HUNT SEASONS WILL OVERLAP

The state game commission Saturday acceded to requests of sportsmen from several parts of Oregon and created an overlapping season for deer and elk so that hunters may get bags of both animals on the same trip.

The commission indicated that the step is a war measure, occasioned by limitations on sportsmen's travel.

The buck deer season will be from September 27 to October 31 and the elk season for eastern Oregon will be from October 28 to December 1, except in Wallawa county where the season will close November 15.

The commission will sell 3000 permits at \$3.50 each for killing of deer in Grant county. It will also sell 2000 permits at \$5 each for killing cow elk in the Umatilla area.

The antelope season in eastern Oregon will be September 23 to 30, limit one of either sex.

The commission dispensed with the checking system in the elk and antelope areas for this year, because of

inability to hire checkers for the 29 stations operated last year. Instead, nimrods will be required to report their kills by mailed cards.

Regulations tentatively approved at Saturday's meeting will be held open until the meeting of June 27 for sportsmen's arguments before they are finally approved or amended.

PENTECOSTAL TABERNACLE

Pastor S. E. Graves

Repentance, revival, return to God means Victory on land, Victory on sea and Victory in the air. Evang. C. E. Beish will be giving his testimony Sunday night how he was saved. Be sure to attend.

Bible school at 10. A class for every age. At 11, worship hour—edification, exhortation and comfort for all. Have you a need?

At 7 p. m., young people's service. Do you enjoy the fellowship of other young people? Join our young folks this next Sunday evening. At 7:45, evangelistic service. Special music and singing. "Come thou with us and we will do thee good."

Official U. S. Treasury

OREGON

WAR BOND QUOTAS FOR JUNE

WASHINGTON, D. C., June 1.—Henry Morgenthau, Jr., Secretary of the Treasury, today made known June War Bond quotas for the 3,070 counties in the nation to all State and County War Savings Staffs.

The June quota for the State of Oregon is \$7,746,000.

The county quotas, based upon a substantial increase over May quotas, are expected to reach ten per cent of income when the nation goes on a billion-dollar-a-month War Bond basis in July to help meet the war cost. "Everybody, every day, ten per cent," is the battle cry throughout the country. You can buy War Bonds at your Bank, Building & Loan Association, Post Office and at many department stores.

Quotas by counties are:

Baker, \$105,000; Benton, \$130,300; Clackamas, \$163,300; Clatsop, \$198,000; Columbia, \$92,600; Coos, \$186,600; Crook, \$14,600; Curry, \$4,100;	Lake, \$33,300; Lane, \$341,900; Lincoln, \$33,300; Linn, \$142,000; Malheur, \$46,130; Marion, \$462,700; Morrow, \$46,300; Multnomah, \$4,121,000;
DeWitt, \$96,700; Douglas, \$86,000; Gilliam, \$17,300; Grant, \$31,300; Harney, \$23,700; Hood River, \$60,300;	Polk, \$58,500; Sherman, \$21,200; Tillamook, \$35,100; Umatilla, \$166,800; Union, \$77,100; Wallawa, \$25,200; Wasco, \$112,400; Washington, \$152,600; Wheeler, \$12,900;
Jackson, \$157,000; Jefferson, \$7,000; Josephine, \$94,700; Klamath, \$14,200;	Yamhill, \$143,400.

U. S. Treasury Department

WHAT TO DO IN AN AIR RAID

(This has been approved by the Civilian Protective Division of the United States Office of Civilian Defense).

1. In ANY air raid or blackout, take cover immediately.

a. If you are away from home, GET OFF THE STREET. You are ten times safer in a building than standing or walking on the street. If you are in a car, pull to the side of the road immediately. Do NOT double park. Keep clear of fire plugs. Get out of the car, bus or street car and take shelter.

b. If you are at home, take immediate blackout precautions. Go to your blackout room. It should be the safest room in your home. Stay away from windows. Bomb explosions shatter glass for considerable distances.

2. Don't use the telephone. Remember those persons who have been trained to protect you—the air raid wardens, fire watchers, auxiliary firemen, auxiliary police and others, MUST be able to get really important messages through. Your personal calls have got to wait until after the all clear signal.

3. If you are caught in the open lie down on your stomach. You are twice as safe lying down as standing up.

4. If incendiary bombs fall, play a coarse spray of water on them. Put out fires started by the incendiaries first, then devote your attention to the bomb. The coarse spray of water burns the bomb up faster. A heavy jet, stream or bucket of water will make the bomb explode. If you have no way of treating the bomb with water, cover it with dry sand. Then with a blunt-nosed shovel scoop the bomb onto a pile of sand, dump the sand and bomb into a pail and take it outside.

5. Remember, OBEY YOUR AIR RAID WARDEN AND OTHER MEMBERS OF THE UNITED STATES CITIZENS DEFENSE CORPS. THEY ARE TRYING TO HELP YOU.

6. Above all—KEEP COOL—STAY HOME—PUT OUT LIGHTS—TAKE SHELTER—LIE DOWN—STAY AWAY FROM WINDOWS. YOU CAN HELP.

IRRIGON NEWS ITEMS

By Mrs. C. D. Whitney

Mrs. Rose Grice of Pendleton announces the engagement of her daughter, Mary Ellen, to Robert E. Brace, son of Mr. and Mrs. Frank Brace. The wedding date has been set for June 28 at 2:00 p. m. at the home of the bride's parents with members of both families invited.

Cherry picking started again Sunday after a five-day layoff because the fruit was too green.

Johnny Swearingen returned Friday from Seattle with his household goods. He used his father's truck to bring them over.

MAIL ROUTE IS OPEN FOR BIDS

Sealed proposals for carrying the United States mails on Messenger Route 273,092 between the post office at Hermiston and the Union Pacific railroad at Stanfield, each way, as often as required, will be received by the Postmaster for a period of 10 days, with the advertisement expiring June 24, 1942.

The service is not let for any definite period of time and no written contract with bond is required. A bidder for the route, not now living in the district now served by this post office, must state with his bid that he will do so in the event the service is awarded to him. Proposals must be made at a yearly rate for all service required.

Further information concerning the opening of bids is available at the Hermiston post office.

HERMISTON BAPTIST CHURCH

Grayden D. Lorce, Pastor
Sunday, June 21, is Father's Day. Accordingly, our subject for this day will be "The Job of Being a Dad." Most of us are, have been or will be parents and it is fitting that we consider the responsibility of this greatest of all tasks. One of Dad's most important obligations is that of leading his family to church and Sunday School.

Most of Dad's problems arise because he has majored in minors. Raising a family is a full time job: 24 hours a day and seven days each week. Don't leave it all for Mom to do.

Home Loan Project Planned

All women interested in organizing a Community Home Loan closet are cordially invited to attend a picnic lunch (each person to bring a prepared dish) at noon Thursday, June 25, at the Columbia club house. Those women who have recently completed the "Home Hygiene and Care of the Sick" classes are especially urged to attend.

RUBBER DRIVE IS UNDERWAY

(Continued from page 1)

Mr. Roosevelt warned the rubber situation was "a very serious problem—a problem which is a challenge to the sound judgment of the government and to the ingenuity of the American people."

He said modern wars could not be won without rubber and that the enemy controlled approximately 92 per cent of the United States' normal sources of rubber. The synthetic rubber program is getting started but factories are not yet in operation—and won't be for more than a year. The nation's stockpile is needed for military and absolutely essential civilian requirements.

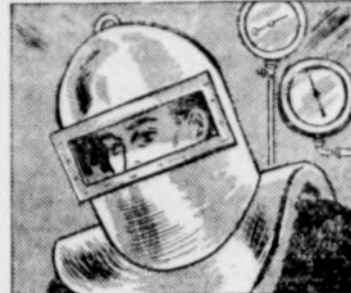

The president offered these two

Soldiers of Production

America's "soldiers of production," men and women working in the plants of American industry, have their uniforms, too. Some uniforms worn by G-E workers on vital production jobs are shown below.

1. Not a gas mask, but a special nose mask to guard his breathing, is worn by this spray painter at his job in one of the General Electric plants.

2. Like a man from Mars, the "cold room" research man in a strange sight as he tests airplane instruments for high-altitude performance in a G-E laboratory.

3. Frankenstein? No, just another G-E worker. His job is sandblasting big turbine castings for Uncle Sam's ships at one of the General Electric plants.

4. The helmet he wears is to protect him from light! The rays from a welder's arc could cause blindness if he did not wear this strange headgear.

General Electric believes that its first duty as a good citizen is to be a good soldier.

General Electric Company, Schenectady, N. Y.

GENERAL ELECTRIC

simple rules for the emergency:

1. Turn in all the old rubber—anywhere and everywhere.

2. Cut the use of your car to save its tires by driving slowly and driving less.

Here's a suggested list of things to look for—and take to any service station: Tires and tubes, crepe rubber soles, boots and overshoes, hot water bottles, tennis shoes, rubber belting, rubber gloves, rubber sheeting, pads and matting, rubber toys, raincoats and capes, rubber heels, rubber bathing suits, bathing caps and shoes, jar rings, plumber's suction cups, sample tire sections, rubber ash trays, rubber balls, etc.

BONNEVILLE TO SERVE LOCAL ELECTRIC CO-OP.

(Continued from page 1)

tilla Cooperative bring to 21. The number of REA systems which will receive the low rates on public power guaranteed by the Bonneville Power administration. The 21 systems operate 7,705 miles of line and serve

16,224 rural consumers.

Bonneville rates, heretofore, have been limited to eleven Washington and Oregon REA systems, which provide electricity to 8,116 consumers located along 2,675 miles of line. The ten systems now being added to the Bonneville rate group operate 5,030 miles of line, serving 10,042 additional consumers in Washington, Oregon and Idaho. Savings to the ten systems as a result of the coming of Bonneville rates will be around \$100,000 a year, Mr. Woolley said.

The ten systems are: Big Bend Electric Cooperative, Ritzville, Wn.; Okanogan County Electric Cooperative, Winthrop, Wn.; Stevens County Electric Cooperative, Colville, Wn.; Inland Empire Rural Electrification, Inc., Spokane, Wn.; Benton Rural Electric Association, Prosser, Wn.; Public Utility District No. 2 of Grant County, Soap Lake, Wn.; Clearwater Valley Light and Power Association, Lewiston, Idaho; Kootenai Rural Electrification Association, Couer D'Alene, Idaho; Idaho County Light & Power Cooperative Association, Grangeville, Idaho; and Umatilla Electric Cooperative Association, Hermiston, Oregon.
