Inland Cooperative HERMISTON, OREGON

CARD OF THANKS

We wish to express our grateful acknowledgement and sincere appreciation to our friends and the Odd-fellows lodge for the many beautiful floral offerings and the kind expressions of sympathy in our recent bereavement.

Mrs. Anna E. Carson
and Family.

Why?

About 80 per cent of the customers who have purchased "Vigorbilt" chicks continue to buy year after year. Why? Because "Vigorbilt" chicks give satisfaction; have vitality, under favorable brooding conditions and proper care, to live and produce sufficiently to make the owners a nice profit.

Many who have purchased "Vigorbilt" chicks have raised to maturity as many as 95 per cent of the number purchased.

Good strong healthy breeders, properly cared for, will produce chicks that are a pleasure, and profitable to the owner.

A chick that will live and produce well when mature is worth much more than a chick that dies soon in life or one that fails to mature properly.

Good chicks plus good care, equals good pullets and greater profits.

"Vigorbilt" chicks have proven their superiority in the hands of customers who have repeatedly purchased "Vigorbilt" chicks. Buy "Vigorbilt" for productivity and livability.

CARPENTRY SHOP TO OPEN HERE

R. G. Garrett, recently of LaGrande but formerly of Portland, has opened a carpentry shop in Hermiston and expects to make his home here in the future. Mrs. Garrett is manager of a hotel in Portland and will remain there for the present.

Mr. Garrett has leased the large H. E. Hanby barn for temporary quarters. He is now building a duplex near the Golda Mumma residence on Main street for R. E. Koon and Mr. Kohler who are with the survey contract of the ordnance depot. The men expect to occupy the houses.

The Valentine motif was used about the table with two birthday cakes. Covers were placed for Mildred and Louis Penney, Billy Able and a friend Walter, Mr. and Mrs. D. Z. Penney, the honored guests' parents, and the other grandmother, Mrs. L. L. Penney, all of Echo, and the host and hostess.

APPRECIATION

BENNION SPEAKS AT FARM MEETING

(Continued from Page One)

a higher mortality rate than birds housed on the floor. The final chart shown by Bennion showed a net saving in production cost of 19 cents per bird when laying hens are given a supplemental wet mash feeding once daily.

A U.S.D.A. two-reel film entitled "Breeding for Larger Egg Production" was shown as a prelude to Bennion's talk.

Henry Sommerer spoke on the advisability of the local Farm Bureau organization joining up with the

county, state and national organizations of the Farm Bureau. Recent developments in this community make it imperative that farmers through organization make themselves heard and their needs known, he stated. Improved farm income and greater benefits from Government Conservation payments were cited as probable results possible if farmers in this community would join the nation-wide Farm Bureau organization.

Wm. Kupers, president of the County Farm Bureau, and Ed Russell, representative of the State Farm Mutual Automobile Insurance company, also spoke briefly on the benefits to be derived from membership in the national organization.

At the close of the business meeting a very humorous initiation of the new officers was conducted by the president of the F. B. Auxiliary, Mrs. H. J. Ott. The officials were lined up and some stiff questions put to them which they had to answer, or else pay the consequences, which in itself, created much merriment.

Each official and contestant was presented with a gift. President A. H. Cable was given the key to success in 1941; vice president Christley, a second fiddle; secretary treasurer Zivney, a huge pencil; C. M. Jackson, chairman of finance, a bag of money; John Jendrzewski, rodent control leader, a mouse trap and toy pistol; and recreation leader, Henry Wilson, a whistle, ball, and a volume on keeping fit through exercise.

ORANGES, GRAPEFRUIT, LEMONS — NOW SOLD BY WEIGHT!
 Because no two oranges, lemons, or grapefruit are exactly alike, we believe selling them by the pound is the only fair way. This is a revolutionary idea but it is a sound idea. You pay for exactly what you get (and no more) when you buy by the pound. See how this plan works to your advantage this week at Safeway.
