

By Mrs. Bob Woodward

Keith Hutchison, who has been spending a 10-day furlough at his home in Pilot Rock, was a Monday evening dinner guest at the home of his uncle, Mr. and Mrs. Baxter Hutchison. He is with the Army Engineering Corps stationed at Portland.

Mr. and Mrs. Osco Parker of Fossil visited here during the week-end with their son, Wesley Parker and family.

Miss Maxine Blinston made a trip to Portland last week-end.

Mr. and Mrs. Myrnie Caldwell made a business trip to Pendleton Tuesday. They were accompanied by his father, Carl J. Caldwell of The Dalles, who spent several days here the first of the week visiting at the Caldwell and Woodward homes.

Mr. and Mrs. Glenn Seeley, Miss Ruth Gifford and Dell Christley were Saturday evening guests of Miss Marian Cassidy.

Mr. and Mrs. Virgil Warren and granddaughter, Dorothy Nelson, left Thursday of last week on a hunting trip in the Ukiah region. They planned to be gone a week.

Mr. and Mrs. Herman Leeper of Yakima spent the week-end here with her sister, Mrs. Mary Harr. Sunday evening Mrs. Harr and Mrs. Leeper visited at the Baxter Hutchison home. H. Garberding accompanied Verne Dunham to Elgin last week-end and went on a second deer hunting trip, but returned without any game.

W. H. Instone of Lena was a business caller at the Glenn McCracken farm on Thursday of last week and also visited at the Bob Woodward home.

Mr. and Mrs. Elbert Hutchison of Pendleton visited Sunday with his parents, Mr. and Mrs. Baxter Hutchison. Elbert has recently accepted a new position with the Strobe Furniture Co. in Pendleton.

Mrs. Christley received word Monday of the recent death of her only brother, Alfred Blaisdel in Texas. Mr. Blaisdel had visited here with his sister a number of years ago and had made many acquaintances in the district.

The baby son of Mr. and Mrs. James Getchell is ill with the whooping cough.

James Getchell is employed with Joe Hawkins near Pendleton.

Mr. and Mrs. Carl Hammer spent the week-end in Portland on business.

Earl Getchell, who has been spending a furlough at home here returned to duty at Fort Lewis Sunday.

Bob Woodward suffered a severe back injury while at work last Friday and has been confined to home the past week.

Junior Pagan, son of Mrs. Ella Pagan, had his leg broken during high school football practice Monday. He is at home and getting along quite well.

Mrs. Miles Barager, who has been in ill health for a long time, is reported to be feeling a little better at present. Mrs. Hughes is assisting at the Barager home.

Along the Diagonal: The fall season bringing with it more time for making neighborly calls. . . Mr. and Mrs. J. H. Reid at the Christley home Saturday afternoon. . . Mr. and Mrs. Hutchison calling at the Cassidy home. . . Mrs. Frank Bierney and small son coming out from town to spend Monday afternoon visiting with Mrs. M. Caldwell. . . Mrs. Udey and mother, Mrs. Sink making calls on Mrs. Gus Lindner and Mrs. Barager Monday afternoon and taking along some cheery bouquets of fall flowers. . . Mrs. Bud Hooker visiting Tuesday at the Getchell home.

HUNTING SEASON OPENS WEDNESDAY

Hunters of upland game birds are awaiting Wednesday, October 22, when the season opens throughout the state of Oregon. The Oregon State Game Commission has set up various seasons and bag limits, predicated on the number of birds available.

The open season, October 22 to November 4, both dates inclusive, is in Jackson, Josephine, Douglas, Coos, Klamath, Hood River, Wasco, Sherman, Gilliam, Morrow, Umatilla, Walla, Union, Baker, Grant, Crook and Deschutes counties. Bag limit, four male birds in any one day but not more than eight such birds in any seven consecutive days or in possession at any one time.

California or Valley Quail—Open season, October 22 to November 4, both dates inclusive, in Grant, Jefferson, Barney, Wheeler, Klamath, Lake, Umatilla, Gilliam, Wasco, Crook, Sherman, Morrow, Deschutes, Coos, Jackson, Josephine and Douglas counties. Bag limit, ten birds in any seven days or in possession at any one time.

For Hungarian partridge the open season is October 22 to November 4, both dates inclusive, in Klamath, Hood River, Wasco, Sherman, Gilliam, Morrow, Umatilla, Walla, Union, Baker, Grant, Crook and Deschutes counties. Bag limit, six birds in any one day.

Miss Tischler Heads Alumni

Eleanore Tischler, Hermiston, was elected vice-president of the Eastern Oregon College of Education Alumni Association at the business meeting held in conjunction with the twelfth annual Homecoming at the college on October 11.

PARENTS URGED TO COOPERATE WITH LOCAL HEALTH CLINIC

CLASSES SET FOR TUESDAY, OCT. 21

Because of the influx of new students in Hermiston schools, and the crowded housing conditions throughout this area, the control of communicable diseases becomes one of the most acute problems, where the health of the people of Hermiston is concerned. It is through person to person contact that communicable diseases are transmitted. For this reason the Umatilla County Health Unit in cooperation with the Hermiston schools is offering a free immunization clinic at the Hermiston Library on October 21st from 11 to 12 a. m. and from 1 to 3 p. m. for the purpose of vaccinating and schick testing children of all age groups and giving diphtheria immunization to pre-school and school children up to and including eight years of age. Parents are urged to attend the clinic with their children. Either the parents verbal consent or a signed consent slip is necessary to have the vaccination, schick test, or immunization done.

The clinic will be held under the supervision of Dr. R. H. Wilcox, County Health Officer, and local doctors. Assisting the health nurses will be Mrs. Thomas Fraser and Mrs. Clara Bryant of Hermiston.

Cases of smallpox have been reported in Oregon within the past nine months, and there have been three cases of diphtheria reported in the last three months in Umatilla County. Since science has developed certain immunizing agents for protection against these diseases, to have them in this day and age is inexcusable.

A satisfactory vaccination for smallpox produces a scar. As long as the scar persists at the point of the vaccination the person is satisfactorily protected and will need no further vaccination unless especially advocated by the physician.

Diphtheria inoculations do not leave a scar, and are usually given in two doses at six to eight week intervals.

AUTO-PONY CRASH CAUSES DAMAGE

A collision between an automobile, operated by Len Benington, an employee at the Umatilla Ordnance Depot, and a pony belonging to Dan Parker early Monday morning caused considerable damage to both the auto and the pony, the latter being killed. Occupants of the car escaped injury.

It was stated that the animal had jumped a fence and was crossing the highway at the time of the accident.

TURKEY GROWERS' MEETING PLANNED

On October 18, there will be a meeting of the turkey growers in this area at the U. S. Umatilla Field Station in Hermiston. The meeting will begin with a lunch at noon. Coffee will be furnished.

A very interesting program has been planned by the Eastern Oregon Turkey Growers Association, H. K. Dean, Superintendent of the Umatilla Experiment Station, and the O.S.C. Extension Service.

This meeting should be of outstanding interest to all turkey growers in this area. Many interesting and new things will be discussed at the meeting, which is to be finished by 3 o'clock.

"Turkey Disease Problems" will be discussed by Dr. E. M. Dickinson, Associate Veterinarian, Oregon State College; "The Future of the Turkey Industry" will be discussed by H. E. Cosby, Head of the Poultry Department at O.S.C.; Noel Bennion, Extension Poultryman, will demonstrate the selection of breeders, and H. K. Dean will explain the 1941 Turkey Feeding Experiments carried on at the station.

Gamble Store Moves To Stanfield

Wm. Sabin this week announces that he is moving the Gamble store to Stanfield where he has found a location. For the past few weeks the store has operated at the local fair grounds due to the lack of a building.

Mulkins To Have Auction Sale

A public auction will be held Friday, October 17, at the Mulkins ranch 4 1/2 miles northwest of Hermiston. All the Mulkins Guernsey cattle will be sold.

The Week's Most Popular Men of Hermiston

COACH RAY E. CRITCHFIELD

R.E.A. DIRECTORS ELECTED FRIDAY AT ANNUAL MEETING

U. J. Gendron, assistant administrator of the Bonneville administration, stated last Friday at a meeting of the Umatilla Electric Cooperative members that the Umatilla Rapids dam was definitely in the plans for the near future. Other speakers on the program were W. B. Loving, an R.E.A. auditor now on the project, and Mr. Hamilton, representative of the operations division of the R.E.A.

Directors chosen during the afternoon for the ensuing year were as follows: District 1, E. D. Martin; District 2, H. J. Ott; District 3, A. C. Houghten; District 4, Mrs. Minnie McFarland; District 5, F. S. Green; District 6, H. J. Bean; District 7, Claude Meyers.

Mrs. George Terney won the electric roaster given as a door prize.

HOME NURSING AND FIRST AID CLASSES PLANNED

Classes in Home Nursing and First Aid are scheduled for Hermiston, according to Mrs. F. B. Belt, who has received this information from the Umatilla county chapter, American Red Cross, in Pendleton. Both classes run for 20 hours and will either be held once or twice a week in two hour sessions.

The classes will be sponsored by the American Red Cross organization with no expense to the enrollees. The place of the classes and time will be arranged as soon as a sufficient number of women have enrolled. Anyone interested in the plan is asked to get in touch with Mrs. Belt or to leave their name at the Pacific Power & Light Co. office or at The Herald. This should be done immediately in order that the classes may get underway.

HERMISTON SCORES UPSET BY HOLDING PENDLETON TO TIE

By Gordon McCoy
Pendleton's football team pulled out of town Saturday afternoon convinced that not all the dynamite in those parts will be stored in munitions dumps when the ordnance depot is completed near this Northeastern Oregon community.

For the Round-Up city Buckaroos had watched while the Hermiston gridders flared up in the fourth quarter with explosive violence to score a touchdown that tied up the game at 7-all. A short time later the clash was over and a long period of Pendleton grid domination over Hermiston had been ended.

Much of the power displayed by Hermiston was packed in the sturdy frame of Fullback Cullen. It was Cullen who set up the touchdown, it was Cullen who scored, and it was Cullen who kicked the conversion that tied the game. The rest of the time he was kept pretty busy doing most of the running, all of the punting and passing, much of the defensive tackling—in addition to stacking up as the best blocking back on the field and acting as captain and signal-caller for the Bulldogs.

Pendleton, minus the services of fleet halfback Leafgren, battled ineffectually against the Hermiston defense until the third quarter. Then a Hermiston drive turned into disaster, as Buc Fullback Porter intercepted a short Hermiston pass on his own 30, twisted his way clear of a bevy of tacklers and raced 70 yards to a touchdown. The kick split the uprights.

Earlier in the quarter, Pendleton had driven to a first down on Hermiston's 20. Three plays netted nothing, and on fourth down the visitors attempted an unsuccessful field goal. Hermiston caught fire after Pendleton scored. A quick-kick sailed over the head of Hermiston's safety and apparently had the Bulldogs in a hole on their own 11. But Pendleton had not counted on Cullen.

He ripped off four yards on the

BEHRMAN CLOCK TO TELL TIME OF DAY ON MAIN STREET

Step by step, Hermiston is leaving behind the face of a "hick" town and is fast accepting "big city" ideas. The latest advancement is a large size electric neon clock at the Behrman Jewelry store. The time piece will be lighted at nights and will be visible for some distance and can easily be seen from the street by occupants of automobiles.

Although Mr. Behrman is gracefully accepting numerous comments, he firmly believes in correct time and in advertising, both of which are accomplished by his clock.

Needless to say, the timepiece will be a valuable asset to Main street.

ASST. COACH LEE WEBER

GOOD SAMARITAN ROBBED OF CASH BY ROAD BANDITS

Something new in the way of robberies was "pulled" Sunday morning about 10:30 when Ed Walker, mechanic of Heppner, was slugged, stabbed and robbed of \$61.00 in cash on the Cold Springs highway where it joins the Umatilla road. The stunt was staged by two men who escaped from the scene and are now being hunted in three states.

Mr. Walker was flagged down by the two men who claimed that they had a faulty engine. As Walker leaned over the engine he was struck on the back of the head and then stabbed. Sheriff Bob Goad, who was called to the scene, made the investigation. The men were in a green Chevrolet sedan, 1929 or 1930 model, thought to have an Idaho license. One man was about 35 years of age, 5 feet 10 inches, 150 pounds, light complexion, sandy hair, appearing Swedish; the other was about 60, six feet three inches tall, 170 pounds, rawboned, light complexion, slightly stooped, wearing brown hat, big overalls and blue jacket.

To date no trace has been found of the pair. Mr. Walker, who was taken to the Hermiston General Hospital, is recovering from the wounds which were not as serious as at first thought.

HUNTERS URGED TO USE PRECAUTION

With the opening of pheasant season next Thursday, come the danger of stray shot and accidents due to careless handling of guns. This danger will be much greater this year because of the hundreds of tents, trailer houses and cabins scattered here and there among groves of trees.

Hunters are urged to obey "No Hunting" signs. It is necessary to get permission from the owner of land before trespassing allowed.

ORDNANCE DEPOT MESS HALL SERVES MANY MEALS DAILY

BAKE SHOP TURNS OUT HUGE ORDERS

The Mess Hall at the Umatilla Ordnance Depot, which is equipped with every modern kitchen appliance from an electric dish washing machine and potato peeler to the finest electric cook ranges and steam tables has found itself servant to the work energy of the workmen on this Project. In the preparation of 4500 meals served each day, the Commissary Department has constantly kept the one thought in mind, that if a man is well fed, his work will be satisfactory. To carry out this stupendous job has necessitated the employment of 105 men in the Mess Hall, working on a 24-hour basis, feeding 10 different shifts every day.

The following statistics will task the imagination of the average American family, who has found the feeding of a family of six something of a problem. In preparing the 135,000 meals served each month, it is found that there is used on the average:

25,000 lb. of steer beef, 10,000 lbs. of pork, 3,000 lbs. of lamb, 3,200 lbs. of bacon, 3,200 lbs. of little pig sausages, 3,000 lbs. of fish, 5,000 lbs. of sandwich meat, 140,000 pounds of vegetables, 90,000 lbs. of fruit, 3,750 lbs. of butter, 12,600 dozen eggs, 21,000 loaves of bread, 3,600 gallons of milk, 6 tons of flour, 16 tons of potatoes, 4 1/2 tons of sugar, 2 tons of coffee.

The Bake Shop, which is operated as a part of the kitchen, turns out an average of 18,000 pies, and 5,250 dozen pieces of pastry each month. The Commissary prepares on an average 108,000 sandwiches each month to go into the lunches of those workmen who are working far away to get their meals at the Mess Hall. These lunches consist of three sandwiches, fruit, pie or pastry and a container of coffee.

Meals are served "family style", that is, all the food is placed upon the tables in platters and each man is welcome to as many servings as he may desire. The following is an average breakfast served at the Mess Hall for 35c:

Sliced Pineapple	Bartlett Pears
Oat Meal	Puffed Rice
Hot Cakes	Little Pig Sausages
	Fried Eggs
Milk and Coffee	Sugar Buns

U.S.O. STRUCTURE TO BE BUILT HERE IN NEAR FUTURE

The sum of \$28,000 has been allocated for the construction and furnishing of a wooden building to be erected in Hermiston by the U. S. O. It is expected that work will get underway in the very near future. The building will be located in Block 4, Section 10, or at the northeast corner of the Hermiston park, directly across the street from the Farm Bureau Mill.

For the time being, while the building is under construction, the same organization plans to renovate the park hall and use this building for various recreational purposes.

MRS. IDA SIMMONS BURIED SUNDAY

Funeral services for Mrs. Ida A. Simmons, one of the early pioneers of the Umatilla project, were held Sunday afternoon from Prann's funeral parlors. Rev. Cecil Warner of the Central Church of Christ was in charge. Death claimed the early pioneer of this project Friday morning after a lingering illness.

Mrs. Simmons, who was born in Germany in 1858, came to this country when five years of age. Until 1911 she had resided in Indiana and Illinois, marrying the late William Harrison Simmons in May, 1885. Mr. Simmons passed away in 1925. The Simmons family moved to this project in 1911, living for many years on one of the larger fruit farms in the community. Mrs. Simmons had recently lived with her daughter, Mrs. Gertrude Sanders.

Surviving besides Mrs. Sanders is another daughter, Mrs. Llewellyn Brownell of Umatilla and a grandson, Robert Brownell of Umatilla.

Harvest of 1941
