

## COOPERATION means COOPERATION

Cooperatives succeed only by cooperation! Co-op members too often forget that the co-op of which they are members really belongs to them 100 per cent. In conversation they forget to use the word our, in speaking of OUR co-op. They often fail to see the obvious value of wholehearted support to their own business. Sometimes they even spend money elsewhere thereby robbing their own business of volume it should have.

Members! Your co-op must have your loyal support to succeed fully. Are you really being honest with yourself and your fellow members if you give less than 100 per cent cooperation?

Cooperation means cooperation—Nothing less!

4 or 5 canes to a plant.

Any time after the leaves fall, fruit trees can be pruned or better shaped.

## COLUMBIA HOME EC. CLUB ENTERTAINED

Mrs. M. E. Knickerbocker entertained the Columbia Grange Home Economics club Friday afternoon, October 11. Thirteen members were present. Mrs. Henry Ott will be hostess for the November club meeting. All members are urged to be present for the election of officers, and to bring suggestions for the good of the club.

Lloyd Goodrich, overseer, presided in the absence of P. H. Corman. A rising vote of thanks was voted to Mrs. Henry Ott, fair booth chairman, who with the assistance of Mr. Ott and other members of the committee completed a booth that the Columbia Grangers were proud to identify. A new plan for more social life among Grangers was arranged for to carry over a period of the next several winter months.

The committee number 1 to plan for a party for November includes Mrs. Emil Zivney, Mr. and Mrs. P. H. Corman, Henry Ott and Eugene Buzzard.

It was decided that the dozen half-pint Kerr jars should be awarded the Granger possessing greatest score in the question-answer game conducted regularly at the meetings.

Mrs. Ott, lecturer, presented an interesting "Columbus Day" and "School Day" program. The Y. G. A. group furnished the refreshments, prepared and served by Mrs. M. E. Knickerbocker and Mrs. Helen Fix.

## GRANGE TO HAVE BOOSTER NIGHT

Westland Grange will observe Booster night with an open meeting Thursday, October 24 at 8:30 p. m. in the Odd Fellows hall. A special and varied program is being arranged by the lecturer, Mrs. Margaret Seeliger, according to announcements made at the last regular meeting of the Grange. It was decided that each Grange family should be urged to bring their non-Grange friends to the meeting, and that each family would be responsible for providing sufficient apple pie for themselves and guests. However, ice cream and coffee will be provided for by the committee. The general public is also invited to attend this meeting. The program at the last meeting was short and interesting, and arranged by Mrs. J. D. Corliss.

Announcement was also made at the last Grange meeting of a YGA meeting to be held at Cold Springs Grange hall Friday, October 18, to which all YGA members are invited to attend. There will be a very brief business session, followed by entertainment, including dancing and refreshments.

## WEATHER IDEAL FOR HUNTERS

The opening of pheasant season Tuesday was accompanied by pleasant weather. Although the mornings were quite cool, the afternoons were warm and comfortable. These conditions, however, worked a hardship on duck hunters who await the coming of cold and stormy days and nights.

The report for the week, according to Charles Taylor, follows:

Date	Max.	Min.
October 10	78	64
October 11	75	55
October 12	72	42
October 13	70	46
October 14	69	46
October 15	73	38

## TOWNSEND CLUB NEWS

By Mrs. Joe Udey

The local club met last Friday at the Legion hall and transacted important business. An important bulletin was read from our state representative, Chas. W. Wetteman.

There has been some misunderstanding about the dates of our meetings. The club always meets the 2nd and 4th Fridays of each month and the Townsend benefit dances the 1st and 3rd Saturdays of each month.

Twenty of the local club members made the trip to Walla Walla the 10th to hear Dr. Townsend.

Fire Information Not Available

Announcement is being made by B. A. Doyle, Hermiston fire chief, that persons calling the Hermiston fire phone will not be given the location of a fire hereafter. The phone number is for firemen only who must call in for information. When others call it is impossible for firemen to receive their instructions. It is requested that residents cooperate in the matter.

## Boys Fail To Find Work

A story in last week's Herald stated that Bennie Evens, Jesse Moore and Harry Connor had gone to Seattle where they were going to work at the Boeing Aircraft corporation. However, the boys returned home the following day, stating that the company was laying off men and not hiring new ones.

## Junior Garden Club Meeting Sat.

The Hermiston Junior Garden club will meet Saturday afternoon in the basement of the Hermiston library. Members are urged to be present for this important meeting. The meeting will begin promptly at 2:15 with Jack Belt, presiding. For roll call each member must spell correctly the name of a late summer fall flower.

## ROBERTSON WINS MAGPIE CONTEST

(Continued from page 1)

project have expressed their appreciation of the contest. Turkey growers, in particular, feel the need of similar projects in order to protect young poults early in the season. Plans are already underway for a similar contest next year. Participants may begin now turning in their kills and savings receipts until next year. Those winning prizes this year are asked to see Walter Hamm, secretary, for their money.

The following is a list of the contestants and amount of money won:

- Dean Robertson, \$15;
- Raymond Hollomon, \$12.50;
- Bruce Follett, \$8;
- Loren Hughes, \$7.50;
- Clarence Jordan, \$7;
- David Hamm, \$5;
- Robert Benschel, \$4.50;
- Perry Bowman, \$4;
- Leon Reese, \$3;
- Keith Middleton, \$2.75;
- Erwin Null, \$2.50;
- John & Jim Allen, \$2.25;
- Tommy Todd, \$2;
- Vance Matott, \$1.75;
- Gene Roberts, \$1.50;
- Wayne Barber, \$1.25;
- Wilbur Hunt, John McMullen, Dell Parker, Frank McKenzie, Vernon Bowman, Donald Kennedy and Sam McCracken, all \$1;
- Mary Perry 80c;
- Edwin Hinkley, 70c;
- John Lewis, Jr., 70c;
- Alice Geer, 66c;
- John Dawson, 58c;
- Fred Gimble, 45c;
- Howard Henderson, 30c;
- Marvin McKenzie, 21c;
- David Dawson, 20c;
- Donald Harper, 17c;
- Melvin DeGarmo, 15c;
- Tom Stewart, 10c;
- Kenneth Hooker, 10c.

**GARDEN CLUB CHATS**  
by Mrs. Vera Doyle

Have you noticed what an improvement the new sidewalks and curbs are to the community? They not only improve the property they bound but give the city a modern appearance. We only wish that all streets could benefit by this project. We think it is one of the most outstanding improvements of any W.P.A. projects in this community.

May we at this time remind you that Christmas is only 74 days away. With this now in mind we wish all of you readers to be thinking of the Christmas lighting contest sponsored each year by the Hermiston Garden club. This contest is open to the people of the Hermiston project. Mrs. Grace Logan has been appointed Christmas lighting chairman for this 1940 holiday season. Details as to rules and types of competitive lighting will be furnished at a later date.

One job in Autumn is to save the leaves for protective coverings for plants against frost damage during the winter. Never mulch or fertilize between midsummer and Thanksgiving. Cultivation and watering should be discontinued after September. Windbreaks may be used at all times but at no time must the mulch, man-

ure and hay coverings be used until the ground is frozen. Coverings put on before the proper time will stimulate growth and an early fall frost will cause damage to the woody plants. It is the early fall frosts and late spring frosts that do the most damage. Coverings prevent the destructive effects of alternate freezing and thawing.

Now and until the ground is frozen you may plant bulbs of early spring flowers, such as tulips, daffodils, snowdrops and scillas. Reference to your bulb catalogs will name you many kinds to plant now.

Pull out all dead annuals and burn them to kill the eggs of insects and the spores of disease.

Cut away dead wood from shrubs and trees before the leaves fall. Spray for scale, using lime-sulphur, after trees and shrubs become dormant. Search for signs of leafminer or red spider and spray or dust with sulphur. Lime-sulphur will discolor paint.

There is no better time for preparing the soil than in the fall. By spring the frost action will have mellowed it and killed many insects and their eggs.

Fork up the raspberry and blackberry beds, and cut out all wood that bore the past summer except in the case of everbearing kinds. Pull up the new sprout growth, leaving only
