'SWISS FAMILY' BRINGS THRILLS

For unusual thrills and nerve-tingling suspense, few motion pictures can compare with "Swiss Family Robinson" which shows July 9 and 10 at the Oasis theatre.

This spectacular screen version of the world's foremost best seller which features Thomas Mitchell, Edna Best, Freddie Bartholomew, Terry Kilburn, Tim Holt and Baby Bobby Quillan starts out in a fashionable London home in 1813, then moves swiftly to suspenseful scenes aboard a ship on the high seas bound for Australia.

Some of the thrill-packed sequences include a terrific shipwreck during a terrifying storm; the exciting flight of the Robinson family from the sinking brig to the safety of an unknown tropical island, their spiningling adventures in the forbidding recesses of a mysterious tamarind forest; a fierce electrical storm on the island which shatters their half-completed escape-boat; the nearly fatal experience of one of the Robinson boys with a poisonous spider in a dank cave, and the accident to the baby of the family when it is snared in a wild animal trap.

Produced by Gene Towne and Graham Baker on a lavish scale, "Swiss Family Robinson" is said to retain all the color, drama and spirit of the original book which has thrilled readers the world over for more than a century.

QUESTION "Does 'RPM's' mileage stand up at high temperatures?"
ANSWER Only oils able to withstand extreme engine temperatures can give good mileage! That's

"RPM's" strongest point—the ability to take all the sizzling heat that high-speed engines whip up.
