Symbols of American Defense

Tractors and tanks symbolize modern American defense. Farmers operating the machinery at top are carving out terraces which defend their soil from erosion. Soldiers operating the U. S. army tank in lower picture are practicing maneuvers which strengthen the nation's armed defense. American farmers, carrying on soil protection work under the AAA Farm Program, last year built more than 67,000 miles of terraces, enough to reach more than two and a half times around the world.
