given through the office of Jay T. Pierson, assistant county agent, which is considered economical and effective. It is timely in view of the campaign now being staged against rats in this area. The formula consists of:

- 1 lb. bread crumbs
 - 1 lb. rolled breakfast oats
 - 1 lb. cheese
 - 1 lb. salted peanuts
 - 7 ounces powdered Red Squill
- Run these ingredients through chopper twice.

The following note was received from Lewis Pearson Tuesday of this week after the above formula had appeared last week in the Herald: "Thanks to Mr. Pierson, assistant county agent, I tried the rat poison and the next morning picked up seven dead rats, and doubtless some died in holes and out of the way spots. Will use it again soon."

MORROW COUNTY POMONA MEETS

Morrow County Pomona Grange met Saturday, January 7, at Irrigon, with Irrigon Grange as hosts, and Pomona Master Minnie McFarland, presiding. During the morning, Grange reports, reports of officers, and committees and other business were disposed of.

Following the noon recess, Vida Heliker, Pomona Lecturer, presented an excellent program to a large and interested audience.

Music, group number, Irrigon band; Music, German band selections, quintet; Talk, Umatilla Assistant County Agent Jay T. Pierson; 4-H club poultry demonstration, Grace and Frank Bessel; Vocal solo, "Cathedral in the Pines," Francis Skoubo; Talk with slides, Mr. Pierson; Stunt songs led by Chas. Wicklander; Paper, written by Sen. Holman, read by Clara Kincaid; Skit, "And the Villain Still Pursued Her", Irrigon Grange; Discussion of new school law by Messrs Jones, Irrigon, Kincaid, Ione, and Corwin, Boardman; Talk, "Public Power," Mrs. McFarland.

Outstanding features were the Irrigon band and the 4-H club demonstration. The young folk giving the demonstration are state champions in their department.

Interest was manifest in the talks given by the assistant county agent of our sister county, and particularly were we happy to greet our own county agent, Mr. Conrad, and hear his talk during the lecture hour. Entertaining features included the skit, stunt songs and the reading by Sheriff Bauman.

Of much interest to all were the impressions of the National Grange by those attending the meeting in Portland in November. Henry Smouse voiced the opinion of all when he said that he found the National Master, Lewis J. Tabor, to be outstanding as a speaker and leader.

Granges in Morrow county, and Oregon, could well profit by adopting for their own, suggestions offered by various national leaders—bringing out members by fine surprise features on the programs, by the right kind of publicity and plenty of it, by featuring something sound and worth while in the educational line, civic, legislative, etc.

All were impressed with the grandeur, the beauty, the dignity and the significance of the degree as presented to the several thousand candidates and members in Portland.

New officers elected to fill vacancies in Pomona to complete the year are Wm. Kik, Gate Keeper; Mrs. Frank Saling, Ceres; Orin Wright as the three year member on executive committee. Henry Smouse was appointed as chairman of the legislative committee. Other members are J. O. Kincaid and O. L. Lundell. Mary Lundell was appointed to take care of the publicity.

The committee on power districts appointed last year are Burton Peck, O. L. Lundell and O. E. Wright, and will serve for 1939.

A resolution of interest to Morrow county as well as Umatilla asked for a \$3,000 appropriation to support the Umatilla Experiment station at Hermiston.

One resolution, suggesting a repeal of the Oregon law and substituting the PUD of Washington state and a third resolution pertaining to the present situation existing between KOY, Phoenix, Arizona, and Oregon's KOAC, are pending, also the Pettengill bill was again brought to our attention.

The Degree of Pomona exemplified by the Pomona officers was enhanced by the beautiful animated pictures impersonated by Grange ladies.

Those who failed to go to Pomona really missed a fine meeting, interesting program, good degree work and two sumptuous meals. We hope to see you at next Pomona. Mary Lundell, Pomona Secretary.

APPLICATION FOR GRAZING PERMITS

All applications for grazing permits on the Umatilla National Forest for the 1939 season are due in the office of the forest supervisor at Pendleton not later than January 31, 1939.

Applicants are requested to answer all questions on the form completely and in detail as the information serves as the basis for the allotment of grazing privileges.

Persons who were granted a permit to graze stock on the Umatilla Forest during the past grazing season will, within a few days, be pro-

vided with application forms by the Forest Service without request.

Application forms may be secured from the Supervisor's office at Pendleton or any of the district ranger headquarters, which are located at Heppner, La Grande and Pendleton, Oregon and Walla Walla, Dayton, and Pomeroy, Wn. Stockmen may receive aid in filling out the application forms at any of these offices.

During 1938 a total of 96,589 sheep and 9,518 cattle and horses grazed on the Umatilla Forest ranges. Increases in the number of elk and deer that summer on the forest, expanded use of the forest as a summer playground by those seeking recreation in the cool atmosphere of their forested hills together with other factors, make it necessary that the number of stock permitted to graze on the forest this year be reduced to approximately 80,000 sheep and 8000 cattle. This means a reduction in preference will be necessary in many cases and chances for applicants to be approved for grazing privileges for 1939 are not good on the Umatilla forest.

BUTTER

INDISPENSABLE FOR FLAVOR, FOOD VALUE AND ECONOMY.

Every good cook knows that the liberal use of butter adds a flavor to foods which can be obtained in no other way. Butter improves the flavor of any dish in which it is used. It has been said that butter has the unique power to transform a mediocre meal into a culinary triumph.

And superior flavor does more than merely to delight the palate, says the National Dairy Council. Investigators have found that the entire digestive system is affected by hunger and appetite. Thus foods which appeal to the appetite create the most favorable conditions for digestion.

Butter is Rich in Food Value.

Butterfat is highly digestible and rapidly absorbed by the body. It is unique among food fats because of its high natural content of vitamin A, the important vitamin which helps protect the body against certain diseases and is necessary to the growth of children. The cow eats large quantities of green feeds which contain a substance called carotene; this is changed to vitamin A in the cow's body and is made available for human consumption in the fat of the cow's milk. Thus the cow performs a great service to humanity.

Dr. W. E. Kraus of the Ohio Experiment station says: "Butter is one of the best sources of vitamin A, containing as high as 25,000 U.S.P. units per pound. Two ounces of butter daily (about four tablespoons) will meet the human requirement for this health protective vitamin."

Because butterfat contains a generous amount of vitamin A and because it is eaten three times a day, it is the most important source of vitamin A in the average American diet, reports the National Dairy Council. Butter in storage does not lose its vitamin A potency, even when stored at low temperature for as long as two years.

Butter Is An Economical Food.

When the flavor and food value of butter are considered, it becomes apparent that butter is truly an economical food from the standpoint of value received for money spent. Dr. Henry C. Sherman, famous nutrition expert of Columbia University, has warned that "any substitution of cheaper fat is dubious economy until there is every assurance that the dietary as a whole provides an abundance of the fat soluble vitamins."

It is unfortunate that the consumption of butter in this country is much lower than it should be—less than one-half as great as the butter consumption in New Zealand, for example, and much lower than in several other countries.

The small expense of increasing the amount of butter eaten daily should be regarded as an investment which will bring great returns in increased enjoyment and food value of meals and consequently in improved health.

Ladies of Farm Bureau Meet.

The Ladies of the Farm Bureau Auxiliary met Friday, January 6, with a good attendance. Mrs. Mabel Boulware pleased with a reading and games were enjoyed. Tea and cookies were served by the committee. Appointed to meet with the Hermiston Garden club were Mrs. Emma Upham, chairman, Mrs. Mary Buell, Mrs. Jessie Corman, Committee for the next meeting, January 20, consist of Mrs. Mabel Reid and Mrs. Ethel Hughes, program, Mrs. Nellie Tucker, Mrs. Jessie Hooker and Mrs. Rosa Shipp, refreshment.

Land Sale Notice.

NOTICE IS HEREBY GIVEN, That the undersigned, Sheriff of Umatilla County, Oregon, by virtue of an order duly made and entered herein by the County Court of Umatilla County, Oregon, on the 19th day of December, 1938, will, on the 28th day of January, 1939, at the hour of 10 o'clock in the forenoon, sell to the highest bidder for cash in hand, at the front door of the Umatilla County Court House, Pendleton, Oregon, subject to a minimum price of \$36.60 therefor, to be paid in cash, at the time of sale, the following described parcel of land, heretofore by Umatilla County, Oregon, acquired for delinquent taxes, to-wit:

SE 1/4 NE 1/4 and NE 1/4 SE 1/4 North and East of Highway, Section 24, Township 4, North Range 28, E. W. M.

R. E. GOAD, Sheriff of Umatilla County. (Dec. 22-Jan. 26)

Recently we invited hundreds of visitors in our offices to guess the Long Distance rates to various points. Then, on an illuminated map, we flashed the true rate. Usually the guessers were surprised to find that their guess was high—often much too high! For the rate to any town, just see Directory or ask Long Distance operator...and remember, when you communicate by telephone, you get "a round trip for a one-way fare"—for the answer is part of the message!
