pneumonia, came home Wednesday of last week but is still confined to her bed.

Mrs. Mabel Weeks, Mrs. Otis Buell and Mrs. Zivney took the 7th and 8th grades of Columbia school children on a tour to Pendleton Monday. Mrs. Adam Blahm also accompanied them. They visited Collins Flour Mill, East Oregonian, Public Library, Hamley's leather factory and the Woolen mills. They ate picnic dinner in the Round Up park. All report a wonderful day.

The following clipping from a Salem paper will be of interest to local people. Miss Bessie Hammer is a daughter of Mr. and Mrs. Lester Hammer, and is a graduate of the local high school, receiving her nurses training at the Good Samaritan hospital in Portland. She is now employed at the State Tuberculosis hospital at Salem, Oregon—The Mirrorroom of the Hotel Marion was the scene of a large banquet last night when the Salem Nurses' association entertained at 7:30 o'clock with 138 guests seated at the long tables decorated with Dutch iris, yellow tulips and snapdragons. Guests included Governor and Mrs. Charles A. Sprague and out-of-town folk from Portland, Monmouth, Chemawa and Silverton. Miss Bessie Hammer presided and Miss Lois Nordean served as toastmistress. Dr. Frank Munk of Reed college spoke on "Europe on the Operating Table," tracing the background of World War II and recent happenings on the continent.

New, Rugged, Streamlined International DIESEL TRACTORS

Here's the new International TD-9—power to pull four to six 14-inch plows under average conditions, and operate other machines of comparable size.

FOUR Diesel crawler tractors are now available in the International line. Three new ones—the small TD-6, the TD-9, the TD-14—and the big, powerful TD-18 announced a year ago. In this complete series of DIESEL TracTractors, INTERNATIONAL offers a new standard of performance and economy—perfectly designed balanced power in capacities to meet every demand of crawler-tractor users.

Operator fatigue is engineered out of these TracTractors . . . great working capacity, long life, and low maintenance are engineered in. There's not an ounce of lazy horsepower in any of them! A higher percentage of their maximum drawbar horsepower can be kept continuously applied to get more work done per day at lower cost! Ask us for a demonstration of these powerful, versatile TracTractors.
