NYA TRAINING AVAILABLE NOW FOR WAR WORK

Free defense training with board, room and pay is being offered now by the National Youth Administration, according to news received from Glenn A. Norton, personnel officer at La Grande. "Uncle Sam needs high school graduates and out-of-school youth to work in war industries. Trained and semi-trained workers are needed badly. This training is now available at the various centers located in Pendleton, Albany, Eugene and Chemawa.
Included in the courses are aviation sheet metal, clerical, general sheet metal, machine shop, radio, welding and teletype. Enrollment periods vary from eight to twelve weeks although a trainee may be referred into a defense job in less time.
An NYA representative will be in Hermiston at the employment office on Wednesday, August 19, to interview youths. Hours will be from 1:15 to 5:00 p. m. Anyone interested should make it a point to contact the representative."

MYSTERY STEPS STORY REVEALED

For several years the Herald reporter has wondered about the concrete steps just across the street from the Tum-A-Lum Lbr. Co. Upon inquiry, he is told that they formerly led up to a building which burned down; others stated that they were placed there prior to the construction of another house.

However, this week when the steps disappeared interest in them were renewed. The truth of the matter now is that at one time a Women's Civic group had the steps built for the convenience of people who used the park just behind Rohrman's Motor Co. and Shell Service station. Old timers say that benches and other conveniences were placed there for picknickers.

Millions of Americans are discovering their weekend trips can be made just as well on mid-week days—Tuesday, Wednesday and Thursday. Net results is that bus lines are going to be in a far better position to carry their huge wartime load, which may total more than 750 million passengers in 1942.

POPULAR CIRCUS AT PENDLETON SUNDAY, AUG. 17

Bringing an interlude of joy and cheer to relieve the tension of troublous times, Russel Bros.' Great 3-ring circus, one of America's largest, will be the center of attraction for many people of this community when it exhibits at Pendleton Sunday, August 16, afternoon and night, and at Heppner Monday, August 17, with an afternoon show only.

Long a prime favorite throughout the East and Middle West, Russel Bros. this year is extending its popularity to the Pacific coast, having opened its 1942 season with highly successful engagements in Los Angeles and Hollywood.

Among the stellar attractions on the all-new star-pangled program are Winston's Equestrian Sea Lions which perform incredible feats of balance while riding horseback, Jorgen M. Christiansens marvelous Argentine Criollo horses, the Skyrocketing Escalantes, the Sensational DeWaynes, the Four Acevados, the Aerial Alexandros, the Bell-Thazer Troupe, the Grace Orton Trio, the Clarkions and many other top-rank aerial, acrobatic, and arenic artists.

THE NEWEST GAME

Stretching across the country, the new game called "Keep Looking" or "Go Find the Rubber" is being played by everyone these days. The best place to play is right at home, where every member of the family can take part.

At a given signal, usually the snap of a rubber band, the players begin the first phase of the game called "Combing the Home." It's every body's move, and each participant takes a section of the house for "combing." Players need not be exceptionally skillful, although a pair of sharp eyes is a great help.

The object of the game is to collect every piece of unused rubber in each room in the house. Latest ruling on the new sport is that items collected should not be confined to SCRAP rubber, but should include every rubber item that is not actually needed. This ruling may call for an occasional conference between the rubber owner and the rubber finder, to determine the usefulness of the object.

When "Combing the Home" has been completed, one member of the group is delegated to place the collected items behind the goal line—the nearest service station.

Everybody wins in this new game, which should be played intensively from now until June 30. The award is the feeling of satisfaction that comes from taking part in the current drive to swell the nation's rubber salvage pile.
