PHEASANT SEASON EXTENDED TO OCTOBER 31 BY NEW RULING OF ATTORNEY GENERAL

Fifteen more days of pheasant hunting! These words were flashed about the streets Thursday following a statement from the state game commission of the extension of time. The new dates were received with various expressions. Some hunters fear a shortage of birds next year while others feel that there is still a great abundance of pheasants in the country.

The following is an order received at The Herald office from the state game commission: In view of the fact that the Attorney-General has ruled that Section 39-108, O. C. 1935 Supplement, under which the Game Commission has acted in setting the hunting seasons and bag limits is superseded by Chapter 250, Oregon

WALLA WALLA B SQUAD COMING FOR CONTEST FRIDAY

The Hermiston high school Bulldogs will attempt to break into the win column this week Friday when they tangle with the Walla Walla B team on the local gridiron.

The locals ran into more rough weather last Friday when they dropped a 13 to 0 encounter with Waitsburg on the local field. Coach Critchfield's men looked considerably better than in the two previous games but could not muster a scoring punch when opportunity knocked.

Waitsburg scored in the second and third quarters. Walker went over for the first score on a line buck. At the beginning of the second half Buroker ran the kickoff back for a touchdown and Estes converted.

Both teams resorted to mostly ground work and did not take to the air until the final quarter. The Hermiston line showed up to advantage and stopped many Waitsburg drives before the ball carriers could get started.
