

U. S. NAVY OFFERS NEW OPPORTUNITIES FOR YOUNG MEN

At the suggestion of Secretary of Navy Knox, the Hermiston Herald has been named to help the Navy in giving ambitious local young men information about the opportunities the "Two-Ocean" Navy offers for technical training and advancement as they serve their country in its emergency.

According to an announcement made public in Washington, a limited number of additional men between the ages of 17 and 50 will be given a chance, by enlistment in the Navy or Naval Reserve, to get to the top, with big pay, in jobs which by their aptitude and as a result of examinations they show themselves fitted, from among nearly 50 different trades and vocations. These include such callings as aviation machinist, dental technician, photographer, diesel engineer, radio technician, electrician, welder, storekeeper, and baker. Enlisted men may also qualify for commissions as officers.

Beginning this week, the Navy plans for a limited time to accept new qualified men for training. These men will be sent to one of four Naval Training Stations and may have a chance to go to a Navy Trade School even before assignment to the fleet. During this period they will be given

You'll look great in a Navy uniform!

Everyone looks bigger, handsomer, in that uniform Uncle Sam's Navy gives you. And that's only a start. Uncle Sam takes great care of his sailors. Free meals. Free board. Free travel. Free medical and dental care. Free training in any one of fifty-odd skilled trades. And the Navy pays you good money while you learn. What an opportunity! If you are 17 or over, get a free copy of the illustrated booklet, "Life in the U. S. Navy", from the Navy Editor of this newspaper.

SERVE YOUR COUNTRY! BUILD YOUR FUTURE! GET IN THE NAVY NOW!

regular Navy pay and the Navy's free school is valued at hundreds of dollars.

"Never in the history of the United States has there been greater opportunity for loyal young Americans to serve their country and build their futures than right now," said Secretary Knox.

In outlining the many advantages offered by enlistment in the United States Navy it is said, "It is possible for a bright young man to increase his pay seven times during his first enlistment and he can earn as much as \$126 a month. This monthly figure is actually worth much more when it is remembered that the man

has few living expenses and is provided with the finest of medical and dental care.

"You have all your food and lodging, and also your original outfit of clothing provided by Uncle Sam free, it is continued. "In addition there are free sports and entertainment—even to the latest Hollywood pictures. On top of this you get free travel and adventure in colorful places—a thing few civilians can afford.

"When you consider the size of this country and the fact that the Navy will select only 15,000 applicants a month from many times that number throughout the United States, the quotation, 'Many are called but few

are chosen', will apply to local young men interested.

"Navy men are a 'hand-picked' lot. Candidates must be men of more than average intelligence and ambition, of fine moral character and must have the written recommendation of at least two local townspeople."

As Navy representative, the Herald has just received from Washington a supply of free illustrated booklets for all men interested and, in addition, will welcome inquiries from young men who wish to look into the new and greater opportunities the Navy now offers for training for future civilian careers as they serve their country now in its emergency.
