PARK CAMP SITE PLANNED AT DAM

Plans have been announced for a public park, including tables, ovens, cabin for caretaker, etc., at the Cold Springs reservoir reserve. The site will be inside the recently built fence and will probably be ready for use next summer, although this is not definite. Mr. Weston of the U. S. Biological department of Boise, Idaho, was in Hermiston the past week and made arrangements for the project.

DR. W. MARTIN MARBUT

According to present plans there will be some cooperation from the S.C.S. camp at Stanfield, and also PWA funds might be available. The announcement comes as pleasant news to picnickers who were somewhat short of picnic grounds last summer.

Mr. Weston is moving his family from Boise and will probably live in Hermiston. More definite information is expected from Mr. Watson soon. He was taken to the dam site by Enos Martin of the irrigation office.

DISTRICT 2 HOOP PLAYOFF DATES SET

Dates for the district No. 2 basketball playoffs were agreed upon at a meeting of Hermiston, Pendleton and Milton-Freewater Monday night. Sub-district playoff for the east end will be held February 19 to 24, for the west end February 23, 24 and 26, and the district playoff (to be held in Umatilla county this year), March 1, 2 and 4.

The east end schedule: February 19 (Monday), Mac Hi at Hermiston; February 20 (Tuesday), Hermiston at Pendleton; February 21 (Wednesday), Pendleton at Mac Hi. If Hermiston is eliminated in the first round, Mac Hi will play at Pendleton February 23 (Friday) and if another game is necessary it will be played February 24 (Saturday), place to be determined by lot.

If no team is eliminated in the first round, play will begin over again with the teams meeting at the opposite place from that at which the first games were played. Two defeats eliminate a team.

Officials were not decided on at last night's meeting.

The Rohrman Motor Co. of Hermiston has added some new equipment to its body and fender department, according to A. F. Rohrman. Another tool recently installed is a pneumatic hammer for body and fender straightening. This hammer will strike 10,000 blows per minute or 166 per second.

Due to the fact that the P. T. A. Christmas program, which was to have been given Thursday (tonight), was postponed, a similar program is planned for Friday afternoon, commencing shortly after 1:00 o'clock. Students Suffer With Sniffles

(From The Bulldog)

With a sniff-sniff here, and a sniff-sniff there — everybody's got the sniffles—and 23 per cent of the student body was absent on Monday due to that dreaded scourge of colds.

This is the season of colds—from fall to spring. Science tells us that everyone has an average of from one to two colds every year. Colds take a huge toll of working hours, and of those important hours we devote to school work.

How can we best avoid them? By keeping in the pink of condition—not meaning red noses—and hoping that our name won't appear on the absent list in the future.

May the joys of a season noted for its happiness be multiplied for you this Christmas.

Dr. A. C. Willcutt

We'd like to wish each of you a very Merry Christmas in person—but since we can't, here's the next best way.
