NATURALLY, Happy Thot Jersey Farm Milk Is Better!

It's the milk from pure bred Jerseys which have been bred for centuries to insure a better product.

Not only is our milk richer in butterfat but we believe that it has the lowest bacteria count in town.

We are quite proud to announce that our latest count from the State Department of Agriculture shows the following Standard Plate count of 200 bacteria per c.c. for our raw milk.

With a tolerance of 10,000 bacteria per c.c. for Grade A milk, we feel that with a count of only 200 that we really have something. Call us and order a trial quart today.

IF YOU WANT TO CUT DOWN OPERATING COSTS;
IF YOU WANT TO RECEIVE JOHN DEERE SERVICE, AND MAKE AVAILABLE TO YOURSELF LOW COST PARTS SERVICE,

THEN—

You should investigate these John Deere tractors, BEFORE you buy a tractor and not afterwards.

The fellow who owns a John Deere tractor has a satisfied feeling that he has one of the lowest cost operating tractors in the wheel tractor field.

He is not confronted with the fact, when he goes to buy extra equipment; that he can't get it or if it is available, it is costly.

Neither does he "kick himself" afterwards and say "Gosh, I wish I had investigated tractors a little more before I bought."

The John Deere tractor will plow, mow, cultivate, level, harrow or seed an acre of ground cheaper than any other wheel tractor on the market today.

Make us prove this statement with a demonstration. We'll let you or anyone else do the judging.

An Interesting Interview!

Hermiston Resident: "Mr. Brownson, I have heard a good deal during the past year concerning the financing of a new home through the F.H.A. Is this possible here?"

Mr. Brownson: "Indeed it is. You can buy your home exactly the way you are used to buying an automobile, or a major appliance —by convenient financing in easy-to-pay monthly amounts. Purchasing a home in this way, you need to lay out no more money each month than rental now costs you, yet ultimately you will own the home in which you live."

Resident: "That sure sounds interesting. What is the first step in receiving this loan?"

Mr. Brownson: "We suggest that you come to the Tum-A-Lum office where we have full particulars on various types of loans. We will do our utmost to explain fully everything to help you own your own home."
