## MILK & CREAM PRICE CHANGE Effective July 15, 1941

Owing to the constantly rising cost of feed, taxes, cows, dairy equipment and labor cost required in the production of market milk and also to the fact that the consumers of Hermiston are used to a milk with a high butterfat content, we, the undersigned dairymen of Hermiston, find that we must raise the price of milk in order to produce and distribute the high quality of milk that our customers are in the habit of receiving.

Milk prices in other parts of the state have been raised so we feel that we are justly entitled to this raise too.

Clarence Reid has bought 45 acres in Columbia district and moved to the place from Monument. The former owner was J. B. Davis and the place is known as the Clark ranch.

Mr. and Mrs. Otto C. Pierce left Thursday for Prineville and Portland where they will visit relatives. Mr. Pierce will attend to business matters in Portland.

Mr. and Mrs. S. H. Kendall of Vancouver arrived Tuesday to spend the remainder of the week with his sister and family, Mr. and Mrs. Alton Kingsbury.

Mr. and Mrs. Alfred Reed of Umatilla announce the arrival of a baby girl born July 2 at the Hermiston General hospital. The little miss weighed 7 lbs. and 6 ounces.

Mrs. Homer T. Miller and son, Donald, arrived Saturday morning by train from Alameda, California. She joined her husband here who has rented Mrs. N. W. Bloom's house for the summer months.

Mr. and Mrs. Walt Latham of Umatilla and Mr. and Mrs. Al Goddard of Bremerton, Wash., were Fourth of July guests at the George Harkenrider home. The group enjoyed dinner on the Harold Rankin lawn that afternoon.

Mrs. Gordon Smith and daughter Rahma have spent the past two weeks visiting relatives and friends in Portland. Mr. Smith went to Portland Sunday to get his family.

Mrs. P. H. Arrowsmith and two small sons of Seattle, Wash., are visiting at the home of her father, Mr. and Mrs. B. I. Whitney. They accompanied Mr. and Mrs. Whitney home from Pasco, Washington, Saturday where the latter had gone to visit.

Miss Frances Dawson is spending several weeks visiting at the home of her parents, Mr. and Mrs. O. F. Dawson, while on vacation from the Emmanuel Hospital in Portland where she is taking nurse's training.

M. L. Watson, who spent part of last week on a trip to Boise, Idaho, brought back some "sand bombs" which he says are not explosive. He picked them out of an old crater about 15 miles out of Nampa. They resemble very much a real bomb and are of reddish color. Some have a center of lava and other of a clay interior. Several are on display at the school office.

Robert Willcutt, nine-year-old son of Dr. and Mrs. A. C. Willcutt, left by plane from Portland Monday bound for Sacramento where he will visit an aunt, Mrs. Oakie Fredrickson, until school starts. The trip is being made by United Airliner.

Mrs. F. B. Swayze accompanied her sister and husband, Mr. and Mrs. Ralph Courtright of San Diego, California, on a trip to Portland and Timberline Lodge last Tuesday, returning home Thursday. The Courtright's, who have been visiting here, left Friday for Victoria, Canada.

## "Just as good as SWP"

... is usually the argument advanced for house paints offered for less money. We always take it as the highest compliment for SWP—Sherwin-Williams Paint, prepared, which year after year maintains its position of leadership through highest quality, honest measure and greater paint value.

Here's what George B. Heckel, eminent paint authority, said recently in "Drugs, Oils and Paints" about formula labeling:

"The mere formula on the can of course guarantees nothing as to the quality of the product. There is much more in a can of good paint than the mere physical formula. Of two products, identical in composition, one may be super-excellent and other 'rotten.' The formulator and the manipulator may be merely 'dumb bunnies' and if so, their shortcomings will manifest themselves in service.

"So, today, while the formula on the can may roughly but incompletely disclose the original physical content, it cannot even estimate the quality or functions of those contents any more than one can evaluate the quality of a brain by analyzing it.

"The physical formula may and will be set forth in detail, but the technical knowledge and skill or lack of these, that also went into the formula cannot be shown on the label. Identical physical formulas may yield contradictory results in service."
