COLUMBIA

By Lois Hutchison
 Mr. and Mrs. Charles Keller who returned Friday evening from Portland where they spent their honeymoon, were charivariated by a large gathering of neighbors and friends Saturday night.
 Henry Sommerer made a business trip to Gooding, Idaho, Thursday, returning home Tuesday.
 Mr. and Mrs. Alfred Cable and daughter left Sunday morning for San Jose, Cal. Ed Hugg will do their chores while the Cables are away.

The Columbia Winners Calf club met at the Henry Sommerer home Tuesday night. The purpose of the meeting was to reorganize the club. The box social which was held at the Columbia Grange Friday night was a great success.
 Mr. and Mrs. Percy Corman were Sunday callers at the Ralph Keener home.

Recent visitors at the Forrest Moore home were Mrs. R. G. Saylor, Mr. and Mrs. W. C. Morehouse and Mrs. Jens Skovbo.

The Columbia Stitches Sewing club met at the Sommerer home last week at which time they adopted the yearly program submitted by the committee.

Mr. and Mrs. Henry Hooker were dinner guests at the home of Mr. and Mrs. Otis Buell, Sunday.

Mrs. Elbert Hasse of LaGrande arrived Friday evening for a visit with her mother, Mrs. Duane Lathrop.

Maurice Roy of Pilot Rock and Ted Roy of Pendleton were business visitors in Columbia district Saturday.

Quite a number of ladies from this district attended the annual Co-op. Cannery and Laundry meeting at the Legion hall Saturday. Mrs. Wm. Mikesell was re-elected to the board.

Dorothy Hiatt, who has been staying at the home of Mr. and Mrs. John Jendrzewski returned home Saturday.

Dorothy Nelson was a week end guest at the home of Rachel Weeks. Albert Shipp, who has been suffering from blood poisoning, is reported as improving.

Henry Ott and Henry Sommerer made a trip to Pendleton Thursday

where they talked before the Smith-Hughes students of the Pendleton high school. Mr. Ott's subject was "Shipping of Eggs to the Pacific Co-op." and Mr. Sommerer talked on "Feeds."

Mr. and Mrs. Fred Hibbard, Mr. and Mrs. Percy Corman, Mrs. Chester Flanigan and son Chester were recent evening visitors at the Forrest Moore home.

The Blue Ribbon Cooking club held a meeting last week when they discussed the preparing of potatoes for a luncheon.

It is reported that some daffodils in Columbia district are budding.

Mr. and Mrs. Joe Udey, and Mr. and Mrs. Fred Lenz, motored to Boardman Thursday of last week where they organized a Townsend club.

Visitors at the home of Mr. and Mrs. Henry Wilson last week were Mrs. R. H. Stockard, Mrs. Forrest Moore and son Jesse.

Overnight guests at the Ralph Keener home Tuesday were Mary and Peggy Sommerer.

F. R. Moore and Fred Lenz visited in Stanfield Sunday in the interest of the Townsend club.

GARDEN CLUB CHATS

At the next meeting of the club February 7, the committee on rules will submit a constitution for the club to work under for discussion and acceptance. This, and the going over of the new seed catalogs that each member is to bring to the meeting, will fill the time.

Mr. Miller of the Milton Nursery, has been asked to give a talk before the members of the club at the second meeting in February. This meeting should be of great interest to gardeners of the community and a large turnout is expected when he comes.

E. P. Dodd, president of the Hermiston Commercial club, has asked that a committee from the Garden club be appointed to work with his organization. Mrs. F. B. Belt will represent the Garden club as its president, and has named a committee, Mrs. Julius Gimble, Mrs. T. A. O'Grady and Mrs. J. H. Reid.

A traveler in England writing of the gardens about Buckingham Palace, says that beds of red geraniums were studded with gladioli of the same hue. She says, "We here in the United States plant the 'glad' in stiff rows, but their way is such a beautiful way to present such gorgeous color. Snapdragons were planted with gladioli, and beds of petunias had taller plants studded here and there through them."

KELLER INSURES PACIFIC WIN

Pacific University, Forest Grove—Gerald Keller, diminutive freshman forward from Hermiston on the Pacific University hoop squad is continuing to steal the "show" from Truman Osborn and Johnny Seim, regular forwards.

Keller started the conference season by bucketing seven points in the last ten minutes of the Pacific-Willamette and put the game on ice for the Badgers. In the series with the College of Puget Sound, Keller scored eleven points to place the Badgers in the second game of the series.

Last week, with Johnny Seim on the injury shelf, Keller drew a starting position against Linfield and led the Badgers to a 35-29 win, scoring eleven counters.

Mrs. Maude Gusinger.

Funeral services were held Sunday, January 22, for Mrs. Maude Gusinger at Portland, Ore. She is a sister of Bert Parsons of Hermiston, and Ben Parson of King Hill, Idaho. Mrs. Gusinger was born at Atlantic, Iowa, April 7, 1882, and came to Colorado the same year where she lived until after her marriage to Orville Gusinger. Later they moved to Washington for her health where they have lived for the past ten years. She is survived by her husband Orville Gusinger, Way-side, Wn.; two sons, Roy and Alan Gusinger, Colbert, Wn.; two daughters, Mrs. Pearl Karther, Rockford, Wn., and Mrs. Neva Cameron, Deer Park, Wn.

TOWNSEND CLUB NATIONAL SPEAKER

All Townsendites and interested persons are urged to be present at the next meeting of the club Friday, January 27, in the Legion hall, promptly at 7:30 p. m., to carry on election of officers and regular business. Following the business session C. W. Wetterman, national representative for Oregon, will bring a special message, to which the business men are especially invited to hear.

The Hermiston Townsend club will assist with organization of a club at Echo Sunday night, January 29, at 8:00 o'clock, in the Methodist church. Jim MacKenzie, organizer for this district, will be present to

assist. Mr. Wetterman will also speak before the meeting.

The advisory board of the local club will meet Tuesday, January 31, and the auxiliary will meet at the home of Mrs. F. R. Moore, Thursday, February 2, from 1:00 to 4:00 p. m.

CREAMERY GETS NEW QUARTERS

(Continued from page 1)
 room is being constructed. It is small but considered a very valuable part of the refrigeration, to be used for freezing quickly, in which temperatures will go as low as 15 degrees below zero. The room is insulated with two layers of three inch jointed cork put on with hot asphalt, with concrete over the cork floor surface. It will take 720 feet of pipe to generate refrigeration, or 1 1/2 foot of 1 1/2 inch pipe for every cubic foot of air space. This room will be used largely for ice cream storage.

Adjacent to the "sharp" room will be the cooler room, refrigerated by a unit cooler suspended from the ceiling. The concrete floor will be graded for drainage. The room will be used for chilling butter as it comes from the churn and for storing as high as 6000 pounds of butter just before a shipment is made.

The churns and pasteurizers will be installed on the largest floor space in the building. The ceiling is lined with cellulose vapor seal composition, painted aluminum and the walls will be painted white. Added light and ventilation will come from an 8 by 13 skylight which extends about three feet into the ceiling of the receiving room.

At the rear of the building is a loading platform leading into the receiving room where cream will be unloaded, dumped into a large container and piped into one of the two pasteurizers. Here the cans will be washed and steamed and the extra supply stored on the platform formerly used as a loading platform in the other building. The testing room is adjacent to the receiving room, well lighted and properly heated.

Ice Equipment Added.

Facilities for manufacturing ice, adequate for supplying ice to all patrons of the creamery during the summer season, will be added. The ice will be clear since the equipment carries a unit for blowing air bubbles from the water. Heretofore additional ice has been shipped from Pendleton, to take care of local demands.

Expand Services.

Within the next few months the creamery expects to manufacture not only butter and ice but cottage cheese, culture butter milk and ice cream.

Due to the change in quarters the organization will be able to purchase coal in car load lots with adequate storage facilities at the rear of the plant.

A meat processing plant is another improvement in the future plans for development of the creamery and will be an added unit before many months. This will be a service in addition to the present meat cutting and cooling.

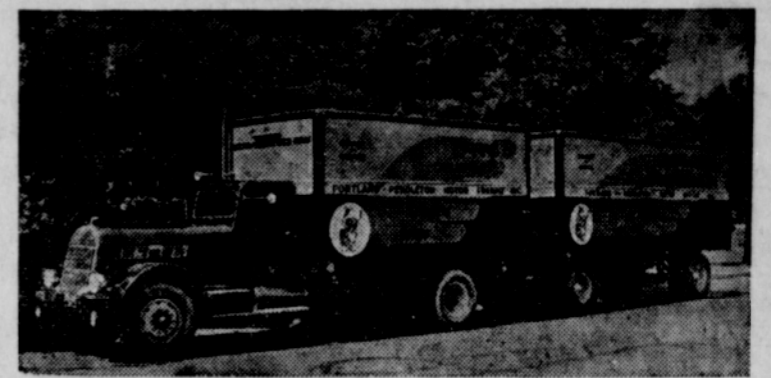

Eight Years of Service.

The cooperative was organized in July, 1931, with a small membership which has now grown to over 400 in the past eight years. Approximate value of the plant is \$35,000, \$6,000 of which is in refrigeration. With the additional refrigeration comes a reduced operating cost.

M. G. Hedwall is manager of the plant, and the board of directors consist of E. L. Jackson, chairman; A. E. McFarland, Umatilla; P. J. Quinn, Stanfield; L. C. Dyer, Hermiston; A. C. Heyden, Echo; R. V. Jones, Irrigon; and Nels Kristensen, Boardman.
