# TIPS ON STUDY LAMPS

by the PP&L Home Lighting Advisor

### PUT AN I. E. S. LAMP ON THE STUDY TABLE

...and watch the youngsters sail through studies in jig time. The translucent bowl filters out harmful glare. The wide shade throws an abundance of soft light over the whole table.

### —OR MODERNIZE THAT GOOSE-NECK LAMP...

Simply straighten it up and remove the light bulb and metal shade. Screw on a plastic bowl (available at most dealers). Add a 100-watt bulb and a shade with light lining.

### —OR PUT AN INDIRECT SHADE ON THE CENTER LIGHT

For only a dollar or two you can buy a translucent bowl and white-lined shade and make over that glary old fixture, so that it gives plenty of glareless indirect light. Father will love it at mealtime.
