**SPECIALTY CROP INCOME DOUBLED IN LAST FOUR YEARS**

Oregon's cash farm income from specialty crops has practically doubled in four years, and now constitutes close to one-sixth of the annual cash farm income in Oregon, according to the fourth annual report on production and income statistics of specialty farm products compiled by the extension service of Oregon State college.

When the first report was issued, for the year 1936, the total of all specialty crops amounted to slightly more than \$11,000,000. A report just issued for 1939 shows an income of \$21,932,300.

Included under the head of specialty crops, many of which are not listed in the regular federal crop estimates, are the various forage seed crops, specialty field and drug crops such as hops, sugar beets, fiber flax, flax seed and peppermint; various berry and nut crops; specialty horticultural crops such as nursery stock, bulbs, flowers and holly; and specialty animal products, including turkeys, fur and game animals, and bee products.

Approximately three-fourths of the specialty products, or \$16,225,560, were produced in the Willamette valley district, increasing its output from \$7,250,000 since 1936. The five other districts in the state are fairly even, led by the southern Oregon district with \$1,487,740, followed in order by central Oregon with \$1,423,600, far eastern Oregon with \$1,118,100, the coast region with \$950,500, and the Columbia basin with \$726,800.

Forage and field crop seeds rank first among five major groups of specialty products, accounting for more than five million dollars of income in 1939, compared with slightly over three million in 1936, or an increase of approximately 20 per cent a year. Further substantial gains in 1940 will be shown in this group because of the greatly expanded pea and vetch acreage. Turkeys

are the most important single item, with a value in 1939 of \$3,970,000 compared with \$2,846,500 in 1936.

Data on these specialty crops have been gathered under the terms of a special legislative appropriation. Authors of the report are M. D. Thomas and L. R. Breithaupt of the extension service, and N. I. Nielson, federal statistician.

**GRANGE MEMBERS PICNICK SUNDAY**

Grangers of the west end of the county picnicked at Columbia park Sunday with a large attendance from the Columbia, Westland and Stanfield granges. A bountiful picnic lunch was served at noon.

Social conversation and athletic contests were enjoyed during the afternoon under the shade trees.

**EQUALIZATION NOTICE**

Notice is hereby given, that the board of directors of the Westland Irrigation District will meet as a board of equalization on Tuesday, October 1, 1940, at 8:00 o'clock P. M., at the office of the district in Hermiston, Oregon, for the purpose of reviewing and correcting the assessment roll of the district for the year 1941.

F. M. Caverhill,  
Secretary.

(Sept. 12-19-26)

**CENTRAL CHURCH OF CHRIST**

C. Warner, Pastor

We shall worship Sunday morning around the theme, "The Saviourhood of Christ," and Sunday evening, "Lead Me To Calvary." Cecil Warner Jr. will deliver the sermon Sunday morning and Allen Clarke will sing. Both are leaving for college on Monday. The choir will sing "Room In God's Love For You."

A duet by Betty Morehouse and Ben Gerking will be the special feature in the Sunday evening service.

**Civil Service Exam Listed**

Announcement is being made of an open competitive examination for crane operator (gasoline) to be employed with the U. S. Engineer Dept. at Large, on the Columbia river from The Dalles, Ore., to Pasco, Wn. Applications must be filed with the Secretary, Board of U. S. Civil Service Examiners, U. S. Engineer Service, Bonneville, by the close of business on September 16, 1940.

**NATIONAL ASSEMBLY PROGRAMS LISTED**

(From The Bulldog)

During the current school year, seven National Assemblies productions will be featured by the Student Council. Each one promises to be interesting and entertaining, as well as educational.

Miss Venita Rich McBurney and her marionettes will perform on the high school stage this year as one of the "don't miss" attractions. Her marionette show is one that can be enjoyed by all ages. One is never too old or too young to enjoy marionettes.

Miss McBurney is, as well, an impersonator of special ability as will be shown by her portrayals of our friends from other lands. She will also present clever pictures in chalk depicting marine and pastoral scenes. A very unusual and interesting life is that of Delbert K. Harter, world traveler and athlete. He will tell Hermiston High students of his exciting adventures in all the corners of the world. Mr. Harter, also a deep-sea diver and aviator, witnessed the coronation in London, mimic war in Berlin, traveled 2500 miles through Russia, attended weird religious rites in India, saw leper colonies, and was on a train that was bombed en route to Hong Kong. These are only a few of his thrilling experiences he will

relate when he appears here this year.

Muriel Goodspeed, winner of numerous national contests, is another of the stellar attractions offered by National Assemblies. She is an accomplished pianist, singer, and dancer, and has won many prizes in each as well as in beauty contests. At the age of twelve she taught a dancing class of 60 pupils. With her will be Paul King, Jr., brilliant pianist and accompanist.

Alva Brower, ventriloquist, and his three dummies, Jerry, Oscar and Lucy, will appear here in the gym. He will present a delightful program of fun and philosophy.

Assistant to Mr. Brown is Mr. F. Avis McDonald of Hollywood. He plays the vibra-harp and has broadcast many times with his instrument on radio programs.

Frank Preston Johnson will speak in the gym this year. A well-known publicist, newspaper man and scientist, he will talk about economic security, industrial peace and unemployment. A large platform display will prove in a definite manner his theories.

The Mississippian jubilee singers will give their interpretation of Negro spirituals, camp meeting shouts and the popular plantation melodies. This quartet of five singers is under the direction of Mr. Thomas Pruitt of Berkeley, California.

Dr. Luther S. H. Gable, well-known radium physicist from Chicago, will return here to present his analysis of the wonders of radium.

This well-known scientific speaker, with a fine sense of entertaining humor, actually carries millions of microbes in his car for daily exhibition by means of a powerful micro-production which makes an invisible living microbe appear like a monster dragon.

**1940 GRADUATES ATTEND COLLEGES**

(From The Bulldog)

The opening of the 1940-41 school term finds many of last year's seniors furthering their education in a school of higher learning while others of the class are working, or, as near as we could determine, doing nothing.

Kenneth Benschel, former student body president, will be enrolled at Oregon State, still uncertain about a course. Bob Jackson, valedictorian, takes up his studies at the University this fall, where he is preparing for a medical career. Allan Clarke is planning to attend Northwest Christian College, where he will study music. Kelly Tiller is Oregon State, learning the ropes in the fish and game management business. Harry Connor is found behind the controls of a plane, and Bill Corpe is preparing to meet a blitzkrieg any day now. Virginia Todd will study at Mount Angel, after a fine vacation in the east.

Last word from Dave Davis is that he will be at Lakeview with his father, though he is lured by the air service. Henry Sommerer looks to Oregon State, following a summer employed as a milk tester. Eleanor Sires is departed on a career as a secretary with her entrance into a Seattle business school. Audrey Null looks forward to college, as does Joyce McCulley, and Zeldia Curtis Marble has been employed as a secretary.

Bob Pierson is hard at work, as are others of the class of 1940. Alvin Gettmann will remain in town, he says. Glenn Warner will attend the U. of O. and N. C. C. in Eugene. Jack Meyer is attending aviation school and Frances Follett is PGing, as is Dale Elwood. Eldon Saylor will enroll at OSC. Many of the other members of the class are as yet undecided and others couldn't be reached.

**CHRISTIAN SCIENCE CHURCHES**

"MAN" was the subject of the Lesson - Sermon in all Churches of Christ, Scientist, on Sunday, September 8.

The Golden Text was, "The Spirit itself beareth witness with our spirit, that we are the children of God; and if children, then heirs; heirs of God, and joint-heirs with Christ" (Rom. 8:16-17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Thy hands have made me and fashioned me: give me understanding, that I may learn thy commandments" (Ps. 119:73).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In Science man is the offspring of Spirit. The beautiful, good, and pure constitute his ancestry. His origin is not, like that of mortals, in brute instinct, nor does he pass through material conditions prior to reaching intelligence. Spirit is his primitive and ultimate source of being; God is his Father, and Life is the law of his being" (p.63).
