CAUTION URGED IN NATIONAL FORESTS

Effective July 1 the following acts are prohibited on the Umatilla National Forest.

1. Building a camp fire upon any forest land without first obtaining a permit from a forest officer, except in a safe stove or at a designated forest camp where campfire permits are not required as shown by posted notices.
2. Smoking while traveling in tim-

GOT ANY RUNTS?

SEPARATE them from the rest and try DR. HESS HOG SPECIAL. No, Hog Special is not a cure-all—but its tonic properties are especially helpful to pigs that are not doing just right. Hog Special stimulates body functions. Hog Special also contains minerals which are apt to be lacking in the feed. Put Hog Special to work in your feed lot. Satisfactory results are guaranteed.

CHISHOLM GRAIN & FEED CO.
Hermiston, Oregon

ber, brush, or grass areas, except on paved or surfaced highways.

3. Going or being upon any national forest land, except at designated and posted forest camps, with automobiles, other vehicles, or pack horses, with the intention of camping thereon, without being equipped, for each vehicle or pack train, with the following fire-fighting tools:

- (a) One axe not less than 26 inches in length overall, with head weighing two pounds or over.
- (b) One shovel not less than 36 inches long over-all, with blade not less than 8 inches wide.
- (c) One water container, capacity one gallon or more.

INFORMATION GIVEN TO WHEAT GROWERS

The following is submitted for the information of Umatilla County wheat producers by A. R. Coppock, chairman of the Umatilla County Agricultural Conservation Committee.

Under the regulations governing the 1941 Wheat Marketing Quota Program any wheat grower may sell without penalty, the wheat grown on 15 acres or less.

It is, however, necessary to secure a wheat marketing card from the office of the County Agricultural Conservation Association. This applies to wheat sold to a grain buyer or any other person who might buy it for livestock or poultry feed.

Either the seller or the buyer are liable for the penalty on wheat sold which is in excess of the farm marketing quota.

MANUFACTURE MORE DAIRY PRODUCTS

A new peak in butter and cheese production was reached in Oregon in 1940, according to the Oregon dairy products report just issued by the state department of agriculture in cooperation with the agriculture marketing service of the USDA. Creamery butter output reached 32,130,270 pounds, an increase of 1,093,270 pounds over 1939. American or cheddar cheese manufactured in Oregon last year totaled more than 21 million pounds, or more than one million pounds over the previous year.

Production of other varieties of cheese totaled 341,254 pounds, not including 1,712,795 pounds of cot-

tage, pot or bakers' cheese.

The output of condensed products made great strides, with 39,159,521 pounds of the various classes of condensed and evaporated milks manufactured, against 33,525,000 pounds in 1939.

Dried or powdered milk products also made substantial gains, soaring to 19,269,320 pounds. The previous year the output of such products was 14,710 pounds.

Ice cream production last year included 2,022,000 gallons made at plants and 1,113,000 (estimated) gallons made by counter freezers. This represented a combined increase of 309,000 gallons over 1939. Sherbet production on the other hand, was greater the previous year, with 60,000 gallons made in 1940 and 74,000 gallons in 1939.

1942 RANGE PLAN EXPECTED TO AID SMALL OPERATORS

Proposed changes in the 1942 range conservation program recommended by delegates at the recent national AAA range tour in Idaho are expected to have considerable application in Oregon, the state office at Corvallis reports.

Among the more important changes suggested by the delegates is revision of the present deferred grazing practice to include limited and rotational grazing under detailed plans to be approved by the county AAA committees. This change is expected to be particularly valuable in western Oregon, where improvement of hill land pastures and cut-over forest areas is highly important.

If the new proposals are approved and included in the national docket, they will permit wider participation by Western Oregon livestock operators in the range program, state officials believe. Under the proposed revisions, smaller operators who do not find it practical to defer grazing completely could use limited and rotational grazing to improve their ranges and thus become eligible to earn payments for supplemental practices such as fencing.

Other recommendations were made, including some aimed specifically at giving assistance to smaller ranchers. The delegates advocated broadening the practice for eradication of undesirable plants, to make possible better local adaptation.

The conference pledged itself to "marshal the range agricultural resources of the country to best meet the needs of defense." As in the national AAA conference, ranchers were advised against speculative expansion and measures were advocated to avoid inflation. Maintenance of a balance between livestock and industrial prices was also urged.

Oregon's delegates to the five-day conference included Blaine Devers, state AAA range assistant; Lewis A. McClintock, Umatilla county rancher, and D. E. Richards, superintendent of the eastern Oregon branch experiment station at Union.

WESTLAND DANCE SATURDAY

Another of a series of dances will be held in the Westland District Saturday evening. The Bert Michel orchestra will furnish the music. Good sized crowds have been coming out for the dances.

TWO CATHOLIC MASSES

According to Father Alban Cullen, there will be masses at 7:00 and 9:00 every Sunday morning at the Hermiston Catholic church. Additional residents in Hermiston have made it necessary to hold two masses. Newcomers in the territory are cordially invited to attend.

WEDDING PLANS ANNOUNCED

Miss Virginia Dyer, daughter of Mr. and Mrs. Waldo Dyer of Hermiston, and Charles A. Huffman, son of Mrs. Charles Huffman, Hermiston, will be united in marriage Friday evening at 8:00 o'clock in the Hermiston Baptist church. Rev. Grayden Loree will officiate. A simple ceremony is being planned with only members of the immediate families present. The couple will reside in Hermiston.

ANGLERS URGED TO COOPERATE

Another appeal to anglers to utilize catch report cards and send in data on every fishing trip is being made by the Oregon State Game Commission.

Charles A. Lockwood, assistant supervisor in charge of lake and stream survey and fish liberation, reports that 1941 returns of report cards is far in excess of last year, but even so, many fishermen are not using the cards.

Mr. Lockwood explains that the material sent in on the cards by fishermen is of inestimable value in connection with the survey reports of four crews now in the field. The cards may be obtained in any sporting goods store or from the Game Commission's office in Portland, require no signature and are postpaid.

NOTICE OF LAND SALE

NOTICE IS HEREBY GIVEN, That the undersigned, Sheriff of Umatilla County, Oregon, by virtue of an order duly made and entered herein by the County Court of Umatilla County, Oregon, on the 9th day of July, 1941, will, on the 12th day of August, 1941, at the hour of 10 o'clock in the forenoon, sell to the highest bidder for cash, at the front door of the Umatilla County Court House, Pendleton, Oregon, subject to a minimum price of \$25.00 therefore, to be paid in cash, at the time of sale: the following described parcel of land, heretofore by Umatilla County, Oregon, acquired for delinquent taxes, to wit:

Lot 6, Block A, 1st Addition to the City of Hermiston, Umatilla County, Oregon.

R. E. GOAD, Sheriff of Umatilla County, Oregon. (July 10-Aug. 7)
