TO OUR CUSTOMERS MANY THANKS

We appreciate very much your neighborly spirit of tolerance and cooperation during the unavoidable electric service interruption Tuesday afternoon, and greatly regret the trouble and inconvenience it caused you.

The ice conditions causing the trouble were unusual in their extent and severity, which is indicated by the fact that this was the first time in seventeen years that the two transmission lines feeding this area have been out of service at the same time.

Prompt action by the Pasco-Walla Walla, and Pendleton line crews resulted in these serious line troubles being cleared up and service restored as quickly as it was humanly possible.

Sincerely yours,

PACIFIC POWER & LIGHT COMPANY

John A. Clarke, Local Agent.
