CENTRAL CHURCH OF CHRIST

METHODIST CHURCH
Stearns Cushing, Pastor

With the summer season there comes a tendency to neglect one's spiritual well-being. It should be remembered that the soul needs nourishment every day throughout the year and especially the Sunday worship service which is the only means that many people use to further their spiritual growth. Our services are brief and to the point during these warmer days and you are invited to enjoy them in the comfort of your shirt sleeves. Don't hesitate to leave your coat at home. Our Sunday School has a class for you with a competent teacher. In the evening the Epworth League meets at the usual hour. You are cordially invited to worship with us.

TOWNSEND CLUB NEWS

By MRS. JOE UDEY
(Written on the train)

The Townsend benefit dance which is planned for the night of the 4th of July, will be a big success and promises fun for all that come.

At this time the Townsend delegate to the national convention, Mrs. Edna Udey, sends word that over 30 delegates are on the train as she writes from Weiser, Idaho, and every one is getting acquainted and having a lot of fun.

Mrs. Udey says, "To put it briefly, concisely and as clearly as possible, we would say the Townsend Recovery Plan restores the purchasing power of millions; puts people back to work; gives to those over 60 their just dues; gives youth its long looked for opportunity; will enable crippled industry to get on its feet and properly function again."

"The Townsend plan will restore hope and confidence to millions of harassed men and women. It will renew the faith of millions and the institutions of our country."

"To summarize the Townsend plan adequately, it will provide a dependable supply of purchasing power, per-

petuated by 2 per cent gross income tax on income \$250 a month and over, and yearly earnings over \$3000. It will be a universal tax, with special exemption privilege no longer minority. The Townsend plan gives a competence, not a dole to the aged; employment for the middle aged; safeguard for the rights of individualsities of each man and woman, and the basic answer to the riddle of distribution."

Flash from Washington, D. C.—Dr. Francis E. Townsend personally attended major national political convention in the effort to secure party leader cooperation to insure candidates' endorsement of our program, and place in platform. Convention news will be sent from St. Louis by Mrs. Udey and will be in next week's Herald.

There was a break in the "B" canal last week near the Walls farm. Believe it or not, Mr. and Mrs. Jasper Templeton have hollyhocks almost 12 feet high. Mr. and Mrs. Herbert Boylen were Sunday evening visitors at the B. Hutchison home. Mr. and Mrs. Ben Roundtree of Klaber, Wn., were over night visitors at the Elmer Dixon home one day last week.
