

Cooperation—

A peaceful effort to save our democratic system. Democracy is suffering today mainly from economic maladjustments. In the democratic organization of our production and distribution, consumers' cooperatives should and will take an increasingly important place.

METHODIST CHURCH

Stearns Cushing, Jr., Pastor
The message for the Sunday morning service at the Methodist church will be on the subject of "Gratitude." In our shortsightedness, we sometimes fail to appreciate the many advantages and privileges that are ours.

In the evening service the second discussion sermon in the series on the 23rd Psalm will be given. Here is an opportunity of study and expression. All of our services are Christ-centered. We invite you to join our worship. Morning worship at 11:00 o'clock. Sunday school at 10:00. A class for every age. The Epworth League meets at 7:00 p.m. Rebecca Pierson will lead the lesson.
