**NOTICE TO NEW TAX PAYERS**

All persons in Umatilla County who have purchased new businesses, livestock, farm equipment, or other assessable personal property since March 1, 1941, are hereby notified to report same to the County Assessor or write for an assessment blank immediately.

The law requires that these reports be made and provides a penalty for non-compliance.

The shortage of tires and the cutting of our time for preparing the roll by two months makes it impossible for us to call upon you. Any assessable personal property must be reported or the penalty will be reported.

**ANGLERS PREPARE FOR TROUT SEASON OPENING APRIL 18**

The general angling season for trout six inches or over in length opens Saturday, April 18, in all sections of the state with the exception of Baker, Grant, Harney, Lake, Umatilla, Union, Wallowa, Wheeler and Malheur counties, where the opening is postponed until May 2. The bag limit remains the same as last year, 15 fish or 15 pounds and 1 fish in any one day, but not to exceed 30 fish or 30 pounds and 2 fish in any seven consecutive days or in possession at any one time. The angler, however, should consult the synopsis of angling regulations issued by the game commission for a list of waters having special seasons and bag limits.

Resident angling license fee is \$3 but a combination hunting and fishing license may be secured for \$5. Resident juveniles from the age of 14 up to but not including 18 years of age may secure an angling license for \$1, while those under 14 years of age do not need a license but must observe other regulations in regard to seasons and limits.

Advance reports indicated that most waters, particularly along the coast section, are in good shape and should provide good fishing at the opening of the season provided weather and water conditions do not change in the meantime. To date there have been very few restrictions made by the government due to water conditions that would affect anglers so that practically all of the major fishing waters are open to the public.

Anglers are urged not to forget to fill out catch record cards reporting on the results of their fishing trips. These cards can be secured from license agencies, fishing resorts,
