MAN the GUNS

This nation has never called upon its citizens to "man the guns" but that call was heeded and answered. . . . Manning the guns today calls only for the courage to face the problems of the day under the banner of reconstruction and carry on with the resolve that this nation shall not perish. . . . Independence Day . . . our national birthday, is the time to resolve anew.

How Much Work Will It Do ON \$1.00 WORTH OF FUEL?

THAT'S THE TRUE TEST IN DETERMINING THE ECONOMY OF A TRACTOR

YOU are primarily interested, not in the work done per gallon, but in work done with each dollar's worth of fuel, and, when you measure fuel economy as it should be measured—in dollars and cents—you will find plenty of evidence that your fuel dollar goes farther when you burn low-cost fuel in a John Deere Tractor, designed as it is to burn that fuel successfully, efficiently, and safely.

The three charts, left, based on impartial tests, show you the relative amount of work you can do with a dollar's worth of fuel.

JOHN DEERE TRACTORS USING LOW-COST FUEL, 100%

Using the figures of fuel consumption of John Deere Tractors as determined in impartial tests mentioned above and averaging the cost of fuel over the entire United States, we find that the John Deere Tractor will do a certain amount of work on a dollar's worth of fuel. For the sake of comparison, this figure is set at 100%.

TRACTORS USING LOW-GRADE GASOLINE, 71.6%

Then using the fuel consumption figures of five different makes of tractors with low-grade gasoline and averaging the cost of low-grade gasoline for the United States, we find that with the same dollar these tractors will do only 71.6% as much work as the John Deere Tractor. Fuel costs are going up.

TRACTORS USING REGULAR GASOLINE, 66.8%

Now, using the fuel consumption figures of nine makes of tractors tested with regular gasoline, and averaging the cost of this fuel for the country as a whole, your \$1.00 worth of fuel does only 66.8% as much work as it does in a John Deere.

This gives you the convincing story of John Deere fuel economy. Come in and let's talk it over.
