HERMISTON UNION CHURCH
Rev. C. Warner, Pastor
Next Sunday, December 10, is Universal Bible Sunday.

The world is rushing onward and neglecting its most important source of light—The Holy Bible.

If the people of the world would

come with open minds to the Bible today, they would see their problems in a new light. Why let your Bible remain a sealed book? Read it as you would any other book and you will find it to be the most interesting of all books.

The churches of this community meet each Sunday morning at 10:00 o'clock to study the Bible. Why not attend one of these churches and enjoy that study with the rest?

In keeping with the day our Sunday morning sermon will be "The Bible, The Foundation of Life," and for the Sunday evening worship service, "Is The Church Worth While?"
