CENTRAL CHURCH OF CHRIST

C. Warner, Pastor

Three years have passed since we dedicated our new church building. We are especially celebrating the anniversary in the nature of a homecoming or a church reunion. Those who have worshipped with us through the years and have moved from our community have been given an invitation to be present.

We are making plans for 200 in Sunday school. A basket dinner will be served at noon. W. E. Jones, a former pastor of the church, will preach at the morning worship service and the pastor at the evening service. Both members and friends of the church are asked to enjoy and

have a part in the day's activities. B. Ross Evans, state evangelist of Churches of Christ of Oregon, was the speaker at a rally of the Ninety and Nine Men of the Central Church of Christ Wednesday evening.

METHODIST CHURCH

Malcolm B. Ballinger, Pastor

Sunday, October 26, is Temperance Sunday.

10 a. m.—Sunday church school. Classes for all ages.

11 a. m.—Morning worship, with sermon by the pastor: "Made for Mastery." Special music by the church choir.

6:00 p. m.—M. Y. F. Epworth League meet at the church ready

to go to the Methodist church in Echo.

No evening worship in Hermiston Methodist church this Sunday: on first and third Sundays of each month only.

Wednesday, 7:30 p. m.—Choir rehearsal, Mrs. Julius Gimbel, director.

FARM AUXILIARY HOLDS MEETING

At the meeting Friday, October 17, of the Farm Bureau auxiliary, officers for the coming year were elected as follows: Mrs. Minnie Ott, president; Mrs. Emma Upham, vice president; Mrs. Emma Hutchison, secretary, and Mrs. Bertha Hammer, assistant secretary. The executive committee consists of Mrs. Mary Harr and Mrs. Mary Buell.

A good attendance was present for the meeting. Mrs. Margaret Blahm and Mrs. Emma Christley served cookies and coffee.

Grange to Meet at Legion Hall

The Westland Grange will meet hereafter in the Hermiston American Legion hall. The meeting nights have been changed to the second and fourth Fridays of each month. Mrs. Eugene McCulley will serve refreshments at the next meeting, October 24. Cards and games will be played. All patrons of husbandry and members are cordially invited to attend.

LABOR SHORTAGE CITED AS WORST FOOD DRIVE FOE

Shortage of farm labor is the only serious obstacle in the way of Oregon meeting its goals in the food-for-defense program, in the opinion of county USDA agricultural defense boards, which have held meetings in all of Oregon's 36 counties.

Members of the state board who participated in the 36 county meetings report that, almost without exception, the county boards believed the desired increases in certain strategic crops can be met if enough labor is available to do the work. In numerous instances the county groups were willing to set their goals at a higher figure than suggested for that particular region. Compilation of the county goals is now being made and will, when totaled, constitute the final and official state goals for 1942.

Those who attended the county meetings were practically unanimous in expressing belief in the importance of this agricultural defense effort. As soon as the county meetings were completed a series of training meetings were started for those who will contact individual farmers to get them to underwrite the increased production sought.

Meanwhile community educational meetings will be held to acquaint more of the people with the program, and county defense board members will also discuss the campaign before Grange, Farmers Union, and other established rural groups. The farm to farm canvass for the signing up of each grower will start in some counties the last week in October and in others late in November.

The state committee has been in contact with the representatives of the state employment service in laying preliminary plans to handle the expected labor shortage in the best possible manner for next year. Closely related to this is the effort to have farmers put all machinery in repair this winter so that existing equipment can handle the maximum amount of work in next year's harvest. Maximum use of existing machinery will make less acute the prospective shortage in new machinery.

NATIONAL HOOKUP TO AIR STATE COLLEGE PROGRAM

A story of the service of Oregon State college to the state and nation will be carried over a nationwide radio hookup on October 29,

when O.S.C. takes over the national farm and home hour, which is released over the NBC blue network from 9:30 to 10:15 in the forenoon. KEX is the Oregon station releasing the program, which will also be carried by the state-owned station, KOAC.

Several hundred people will take part in the broadcast, which will originate in the ballroom of the Memorial Union building on the campus. The cadet band and Euterpe singers, as well as hundreds of students, will provide the musical portion of the varied offering. Governor Charles A. Sprague is scheduled to introduce the program, which will include a brief and dramatic description of Oregon and its resources.

Other portions of the program will describe briefly the college and its organization for service, its contribution to Oregon farms, homes, and forests, and a description of its work in newer fields, such as wild-life conservation and land use planning.

DRY-LAND LAWN POSSIBLE WITH OREGON GRASSES

Oregon produces such a wide variety of grass seed that species are available that do very well in establishing lawns in areas where no irrigation water is available, points out Harry A. Schoth, federal agronomist at Oregon State college.

The kind of grass to plant in such a situation depends somewhat on soil conditions and other factors. For a soil that gets exceptionally dry and warm during the summer months Schoth recommends the use of either standard or Fairway crested wheat grass. The Fairway has a somewhat lower and spreading growth habit.

NOTICE OF AUCTION LEASING

NOTICE IS HEREBY GIVEN that the undersigned, Mayor of the City of Hermiston, Oregon, will on the 8th day of November, 1941, at 10 o'clock A. M. at the office of the City Recorder in Hermiston, Oregon, offer for lease at public auction to the responsible bidder offering the highest monthly rent, for the period of five years, the following described real property, to-wit: All of Block 5 in the original town of Hermiston, Oregon, as located in Section 10, Twp. 4 N. DO YOUR LAYERS HAVE WORMS?

Where you find low egg production and thin, bedraggled looking birds, you almost always find worms. The best answer you'll find to your worm problem is DR. SALSBUURY'S ROTA-CAPS: we recommend them.
