

Let us of America pause on this Memorial Day to pray to the God of Nations that His mercy be extended upon earth, to the end that the terror of war and hate shall cease, and that peace and good will may again reign among men.

All honor to the valiant dead who have died for the cause of right and freedom and honor—may their lives, and the lives of those who are dying today, be not a vain sacrifice.

GARDEN CLUB CHATS

By Mrs. Thomas O'Grady
The regional convention of State Garden clubs of Oregon, Washington, California and Arizona will meet in Portland, June 3, 4 and 5. Mrs. B. A. Doyle has been elected to attend as a paid delegate of the Hermiston Garden club. The program includes a trip to Timberline Lodge and a salmon bake at St. Helens, Oregon. Tours of beautiful gardens in the vicinity of Portland, lectures and business meetings will help to make the three days busy and interesting.

Having just finished reading an article on morning glories and moonflowers, will quote a few facts gleaned from this article. "Moonflowers are just as beautiful in the evening as morning-glories are in the morning. They start to unfold their buds about four o'clock in the afternoon and the process is so rapid that it may be watched. Probably the reason that moon flowers are not grown more often is that the seed are very slow to germinate. The seeds are very hard and it is wise to cut off the small end with clippers or a sharp knife. Some people like to file the end, but care must be taken to not cut into the germ of the seed."

Seeds of the Heavenly Blue morning-glory can be sown now and they will flower in August. The plants seem to grow all the better for the late planting for they like the warm soil. The seeds of the Heavenly Blue are like the seed of the moonflower in that they are very hard too, and should be treated in the same manner. They will bloom until killed by frost and are said to be easier to handle than the Japanese morning-glories.

The pruning of early flowering shrubs should be done as soon as possible after the flowering season is over. Spring flowering shrubs begin to prepare for next season's display of bloom very soon after the blooming season of this year is done. If pruning is delayed too long the next year's bloom will suffer. It is the new wood that produces the best flowers each season and much is to be gained by a constant renewal.

The next meeting of the club will be June 13th, when the club will hear a report of the regional convention.

TOWNSEND CLUB NEWS

By MRS. JOE UDEY
A large crowd gathered at the Columbia school Tuesday night to hear Mr. Watterman, Dr. Townsend's personal representative, who directed a voca-film show and lecture on the Townsend plan. The film title was "Man Overboard," and was very educational.

A late flash from Washington, D. C.—We have 69 signers for our discharge petition.

The next meeting will be June 14 at the Legion hall, at which time more interesting flashes will be read for the public to hear.

A Townsend benefit dance will be held at the Columbia hall, June 1st. The proceeds will go into a convention delegate fund.

Have Coffee Waffles — and Coffee!

COFFEE in the cup and coffee in the waffles—there's a breakfast that will get 'em up in the morning! It's the modern version of an old-fashioned morning meal, so make your coffee always fresh (the correct strength is one heaping tablespoon to each cup) and serve it piping hot. Its fragrant aroma is the best alarm clock, and its favorite companion for winter breakfast is coffee waffles you can make two at a time with the modern double-baker, with this better batter:

Coffee Waffles
1 1/2 cups sifted flour
2 teaspoons phosphate baking powder

1/2 teaspoon salt
1 tablespoon sugar
2 egg yolks
1/2 cup double strength freshly-made coffee
1/2 cup irradiated evaporated milk
2 tablespoons melted butter
2 egg whites

Sift together flour, baking powder, salt and sugar. Beat egg yolks until light, add cooled coffee, evaporated milk, and butter. Pour the liquid mixture into the dry ingredients and stir only enough to blend thoroughly. Beat egg whites until stiff but not dry and fold into the batter. Bake according to directions given for your waffle iron. 6 waffles.
