### A BONA FIDE ADJUSTMENT SALE

When Fire gutted our warehouse and store room on July 3rd, we had just received thousands of dollars worth of new Fall Merchandise such as blankets, shoes, clothing dry goods and furnishings. This merchandise was still in the original cases and boxes, and in many cases was not damaged except for slight smoke and water stains.

But we've gone over the entire stock with a fine tooth comb. Any item or article in our store that bears the slightest taint of fire, smoke or water, has been cut in price to a mere fraction of its regular value. So, now, while quantities remain, you can buy merchandise to your heart's content at prices you've never even seen or heard of before.

Limited space allows us to quote a handful of the hundreds of bargains that await you. Read every word . . . come opening day and every day. New bargains and values offered daily until the entire fire sale stock is gone.
