MRS. MC FARLAND RECEIVES LETTER FROM BONNEVILLE

The following letter was received by Mrs. Minnie McFarland of Boardman, and is reprinted in full by The Herald, for its news value. The letter follows:

My dear Mrs. McFarland:

With further reference to our conversation at Newport regarding the situation at Umatilla, you may have seen by the newspapers that the prospects of constructing the Umatilla Project appear more favorable. In consequence of this approaching development and our desire to serve your area at the earliest possible moment, we feel justified in asking for a specific appropriation to build a line from Pasco to Umatilla.

We expect to appear before the Budget Bureau within the next week and ask for an immediate appropriation for this purpose. This means that if we are successful in solving the Umatilla problem in this way, we will be in a position to serve your area early in 1942. It seems to me that this is the most logical way to solve the situation which you mention, and with Bonneville power in your area we will not only be able to serve the R. E. A. project but all other public agencies.

I hope you will consider this as a step in the right direction, and I shall be glad indeed to have your comments.

Sincerely yours,

U. J. GENDRON

Assistant Administrator.

VORLICKY MOVES OFFICE TO LA GRANDE

With the consolidation of five NYA state areas into three, Director Henry A. Vorlicky of Pendleton has moved his offices to LaGrande and will manage activities in all ten eastern Oregon counties State Administrator Ivan G. Munro of Portland said this week.

Fred A. Lewis becomes county representative for Baker, Malheur, Harney and Grant counties with offices in Baker. Assigned to LaGrande with Vorlicky is Glen Norton, area youth personnel officer. Miss Goldie Giebels, area secretary, has also moved to LaGrande. Umatilla county will now be served by John R. Price, recently appointed county supervisor. All NYA projects in operation at present will continue.

FOOD-FOR-DEFENSE CAMPAIGN BOOSTED ON OREGON FARMS

Oregon farmers are already responding to the call of government to increase the production of certain foods needed in the defense program, according to a progress report submitted to the secretary of agriculture by the newly created U.S.D.A. defense board. This report, compiled by the extension service at the request of Robert B. Taylor, chairman of the state AAA committee and chairman of the new board, shows increases in production of nearly all the defense foods including, dairy poultry and pork products and certain canning vegetables.

up 8 per cent so far this year, though increased consumption of fluid milk has kept the output of manufactured dairy products down somewhat. Cheese production, particularly urged by the government, is up sharply, but partly at the expense of butter and condensed milk output.

The present price ratio between dairy feeds and butterfat is favorable to liberal grain feeding in most areas of the state, the report shows. A new extension bulletin will be available soon on feeding and management by the dairy industry in relation to the food for defense program.

Increased acreages of canning tomatoes and corn are noted in the report and marked progress is reported in the production of green peas and green beans for processing. Oregon's total acreage of commercial truck crops for processing is given at 39,710 acres in 1941, compared with 35,470 acres in 1940.

Oregon will have from 5 to 10 per cent more laying hens this fall than last. With emphasis placed on better methods of feeding, management and housing, poultrymen of this state are apparently well on their way to supplying their share of the needed increase in egg production. The principal problems listed are scarcity and high cost of certain feed concentrates, and the shortage of good farm labor.

Increased pork production is hampered by higher cost of feed grains. A wheat feeding program sponsored by the experiment station and extension service has resulted in considerable progress in this respect, particularly in areas where pasture is also available.

EXCESS WHEAT TO BE RELEASED

Wheat growers were reminded in a statement issued yesterday by A. R. Coppock, Chairman of the Umatilla County AAA Committee, of provisions whereby those farmers who have stored excess 1941 wheat under marketing quotas may seed below their 1942 acreage allotments and obtain release of the stored wheat for marketing without payment of penalty.

It was pointed out that the farmer who stores excess wheat may take out of storage and market without penalty excess wheat equal to the amount by which he reduces his following year's seedings below his allotment, measured in terms of his normal yield, or equal to the amount his next year's actual production falls below the normal yield of his allotted acreage.

Where seedings are below the allotment, the County Committee will release a corresponding amount of 1941 excess wheat as soon as the seeding for the year is completed and the wheat seedings measured. "This means," the Chairman said, "that in cases of fall-seeded wheat, a farmer may convert his excess wheat to free wheat late this fall. However, in cases where spring seeding is possible, the County Committee will retain the bond or other security posted by the producer until it is determined that no more wheat will be seeded."

Mr. Coppock gave as an example a farmer with excess wheat who has a 1942 100-acre wheat allotment and a 10-bushel-per-acre normal yield. If he reduces his seedings to 80 acres, he will be entitled to release 200 bushels of excess wheat from storage (normal 10 bushel yield from 20 acres.)

METHODIST CHURCH

Malcolm E. Ballinger, Pastor

10 a. m.—Sunday church school, Mrs. Alva Boulware, superintendent.

11 a. m.—Morning worship, with sermon by the pastor: "The Teachings of Jesus as to Power." This is the second of a series of sermons on the teachings of Jesus as found in his "Sermon on the Mount."

7 p. m.—Methodist youth fellowship.

8 p. m.—Evening worship, with sermon by the pastor: "The Triangular Life: Altar, Tent and Well." This sermon has particular interest to the new residents of Hermiston.

Wednesday, August 20, 7:30 p. m. Choir rehearsal.

Friday, August 22, 8 p. m.—Concert by the Negro tenor, Pruth McFarlin. The general public is invited to attend this and all services of this church.

PENTECOSTAL TABERNACLE

S. E. Graves, Pastor

We are having a real good time studying the whole Word of God at 10 a. m. Sunday morning.

11 a. m.—Worship hour.

8 p. m.—Big tent meeting. Also every night just one block north of the post office. America's first line of defense is back to God.

CENTRAL CHURCH OF CHRIST

C. Warner, Pastor

The sermon topic for our Sunday morning worship service will be, "Sin, Its Curse and Its Cure." For the Sunday evening service, "The Christian Morale."

The Bible school meets at 10 a. m., morning worship at 11 a. m., Christian Endeavor at 7 p. m. and evening worship at 8 o'clock.

O.S.C. STAFF MEN CALLED TO ARMY

Seventeen men of the teaching and extension staff of Oregon State college have been called to active military service as officers and a half dozen more are expecting calls in the near future. Among those taken from here, three are major, one a lieutenant commander, five are captains, five are first lieutenants and three are second lieutenants. The administration is faced with the problem of filling these places on a temporary basis, as regular positions are held open for the men following their service period.

HILL ON UMATILLA A.D.B.

James Hill of Pendleton has been requested by R. E. Brown, general agent of the Farm Credit Administration of Spokane, to represent that organization on the Umatilla County Agricultural Defense Board, it was announced in Spokane today.

This board has been established at the direction of the Secretary of Agriculture to coordinate activities of the Department of Agriculture that involve national defense and to coordinate these activities with those of other defense agencies in the field.

Mr. Hill is president of the Pendleton Production Credit Association, a part of the Farm Credit Administration.

CAR SALES SHOW LARGE GAIN IN 1941

Motor vehicles sales during the first six months of 1941 showed an increase of 52 per cent over sales for the same period last year in Oregon, figures compiled by the Secretary of State disclosed today.

Sales of new passenger cars and trucks totaled 33,120 units, an increase of 11,339 over the total for the first six months of 1940. Sales of

new passenger cars amounted to 28,027 units compared 18,015 last year while new truck sales totaled 5,095 units against 3,766 last year.

Passenger car sales thus were up 55.7 per cent while truck sales were up 26 per cent.

OREGON GOVERNOR NAMED CHAIRMAN

Secretary Morgenthau announced recently that Governor Charles A. Sprague, of Oregon, has accepted Honorary Chairmanship of his State Committee for organization of the National Defense Savings Program.

This brings to twenty-six the number of Governors who are already serving in the program to sell Defense Savings Bonds and Stamps.

Governor Sprague was born at Lawrence, Kansas, November 12, 1887. On graduating from Monmouth (Ill.) College in 1910 he became a school teacher. From 1910 to 1913 he was Superintendent of Schools at Waitsburg, Washington, then served

as Assistant Superintendent of Public Instruction, State of Washington, from 1913 to 1915.

Entering the newspaper field, Mr. Sprague was editor and publisher of the Journal Times, Ritzville, Washington, from 1915 to 1925. He became publisher of the Oregon Statesman, Salem, Oregon, in 1929, and was elected Governor of Oregon in November, 1938, for a four-year term.

EXPLOSIVES COURSE GIVEN AT O. S. C.

A special five-weeks course in the chemistry of explosives was started at O.S.C. Monday, August 4, to train some 35 advanced chemistry students of the Pacific Northwest to become inspectors in ammunition plants during the defense emergency period. The course, given here at the request of the government, will be conducted during the same period that the second summer session is in progress.
