**AMERICAN BOY MAGAZINE
COMPANION TO THOUSANDS**

Hundreds of thousands of boys and young men read THE AMERICAN BOY Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY."

Many famous athletes in all sports credit much of their success to helpful suggestions received from sports articles carried in THE AMERICAN BOY magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys clubs also recommend THE AMERICAN BOY enthusiastically. They have found that as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matters boys like best.

THE AMERICAN BOY sells on most newsstands at 15c a copy. Subscription prices are \$1.50 for one year or \$3.00 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to THE AMERICAN BOY, 1430 Second Blvd., Detroit, Michigan. adv.

**LAVINA MAY
PLANS FOR MAY**

Spring time brings May time and May time to Miss Lavina May Lynch means the well established custom of presenting her physical education classes in another annual PEX which is to be staged in the high school gym Friday, May 5, at 8:00 o'clock.

The exhibition this year has been divided into four parts. The first section will be a presentation of various activities taken up in class and consists of a drill by the girls' P. E. classes. The boys' P. E. classes, under the direction of Mr. Jack Hodgen, will present group calisthenics and rhythmic dance steps, pyramids, and tumbling. Included in this group are tap dances by Claudine Hale and Phyllis Sires.

The second part is a pantomime entitled "Dream Express to Healthland" and the theme in brief is this: Two little girls go to bed, and are sung to sleep and they immediately call out the fairies who do a "Deep Purple" dance. The fairy godmother appears and hands the elves a scroll which she touches with her magic wand. The elves unroll the scroll and discover in it a health rule. As they run to the wall to tack up the scroll, the health rule in actuality appears. In this manner, the eight health rules pass by—a doctor, nurse and patient represent the physical examination; an open window and clock, sleep; fruits and vegetables dance; the sports parade goes by; the milk maids dance around a six foot milk bottle; a huge tooth brush and soap represent cleanliness; and a tall, tall pitcher and glasses mean to drink lots of water.

A rooster crows to announce the coming of dawn and the elves scamper away. The third group of the PEX is the coronation of the May Queen and a Maypole dance and following the coronation will be the annual May Queen's ball honoring Queen Eleanor I and her court.
