POPPY DAY TO BE OBSERVED HERE SATURDAY

Dimes, quarters and dollars dropped into the coin boxes of the "Poppy Girls" this year will aid the victims of the present war, as well as those of the first World War, according to Mrs. Roy Tiller, Poppy Day chairman of the Hermiston unit of the American Legion Auxiliary.

The Auxiliary is rapidly completing arrangements for the annual observance of Poppy Day on May 23, when memorial poppies will be distributed throughout the city by Auxiliary members. A large corps of volunteers is being formed under Mrs. Tiller's leadership to work the entire day bringing the flowers of patriotic remembrance to everyone in the city.

This year the poppy not only honors and aids the men who defended America twenty-four years ago and their families, but also those defending America today and their families. Funds collected on Poppy Day will be used in the work the Legion and Auxiliary are doing for the disabled of both wars, and for needy families of men in the service as well as those of veterans.

The Legion and Auxiliary have had twenty years of experience in aiding service men and their dependents. They are able to make every dollar do maximum service in this field. Their volunteer workers have had long training and know the quickest and best methods of bringing relief to veterans and their families found in need.

Victims of the present war are naturally turning to the Legion and Auxiliary for aid, and we want to give them the benefit of our service. The increased burden calls for increased funds. We hope that the public will be generous on Poppy Day this year because from the contributions made for the poppies comes the principal means of support for our work during the entire year ahead.

FIREWORKS TO BE PROHIBITED FOR DURATION

What, no firecrackers this year! According to recent information received by B. A. Doyle, Hermiston fire chief, that because of the danger of fire from the use of fireworks, no sale of fireworks to the public will be allowed during the existing emergency. Governor Sprague has requested full cooperation of the public and of local authorities in banning the use of fireworks within Oregon for the period of the war.

It has also been brought to attention that citizens are storing gasoline in small containers for fear of a gasoline shortage. This is against the city ordinance and also against state laws. To store Class A combustible (gasoline) one must have an underground tank. Further information is available at the office of the city recorder.

Miss McCulley To Graduate

University of Oregon—The sixty-fifth annual commencement of the University of Oregon will be held the week end of May 29-31, it was announced recently by Dr. Donald M. Erb, president of the university. A total of 648 students are now on the list of candidates for degrees at the commencement exercises to be held on Sunday evening, May 31. Included in this group from Hermiston is Nina Rae McCulley, bachelor of arts in English.

Miss Palmer To Graduate

Hermie Palmer, daughter of Roy M. Palmer of Hermiston, will be graduated from Willamette university on May 31. She will receive her degree in English literature. As a member of the Class of '42, Miss Palmer enjoys the distinction of being graduated from Willamette in the pioneer Methodist institution's 100th year. Commencement week exercises include a senior chapel Thursday, a senior breakfast Saturday, and baccalaureate on Sunday, May 31, with graduation in the afternoon.

GAS RATIONING BEGINS JUNE

Gasoline rationing will begin in Oregon June 1, the office of price administration has announced. The plan will be the same as that now in operation in the eastern states and will operate until July 1, when a more comprehensive coupon rationing plan will be instituted.

Approximately 700,000 automobile owners in Oregon and Washington will register on May 28 and 29 to obtain their cards. Since the plan will be in operation for a shorter period of time than in the east, there will be fewer units on each type of ration card.

NEWS TOWNSEND CLUB
 By Mrs. Joe Udey

At the last meeting of the club members voted to have only one meeting per month, until further notice. This change has been made to save gas and tires as per government request.

The next meeting will be June 9 at 9:00 o'clock at the Townsend pavilion and will be a strictly business meeting.

Clubs all over the county are cooperating with war program. The dance will continue to run both Wednesday and Saturday nights until further notice.

SNELL WINNER IN PRIMARY RACE

 tive to those obligations, not only to the republican party which I am honored to represent, but obligations to all the citizens of this great commonwealth.

"Oregon has been fortunate in the type and character of the men who have served as chief executives of our great state. Governor Charles A. Sprague, our present governor, has served with credit and distinction. He was called from private life to serve our state during one of the most trying times in our history. His conscientious service will long be remembered.

"In conclusion, I wish to extend my sincere appreciation to the many friends and supporters who have made my nomination possible. Their sincere friendship and steadfast loyalty will never be forgotten.

"The press and radio have been most courteous and kind.
 "May I conclude with this solemn pledge: That if I am chosen as governor of Oregon in November, it will be my sincere and earnest purpose to serve my native state in a manner that will reflect credit and honor. To that end I pledge the utmost of my talents, ability and capacity."

OREGON NEWS AND COMMENTS

 scientists to study grasses to determine which are best for certain localities. Always the request has been kicked out the window because bent grass is used on golf courses and was regarded as recreational. In the new appropriation a substantial sum is allowed for grass experimentation as a war measure. New diversion air fields require a grass that will stand up where runways are not paved. Bent grass will hold the soil from blowing and afford a cushion for landing planes. As air fields are scattered all over Oregon, different grasses are required, and to find out which is the best for each climate the experiments will be made.

FARMERS URGED TO SAVE BAGS

Umatilla county farmers, farm organizations, grain, feed and seed dealers were asked today by A. R. Coppock, chairman of Umatilla County War board, to aid in the nation-wide bag conservation program launched recently by Secretary of Agriculture Claude R. Wickard.

"Every farmer and dealer in this county," Mr. Coppock said, "has an important part to take in the conservation of fabric bags (burlap and cotton) needed for agricultural commodities this year. There is a shortage of bags now, but if we take care of those we have and keep them in use we will be doing much to offset the shortage and a great deal to prevent it from becoming a serious one."

"Wartime expansion in American agriculture means that approximately two billion bags will be needed for packaging farm commodities in 1942. That is roughly 500 million more bags than would be used under normal conditions."

"Our part in the conservation program is to see that every bag now on hand and in use does its full job and a great deal more. The war has cut deeply into the imports of burlap from India and the stocks of this material now on hand must be shared with our military forces. We have plenty of cotton in the raw state, but mills having the facilities to make bagging material are operating to capacity to turn out war orders."

"Mr. Coppock pointed out that farmers can take the first step in bag conservation by taking stock of the bags they have on hand, by sorting them for size, type and condition and storing them where they will be dry and safe. Farmers are urged to sell the bags they will not need."

PENTECOSTAL TABERNACLE
 Pastor S. E. Graves

Jesus said, "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God." What are you living on? This question will be answered next Sunday.

Sunday, 10 a. m., Bible school. A class for every age.

11 A. M., worship hour. A message by the pastor.

7 P. M., Young People's service.

7:45 P. M., sharp, evangelistic service. Rev. Atwood Foster, an out-

standing young man and his wife, will be bringing the message in song and word.

Come one! Come all.

10 A. M., Sunday School. Mrs. Alva Boulware, superintendent.

11 A. M., morning worship, with sermon by the minister: "Religion Behind Closed Doors". This sermon is in keeping with Pentecost Sunday and Aldersgate Day, the anniversary of the "heart-warming" experience of John Wesley, the founder of Methodism.

7 P. M., Methodist Youth Fellowship. The Junior Fellowship meets under the direction of Mrs. Withnell. The Senior Fellowship meets in the League Room with Rev. Ballinger. All young people are invited to attend these meetings.

Wednesday, May 27, choir rehearsal.

8 P. M., Bible study and prayer.

8:45 P. M., meeting of Board of Education.

CENTRAL CHURCH OF CHRIST
 C. Warner, Pastor

Sunday is Pentecostal Sunday, the birthday of the church. We shall especially commemorate the day by worshipping Sunday morning around the theme, "A Powerful Day." The theme for Sunday evening will be, "Not According to Men."

SCHOOL IS OUT BUT WORK AHEAD

The curtain will come down Friday on another school year in Hermiston—a year that has been one of the most eventful in some time. Report cards will be issued Friday and the classes officially dismissed. According to Superintendent W. G. Kersbergen, buses will be scheduled so that they will arrive at the school at 1:00 and will leave again at 2:00. Parents should make note of this in order that no inconvenience may result.

Due to the war, vacation time will probably be a busy period for a majority of the high school students. Employment in various crops, industries and other occupations will probably absorb most of the spare time.
