PROGRESSIVE PARTY HELD BY GRANGE

Last Saturday evening, eighteen Grange members enjoyed a progressive game party at the Emil Zivney home, with Mr. and Mrs. Henry Ott, Mr. Buzzard and Mr. and Mrs. Corman assisting.

Miss Marjory Burnham won the ladies' high score, M. E. Knickerbocker high men's score, and Mr. Corman carrying away the consolation prize.

The committee in charge served pie a la mode, coffee and punch. A second in these series of regular monthly parties will be enjoyed in February. All Grange members are urged to cooperate at the business meetings and thus learn of social activities planned.

per class is a minimum requirement. The student must agree to attend fifteen hours per week for a minimum period of eight weeks.

The state supervision is in charge of the State Board of Vocational Education. If organized in this community local management would be in the hands of the Union High School Board, assisted by an advisory committee representing different local occupations. The time for the classes would be arranged later to meet the best interests of the class or classes. They may be either day or night classes.

The Hermiston Commercial Club at its last meeting unanimously approved the attempt to offer such courses. The general opinion seemed to be that the courses would be an experiment offering actual trade and vocation training to young people. The results would be valuable in de-

BULLDOGS WIN; BUCCANEERS LOSE

while Smith took the other three points for Hermiston in the first half. Hermiston still held the lead at the end of the third by four points, 13 to 17, with the aid of Wilcox who scored two goals.

scrappy Helix boys had tied it up at 17. In the three minute overtime, Helix scored two points, and the crowd thought the game was over, only to find Holloman dropping one in from mid court to tie it up again at 19. After another time out the struggle began again with the crowd on its feet and yelling, but Holloman got hold of the ball, threw a long one to Wilcox who dribbled in for the deciding points.

POWER SHORTAGE GIVES BLACKOUT IN HERMISTON

The city of Hermiston was without power for about three hours Tuesday afternoon but at that fared better than a majority of the cities in the northern part of Umatilla county. The power was cut off at 1:05 because three poles went down between Pasco and Umatilla. Before that could be repaired similar difficulty was experienced east of Weston where four poles went down. The heavy coating of ice in these districts is said to have reached six inches in diameter in some cases.

When the line went down between here and Pasco the "juice" was switched around the other way through Weston but this source was also rendered useless when the poles went down. P. P. & L. crews traced the trouble quickly but faced a heavy task of effecting repairs.

Hermiston received power from the local substation from 3:00 to 4 o'clock which proved a godsend to several local firms. The Umatilla Cooperative Creamery had a churn of butter half completed when the power was cut off. However, the local setup was sufficient to complete operations.

Merchants quickly lighted candles in the various business houses and business went on as usual. However, several cold lunches were reported last night. Happiness reigned again shortly after 5:00 when lights came on.
