

FARM CO-OPERATIVE DIVISION

A MESSAGE TO EVERY MEMBER.

R.E.A. HIGHLIGHTS

BY R. L. WOOLLEY

During the past few weeks word has come to me that several members have failed to receive their monthly statements of amounts due the association. It would be a help to us if you would notify us of such situation. All of the statements were posted in the mails on schedule, but it is just possible that some of them have not been delivered.

We have here in the office the stub which was detached from your statement at the time it was sent out, and should you be in doubt as to the amount the office will gladly supply you that information.

It is very encouraging to note the increase in the use of electric ranges at various points on the lines, the latest to come to my attention is that of L. C. Bisenger in the Wheatland area, who expects to have his wiring for range and water heater ready by Saturday of this week.

The construction for the city of Boardman is progressing now in as much as we have been able to get some of the line hardware which was needed. Over a mile of wire was strung on Wednesday of this week.

Other short extensions which have been approved will be started as soon as Boardman lines are completed. There are about 10 miles more of line to be constructed during the next few months. This work, of course, is in addition to all other service work which it is necessary for your cooperative to carry on.

Response on the part of the members is very good. However, there are a few who have not responded well and will no doubt need further attention unless they give the association some of theirs.

ANNE SOMMERER TO ATTEND O. S. C.

Oregon State College—Anne Sommerer, Hermiston, graduate of Hermiston Union high school, who has been selected as winner of the Union Pacific 100 scholarship on the basis of outstanding work done in 1939, plans to use her scholarship here in September, 1940.

Anne is 20 years of age and has been 10 years in club work, carrying projects in clothing, cookery and canning. As a 4-H officer, she has been secretary, reporter and president.

Among numerous honors Anne was grand champion in the county style review three times and outstanding club girl in 1939.

Grace Benschel, Hermiston, graduate of Umatilla high school, who was named alternate in case Miss Sommerer for any reason is unable to accept the scholarship, would use it in September, 1940.

Grace is 17 years of age and has had six years of club work with projects in cookery, poultry, canning, home beautification, room improvement, rose and flower gardening, homemaking, farm accounting and rabbits.

Each year the Union Pacific railroad awards a college scholarship in agriculture or home economics to the outstanding boy or girl club member in each of the 18 Oregon counties served by this railroad. Seventeen have been awarded so far this year.

WESTLAND GRANGE TO MAKE VISIT

The Westland Grange meeting scheduled for Thursday, May 23, has been cancelled, and members are urged to accept an invitation of Tillicum Grange to visit that Grange on that evening. YGA members from the west end of the county will exemplify the first two degrees for a class of Tillicum candidates, and it is hoped that a good delegation of Grangers from here will be able to pay a fraternal visit. The special program that had been announced for the next Westland meeting will be held at one of the regular June meetings.

At the last Westland meeting the members of the YGA, assisted by other Grange members, exemplified the third and fourth degrees for two candidates, Don Alstott and Louis Pierson. Other candidates who were unable to be present will be obligated at some future date.

It was voted to discontinue the plan of having one meeting per month set aside as social, and in the future both meetings of the month will be regular business sessions.

Following the meeting, refreshments were served by a committee consisting of Mr. and Mrs. Frank Seeliger and Mrs. Guy Shaw. Following this members and visitors enjoyed a general round of story telling.

CANNING SCHEDULE

From May 20 to 25

8 to 11 a. m.	12 to 3.30 p. m.
Mon.—Asparagus	Asparagus
Tues.—Greens	Asparagus
Wed.—Asparagus	Asparagus
Thurs.—Greens	Asparagus
Fri.—Asparagus	Asparagus
Sat.—Asparagus	Asparagus

Other products by special arrangement.
Hermiston Co-op Cannery

INCREASE SHOWN IN AAA SIGN-UP FOR COMING YEAR

Noticeable increase in participation in the 1940 AAA farm program is indicated by a sign-up just completed throughout Oregon counties, according to the state agricultural conservation office in Corvallis.

N. C. Donaldson, state executive, said that 35,800 farmers signed "farm plan sheets" showing how they are adapting the program to this year's farming operations. These farmers operate a total of 47,400 tracts of land. This compares with 41,000 tracts in the program last year.

Announcement was also made that national, state and county wheat allotments for 1941 will be given out this month. Farmer committees in each county will be in charge of determining individual allotments.

Lewis Dexter Initiated

Oregon State College—Lewis Dexter of Umatilla, junior in education, was one of the thirty-seven new members recently initiated into Kappa Delta Pi, national honor society in education for men and women. Kappa Delta Pi chooses its members on a basis of scholarship with the purpose of contributing better teachers to the profession.

WHEAT 'SOLD' AS BEEF NETS GOOD PRICE IN TRIAL

Oregon wheat fed to Oregon steers at the Oregon experiment station at Corvallis, this past winter, was "sold" at the rate of \$1.50 a bushel, or more than \$50 a ton. When allowance was made for labor costs in feeding and for interest on investment, the steers still paid out at the rate of \$10 a ton for oats and vetch hay used, and \$20 a ton, or 90 cents a bushel, for the wheat.

Reports of the results of this feeding trial were made at the annual steer feeders' day at the experiment station. The 16 head of baby beefs fed throughout the winter were shown to the visitors. All the animals were sleek and fat and apparently in condition to top the market.

The wheat used in the feeding experiment was part of that supplied to the experiment station by the Agricultural Adjustment Administration for research purposes. It was obtained largely through the efforts of N. E. Dodd, western director of the AAA, and members of the Oregon congressional delegation.

"Results obtained in this feeding test here at the college were highly significant and indicate a possibility of a greatly increased industry in fattening Oregon livestock on Oregon wheat," says William A. Schoenfeld, dean and director of agriculture. "Other tests are being made at branch stations in various parts of the state with this wheat, results of which will soon be available."

B. W. Rodenwald, assistant professor in animal husbandry, who is in charge of the actual feeding work, reported that the steers used in the experiment were grade Herefords, bought on the Portland market last fall for \$7.25 a hundred. They were fed from five to six pounds of ground wheat per head per day, in addition to the hay. Analyses showed that this wheat contained 3 to 5 per cent more nutrients than the ordinary feeding grade of corn and barley.

The economic possibilities of such feeding were brought out by P. M. Brandt, head of the animal industries division, who said that Oregon produces a surplus of both feeder cattle and wheat, while Washington and California must import large quantities of beef.

High School Annual Released

The Purple and Gold, the annual yearbook for H. U. H. S., was distributed last week to those who subscribed. There were approximately 100 books printed and 25 remain to be paid for.

HERMISTON HOME EXTENSION UNIT CLOSES SEASON

The Hermiston Home Extension unit closed its year's work with its last meeting held recently. The unit will open a new year with a meeting in September. It is the desire of those who attended past meetings for more people to become interested and receive the benefits of the organization.

The unit is supported by the county, state and federal government, and puts forth much instructive material that is very useful. The work here is directed by the county home demonstration agent.

The following officers were elected to carry on the work for another year: Mrs. Bert Quick, chairman; Mrs. W. A. Mikesell, vice chairman; Mrs. O. F. Dawson, secretary-treasurer; and Mrs. W. C. Kik, librarian.

Thomas Onsdorff of Oregon State college gave a very good demonstration May 10 on proper frozen pack food. The meeting was held at the Legion hall. Mr. Onsdorff is well informed on the subject and brought samples to show the proper containers and the result of proper methods in packing. The following information was brought out:

When preparing to store frozen food be sure to watch the cost. The food may require too much room and that will make the cost exceed the market value of the food.

Tomatoes, pears, lettuce, watermelons, cucumbers and onions are nearly all the foods that do not freeze well. All vegetables must be fresh, blanched and packed dry. Leave corn on the cob while blanching. Fruit that tends to turn dark should be dipped in salt water and then in boiling water. Cool thoroughly after the blanching by using cold water.

It is best to use fresh fruit. Some kinds are better than others. The later strawberries are best. Hale peaches are better than Albertas. Prunes are very good.

Chicken, when properly packed, is good, but great care must be used to prevent the meat from drying out.

Pork must be chilled and frozen immediately, and not longer than 24 hours after being cooled. From four to six months is long enough to store pork in a locker.

Cans are best suited to pack food for freezing; cartons next, and glass containers the least desirable. In using glass the food has to thaw completely before using, which may be all right for vegetables, but fruit should still be a little icy when eaten. The flavor of fruit is not so good after completely thawing.

A wax pencil may be used to mark the cans.

FORD SPONSORS DRIVERS LEAGUE

Boys who want to join the Ford Good Drivers League and compete in the \$30,000 national contest can now obtain official membership blanks from Rohrman Motor Co., local Ford dealer, W. C. Patterson, Pacific Northwest branch manager of the Ford Motor Company, announced recently.

Enrollment in this nation-wide contest in the interest of safe driving is open, without cost, to any boy legally qualified to drive an automobile. The entrant must be not less than 14 years of age, nor more than 19 by the end of August.

The Ford Good Drivers League has been organized by Edsel Ford, president of the Ford Motor Company and is sponsored by outstanding teachers, educators, editors, insurance men and traffic authorities for the sole purpose of encouraging the youth of America to become better drivers to the end that they can live longer and reduce the present toll of traffic accidents.

Each state will have its own competition and substantial prizes will be awarded in this classification. The winners of the competition in each state will be taken by the Ford Motor Company to the New York World's Fair with all expenses paid for themselves and parent or sponsor. New York will be the scene of the finals of the nation-wide contest. Prizes total \$30,000, and consist of 48 University scholarships, 96 free trips to the World's Fair, and championship cups to state and national winners.

There is no restriction as to the make of car which a boy can drive in the authorized competition. The official entry blank and accompanying instruction material contain complete details of the contest.

STANFIELD NEWS

(Continued from page 1)

of Miss Rita Sturdivant. The S. A. A. elected for next year the following officers: president, Mrs. Ed Brown; vice president, Mrs. Jack Rueber; secretary, Miss Dorothy Thomsen and treasurer, Mrs. Gilbert Smith.

The high school student body elected Andy Brown for president, Marie Rhea for vice president, Rosemary Stevens for secretary, Grace Krause for treasurer, and Bob Potenski, athletic manager.

The music festival of Hermiston, Umatilla and Echo on May 10 at Stanfield high school with them as hosts, was much enjoyed.

Charles Hedrick accompanied Mr. and Mrs. Cloyd Cleghorn to Yuba City on May 10, and thence to Moffett Field where he will begin his second enlistment period.

Mrs. M. Refvem spent the week end and Mother's day with her son Robert in Corvallis and was the guest of Mr. and Mrs. Dell Wilson while there.

Zelma Sales left last Friday for Gresham to pick strawberries.

The faculty and members of the senior class, George McDermott, Cecil Brown, John Krause, Ralph Neill, Neva Hedrick, Alice Rueber, Virginia Gabriel and Jo Rhea were guests at a dessert luncheon at the home of Mr. and Mrs. Walter Isackson Wednesday night.

Word has been received here that Bill Comstock of Palmer, Alaska, has been brought to the Morningside hospital in Portland.

Mr. and Mrs. Marion Martin attended the funeral of Mrs. Bert Martin, -ed 57, in Walla Walla May 14.

Mrs. R. F. Evans and Mrs. George Attebury visited Mr. and Mrs. Eddie Attebury in Imbler last Sunday. Mrs. Attebury intended to help care for the new granddaughter, Jeananne, born May 6, in the La Grande hospital.

NOTICE OF LAND SALE
