

The Refvem Store *Stepping on It!*

WITH RECORD SMASHING BARGAINS

NEVER BEFORE
 There has never been a sale like this before because there has never been a store with the same reason for having a sale. Cost and loss mean nothing to the owners. Their one and only thought is to sell out all present stocks quickly and get in shape for reorganizing. It means hundreds of dollars in savings passed on to the buying public in this section and the smart buyers will get their share.

Prices Busted

NEVER AGAIN
 No store in the regular course of business could afford to meet our prices during this sale. If you doubt our word about our prices being cut and slashed, make us prove it. Bring your catalogues and other sales bills, ads, or whatever you have and compare those prices with the sale tags on this quality merchandise. Then decide if you can afford not to buy.
