An Invitation from the
NATIONAL FARM YOUTH FOUNDATION

Every young man in this vicinity who is living or working on a farm, and who is between 12 and 25 years of age, should get from us at once a copy of the book, *A New Career*. It tells the whole story of the opportunities offered by the Foundation: The education, training and experience offered without obligation of any sort. It tells about the special La Salle Extension University Course in Farm Engineering and Management, about the training classes, and the experience you will get in sales and demonstration work. It tells, too, about actual salaried jobs to be won, right in this general area. No young man who is ambitious to succeed should fail to get, and read this book. Then, right away, we are ready to take your application for membership. Come in now, because classes start very soon.

The NATIONAL FARM YOUTH FOUNDATION is sponsored by Ferguson-Sherman Mfg. Corp., with the co-operation of Henry Ford, Founder, and Edsel Ford, President, of the Ford Motor Co.
