

ARE YOU SURE YOU ARE GETTING YOUR MONEY'S WORTH?

Private business is conducted for the sole purpose of MAKING PROFITS FOR ITS OWNERS. Since profit is SURPLUS left over after the goods and the service rendered have been paid for, it is therefore an OVERCHARGE. Cooperative business is the only business that returns this profit to you, the only business where you are sure to get all your money's worth. Give your co-op. store all your trade. It can serve you better and save you more.

FLORENCE ANDREWS HAS BIRTHDAY

The eighth birthday anniversary of Florence Andrews was celebrated Saturday, March 2, at the home of her parents, Mr. and Mrs. Harry J. Andrews on lower Butter Creek when a number of her friends were invited from 2 to 5 in the afternoon. Various games both indoors and out were enjoyed, after which small gifts and dainty refreshments were served to all. Florence received

many lovely birthday gifts from her friends.

Those attending were Lois Dean, Marilyn Hughes, Geraldine Cox, Wanda Montgomery, Rayma Smith, Marilyn Miller, Shirley Simons, Maxine Hinkle, Marian Andrews, Lucy Holloman, Lucille and Darlene Wattenburger of Pine City, Katherine Emory of Pendleton and Florence Andrews.

Mrs. Andrews was assisted in the serving by Mrs. Harold Dean and Mrs. Preston Holloman.

GARDEN CLUB CHATS

By Mrs. T. A. O'Grady

While reading a bulletin published by the American Iris Society we gleaned some facts on iris culture. Climatic conditions and soil in this vicinity are ideal for growing iris. Last year we visited the Robert Wayman iris garden at Grandview. No one can imagine a more beautiful sight than ten acres of iris in full bloom, a veritable rainbow of color, and the air heavy with fragrance from the huge blossoms. The visit last year was made about the first of May and the iris were at the height of bloom at that time.

The editor of the bulletin sent out by the Iris Society states, "Those who wish to obtain maximum results from irises in their garden should attend to their plantings almost at the moment that the frost is out of the ground and the earth again becomes workable. That is the time to begin pulling old withered leaves from the bearded iris. It not only makes the clumps look more tidy but is good practice of plant sanitation. The removal of old dried leaves lessens the danger of infection to the young growth from leaf spot spores carried over the winter on the old foliage which may also harbor the eggs of the iris borer deposited by a moth the previous fall."

"After having removed and burned the withered leaves one can look for any possible evidences of rhizome rot. In the early spring this occurs most often at the base of the end fan leaves; the one from which the blooming stalk emerges later in the spring. This rot is easily recognized as a soft slimy decay. If any is found the infected rhizomes should be carefully cut and scraped down to hard healthy portions, and then the wound should be dusted with sulphur."

Members of the club are invited to attend a showing of moving pictures of the Rose Festival and also an interesting moving picture of the culture and uses of espallier trees, to be given in Umatilla March 13, at 2:00 p. m. in the old show house building. A silver tea will be served later at the Community hall.

The study group who are following the course of study for judging at amateur flower shows will meet at the home of Mrs. W. E. Logan on Friday, March 15, at 2:30 in the afternoon.

The next meeting of the club will be at the home of Mrs. Roy Hale at 1:30 in the afternoon on Friday, March 8, where the club will gather to listen to the State Garden club program which will be broadcast over station KUJ at 1:45. Silver tea will be served.

TOWNSEND CLUB NEWS

By MRS. JOE UDEY
 The local club is sponsoring a social evening after a short business meeting Friday night. Members are urged to bring friends and enjoy the evening. Several numbers of entertainment, besides games and a Dutch auction on articles donated by members, will be on the program. Mrs. Jim Beebe has charge of the program and Mrs. W. L. Dixon is in charge of refreshments.

Radio flashes this week—Townsend plan versus the Social Security act—The Social Security act will not take our elderly people from their jobs, so that they can give them to younger people, but the Townsend plan will and at the outset will replace them with some four million younger workers. Social Security will make no jobs. The Townsend plan will, and besides put money into circulation, to make jobs for all under the age of 60. The Social Security does not give merchants and factories any extra business. The Townsend plan will give cash to do both. Social Security will not rid us of relief and the poor farm, but the Townsend plan will.

Every one is invited to come to our meeting and hear more of these interesting reports and learn how his plan will work.

The Boardman Townsend club will sponsor a social and dance in the Grange club house Saturday the 9th, at which time a very nice bed spread will be auctioned off.

YOUNG PEOPLE TO INSTITUTE ATTEND

A number of Methodist young people will leave for Milton Friday to attend the mid-winter Epworth League institute. The institute is for three days and will feature classes, discussions and addresses. The program is under the direction of Rev. Stearns Cushing Jr. who is the dean.

Miss Myrthena Martin will teach a class in recreation.

George Sale Jr. is president of the Eastern Cascade District Epworth League which holds its annual business meeting at this time.

PLANS FOR P.E.X. ARE ANNOUNCED

(From The Bulldog)

Miss Lavina May Lynch has begun plans for the annual P.E.X. which has been set for Friday, May 3, this year. The program will probably include a boys' drill team; tumbling and pyramid teams; girls' group folk dancing; a sports parade in shadow, and a pageant representing the Mother Goose Rhymes.

As is the established custom, there will be the coronation of the May Queen and a dance honoring her Majesty and her court.

The P.E.X. has been made an annual spring event and has proved to be one of the most financially successful events of the school year. Proceeds from the exhibition go into the student body fund. Last year the show netted slightly over \$80, and it hoped that an equal amount will be realized again this year.

DEMONSTRATION FOR TRACTOR SET

Rohrman Motor Co., distributor for the Ford tractor, is planning a demonstration at the old Pat Sullivan place (Alstott) for Saturday, March 9. Visitors are instructed to leave the highway at O'Grady's Service Station, drive south and follow the signs. Hot coffee and doughnuts will be served at 3:00.

The new Ford tractor is equipped with the Ferguson system of hydraulic control.
