A week and a half until Christmas and another week until a new year is heralded. Everyone is now busy preparing for the period commonly known as the holiday season. All those remembrances that are expected to make people happy must be purchased and sent the wide-world over (even, perhaps, to the war torn districts).

Business institutions of all kinds are beginning to worry about balancing their records on January 1, 1940, inventories and checking accounts. In spite of all the haste, worry and calculation there will have been much joy and pleasure during the few remaining weeks and the curtain will fall on 1939 with hope and pleasant anticipations for success and happiness for the coming year of 1940.

JANE WITHERS WITH CARRILLO FELLOW

Hi, Folks! That famous "Chicken Wagon Family" is rolling into town with Jane Withers and Leo Carrillo in the driver's seat!

Partners again, this time Jane and Carrillo are daughter and Daddy in a carefree family who hear the call of the open road, toss their cares into a red bandanna and travel around the country bartering any and everything for chickens—and selling the chickens when they hit the big city!

And if you know Jane and Carrillo, we needn't tell you that they run into plenty of trouble and excitement and fun en route!

Jane's Mama, Spring Byington (the famous Jones Family mother) and Jane's big sister, Marjorie Weaver, yearn to settle down in a real home in the big city. But Papa Carrillo can't keep a dollar in his jeans and when they get to town the best they can do (with the aid of a handsome cop in the person of Kane Richmond who falls in love with Marjorie at first sight) is to settle down in a deserted fire house that is up for public sale.

"Chicken Wagon Family" is starting Sunday at the Oasis theatre.

"It takes 5 minutes to adjust the clutch, 15 minutes to reline it."

THE clutch on a John Deere General Purpose Tractor is in the belt pulley—and is instantly accessible. It can be adjusted in 5 minutes or less, simply by removing the cover plate and tightening three nuts. The entire job of relining can be done in 15 minutes, at a total cost of about three dollars. The John Deere clutch is the hand-operated, dry-plate type, and it picks up the load gradually and smoothly. You can operate the clutch when standing on the ground. This same accessibility and ease of adjustment on the John Deere Tractor apply to all its parts.
