A group of seven young people from the local Christian Endeavor drove to Pendleton Saturday to attend the Columbia Union Christian Endeavor convention. They were Lewis Geiss, president, Donald Ford, vice president, Elaine Fisher, secretary-treasurer and Marvin Walpole. They were accompanied by their advisor, Mrs. Currin and pastor, Rev. J. K. Walpole. This group received the honors for having the largest number to come the farthest distance.

Messenger accompanied by several young people went to Pendleton Sunday to attend the installation of officers. Mr. and Mrs. Elmer Messenger and daughter Lois drove to Pendleton Saturday where they attended to business.

This area is blanketed by heavy fog these mornings which makes driving quite difficult. Last season, elk season and farming season being over, every one can settle down with a true spirit of thankfulness to enjoy the fruits of his toil which he could not do if he lived in Europe.

The community Sunday school is still growing. There is now a roll of 132 with an average attendance of about 80. There are nine classes with nine good teachers. It was thought that the change in time of church services might affect the Sunday school but it has not yet. There is a class, a place and a welcome for every one.

OWNERS OF

John Deere GENERAL PURPOSE Tractors

The labor-saving hydraulic power lift on the John Deere General Purpose Tractor increases your daily cultivating capacity at least ten per cent over the ordinary hand-lifted cultivator. This power lift is quick and positive, and it provides a cushioned drop. A touch of the pedal raises the equipment—another touch lowers it. Use either foot—you always have one foot free to apply brake for short turn at row ends.

The John Deere power lift saves you time and labor; a John Deere two-cylinder tractor saves you money because it burns low-cost fuels and because upkeep cost is also low.

## JOHN DEERE TRACTOR FEATURES
