

COOPERATION

Cooperation is a working system of society within which no substantial flaw has revealed itself during a century of practical experience. The Cooperative Movement, obeying its own inherent law of continuous and uninterrupted growth, has expanded from small retail storekeeping to nation-wide wholesale trading; from distribution to production and large-scale manufacture; from banking to insurance and from direct importation to overseas exchange. At no point has any one of its basic principles been discovered to be unsound.—T. W. Mercer in "Towards the Cooperative Commonwealth."

TOWNSEND CLUB NEWS

By Mrs. Joe Udey

All members are urged to be present at the regular club meeting Friday, August 23, at the Legion hall at 8:30, to discuss some very important issues.

The benefit dance at the Columbia hall Saturday night was well attended and the committee wants to thank every one that helped make this dance a success. The dance on the 31st of August has been well planned and the committee promises a very good time and protection to every one. The music will be furnished by a Pendleton orchestra.

A display of Townsend literature and other reading material of interest to the public is available in the

GARDEN CLUB CHATS

by Mrs. Vera Doyle

There isn't a place much nicer in town than the grounds between Rohrman's garage and Person's service station. These private concerns made this park for the traveling public and we know it is enjoyed by many. Even we who live here have self satisfaction when going to and from the stores.

This may probe more deeply into an old wound, but we do need a public park; open fire places to invite outdoor suppers, tables and benches not to mention the lawn for relaxation after a day's work in the hot weather. It need not be a large park but one adequate to prevent crowding. There are three we know of in Pendleton alone that do not exceed a full block. Why can't we have just one? This is a thought for the next few months, so when the proper time comes, work can begin. We do not intend that the swimming pool should be forgotten either.

The Garden Clubs in Umatilla county have been invited to Hermiston Wednesday, September 18, for their annual picnic. The groups will meet at the R. C. McReynolds residence. A good time is promised for every one.

The meeting today will be held at the F. B. Belt residence at 2:00 p.m. The library is undergoing repairs, and the librarian is handling the regular work in the basement. Bring programs and be ready to pro and con the questions.
