**DRIVERS' LICENSES AT \$1.50 DUE JULY 1**

When Oregon's 490,000 drivers renew their drivers' licenses for the 1941-1943 license period, they will pay \$1.50 for their new license instead of one dollar, as in the past. Current licenses expire June 30 and new permits will be required on the first of July.

Under the act passed by this year's legislative session, a fund to be known as the "motor vehicle accident fund" is established in this state. Along with the one dollar fee for each driver's license, the secretary of state is required by the new law to collect an additional fifty cents which goes into this fund. The fund will be used to pay hospitalization expenses for "indigents injured in automobile accidents."

There has been no change in the examination requirements for driver's licenses this year, according to word from the secretary of state's office. Drivers holding current licenses may renew without submitting to any examination this year. Those who were not licensed during the current period, 1939 to 1941, will be required to take the law examination, the eye test and the drive test. Persons over 70 years of age, regardless of whether they hold current licenses or not, also must take these tests.

Application forms for renewals will be available about May 1 and will be distributed through various

**PAINT STORE RECEIVES HUGE DECORATING GUIDE**

Rita Hayworth, co-starring with Jimmy Cagney in Warner Bros. "Strawberry Blonde," inspects a new home decorating portfolio, "World's Largest Color Guide," copies of which are now lent to local residents at no cost.

A new two square-foot portfolio of color-photos, showing hundreds of rooms styled by leading American decorators and color-experts, is now on display at a local paint store, and will be lent to residents who are planning to redecorate. In addition to more than a hundred photos of room color-schemes, the portfolio also shows scores of home exteriors demonstrating how a house can be smartly re-styled with modern paint colors.

Shown in the photo above in the lap of Rita Hayworth, co-star of Warner Bros., "Strawberry

Blonde", the Style Guide, as it is called, consists of huge color photos which were taken in some of America's finest homes. They show how American decorators now are using modern paint colors to achieve smart, new effects and backgrounds for both modern and classic-style furnishings. They also show how certain colors can make a room seem larger or smaller, lower or higher, warmer or cooler, cozier or more formal.

The decorating guide was compiled by the color experts of the Sherwin-Williams Decorative Studios.

Miss Lewis On Honor Roll  
Eastern Oregon College of Education—The scholastic record of students at the Eastern Oregon College of Education was slightly higher dur-

ing the winter term than for the preceding term, with 71 students, 47 women and 24 men, making the honor roll. To earn a place on the honor roll a student must make a minimum average grade of B and carry at least 12 hours of work. Frances Lewis of Hermiston, made the scholastic honor roll at the college for the winter term. Miss Lewis is a member of the sophomore teacher training class.

**A REPORT to America**

The Ford Motor Company's business has always been to serve the needs of the American people. In providing them with low-cost transportation for the past 38 years, we have developed one of the country's largest and most useful industrial units. During a national emergency, we feel that these facilities should be devoted without reserve to our country's needs. Toward that end we started rolling months ago, with these results:

- 1 A \$21,000,000 Ford airplane engine factory, started only 6 months ago, is nearly completed. Production will start with an initial order for 4,236 eighteen cylinder, air-cooled, double-row, radial engines.
- 2 We are building a new \$800,000 Ford magnesium alloy foundry, one of the few in the country. It is already producing lightweight airplane engine castings.
- 3 Army reconnaissance cars — military vehicles of an entirely new type — are rolling off special Ford assembly lines at the rate of more than 600 a month. We have produced Army staff cars and bomber service trucks.
- 4 The government has given the "go-ahead" and work is now under way for the fast construction of an \$11,000,000 Ford plant to produce bomber airframe assemblies by mass production methods.

5 Several months ago work was started, on our own initiative, on an entirely new 1500 horsepower airplane engine especially designed for mass production. This engine is now in the test stage and plans are being developed for producing it in large quantities when and if needed.

6 A Ford aircraft apprentice school has been established, to train 2000 students at a time.

That is a report of progress to date.

The experience and facilities of this company can be used to do much of the job which America now needs to get done in a hurry.

Our way of working, which avoids all possible red tape, enables us to get results and get them fast. This benefits users of our products and workers who produce them.

We are ready to make anything we know how to make, to make it to the limit of our capacity if need be, to make it as fast as we can go, and to start the next job whenever our country asks us to. And to this end, we know we have the full confidence and loyal support of the workmen throughout our plants.

**Golden Shell Motor Oil Does 4 Jobs at Once**

"DO I STEP? Do I get around? You said a crankcase-full! Fact is, I do 4 jobs at once — the second your motor gets going! Four jobs at once! If your engine had windows you'd see me . . .

1. "COOL every tight-fitting part. Too much heat upsets 'em — makes 'em wear too fast.
2. "CLEAN out grit and carbon. I carry this rubbish down to the bottom of the crankcase.
3. "SEAL in power. I don't let it leak out around your pistons. That's tossin' money away!
4. "OIL all moving surfaces. Prevent friction — that's the way to keep an engine happy, and I do it!

"Today's precision-built engines keep me hopping — you bet! But with the balance I get from Shell engineers, it's easy as pie!"
