TOWNSEND CLUB NEWS
By Mrs. Joe Udey

The last meeting of the club was well attended and several important business issues were settled. The election of delegates to attend the district convention was one important issue, those elected being Mrs. Joyce Guiwitz, Ted Hatfield, Mrs. Edna Udey and Wm. Kik.

The dance committee reports that the dance they will have at Stanfield May 3 in Refvem's hall will have to pay a federal tax, and the club voted to add the tax to the price of the ticket.

Several letters were read from Oregon Congressmen. A copy of Congressman Mott's letter follows:

Dear Mrs. Guiwitz:
Thank you very much for your recent letter expressing your appreciation of my support of the Townsend legislation in the past, and urging that this support be continued. You may be assured that my efforts in behalf of this bill will continue and I shall not be satisfied until it ultimately becomes a law. I believe the bill has more support at the present time than it did at the last session, and we are going to make a determined effort to secure a vote on it.

Recently the steering committee in charge of this bill appointed a sub-committee to re-draft it. I am a member of that sub-committee and we are now at work getting out a new draft of the bill which we are asking the Ways and Means committee to consider.

With kindest regards and best wishes and hoping you will continue to let me hear from you from time to time, I am, very cordially yours,
James W. Mott.

The next meeting of the club will be May 9 in Columbia hall. This will be a social meeting. There will be a program and refreshments, and only important business will be handled. All members are asked to bring friends. Everyone is welcome.

METHODIST CHURCH

Rev. Stearns Cushing, Pastor
"Necessities of the Spirit" will be the theme around which the morning worship service will center. Are there certain conditions as necessary to the life and growth of the spirit as other conditions are essential to the development of the physical body? There are. Come and join this search for understanding them.

Church school meets every Sunday at 10 a. m. with classes for each age group. Inspiration and knowledge for your well-being.

The Epworth League will be led by Molly Ann Ripley at the 7 o'clock meeting of the young people.

HERMISTON BAPTIST CHURCH
Groyden D. Loree, Pastor
Sunday, May 4, marks the beginning of our church year. We feel that our church has made much progress in the past year, but yesterday will not suffice for tomorrow. We must go on. Our subject for Sunday morning is "Let Us Possess the Land".

Pattie Emert will lead the young people's group at 7 o'clock. At 8 o'clock the pastor will speak on the subject "Four Dimension Friends". A cordial welcome awaits you.

CENTRAL CHURCH OF CHRIST

C. Warner, Pastor
The sermon for the Sunday morning worship service will be, "The Question of Bread." The Sunday evening sermon will be delivered by three young men of the church, Harold Neill, Emsley Rogers and Leo Haddox, the delegates to the State Christian Endeavor convention held the past week in Klamath Falls. They will use as their theme, "Trust and Do."

Group No. 3 of the Women's Council will meet on Wednesday of next week.

ECONOMY ON YOUR FARM

The Superior Performance of John Deere Tractors at the Economy Matches at Cherokee, Iowa, is Typical of the Every-Day Economy of John Deere Two-Cylinder Tractors on the Farm.

THE rock-bottom fuel economy of John Deere Tractors, demonstrated again and again in various tests throughout the country . . . proved by the experience of thousands of farmers . . . is again verified by the results of the tractor economy matches held at Cherokee, Iowa, early in September.

John Deere Tractors, burning the low-cost fuels, romped home with first, second, third, fourth, and fifth places in the rubber-tired events, and with first and second places in the steel-wheeled contests.

Here are the results:

RUBBER-TIRED TRACTOR CLASS

Place	Make of Tractor	Contestant	Fuel Cost per Gallon	Fuel Cost per Acre
1st	John Deere "H"	John Patterson	8.2¢	9.36¢
2nd	John Deere "H"	Lyle Mason	7.5¢	9.55¢
3rd	John Deere "A"	Laurence Kohas	8.2¢	10.7¢
4th	John Deere "H"	Laurence Gummow	8.2¢	10.8¢
5th	John Deere "H"	Gernis Boothby	8.2¢	12.1¢

The fuel cost of the next nearest entry was 20.7 cents per acre—71 per cent higher. Some entries ran more than twice as high as the John Deere.

STEEL-WHEELED TRACTOR CLASS

Place	Make of Tractor	Contestant	Fuel Cost per Gallon	Fuel Cost per Acre
1st	John Deere "A"	Harvey Fick	8¢	12¢
2nd	John Deere "B"	Marvin Mann	8¢	13¢

Fuel economy like this is a conclusive demonstration of the real money to be saved by using low-cost fuels in John Deere two-cylinder Tractors. And the reason for this economy is exclusive John Deere two-cylinder engine design . . . after seventeen

years still the most practical development in farm tractors.

You want this same economy on your own farm. Enjoy it this year and for many years to come with a John Deere Two-Cylinder Tractor. See us today.
