### PINE CITY NEWS

By Mrs. Bernice Wattenburger

Mr. and Mrs. Reid J. Buseick and family of Long Creek stopped over night Thursday at the A. E. Wattenburger home. The Buseicks have been to Portland for a week.

Mr. and Mrs. Garnet Abercrombia and family called Thursday evening at the A. E. Wattenburger home.

Homer Sprague was driving derrick for Jasper Myers Wednesday when the singletree broke and it hit him in the face. It cut his lips and knocked out a few teeth. He was taken to Pendleton and put in the hospital for a few days.

C. H. Bartholomew has purchased a new Chevrolet truck.

Jerry Myers was driving his father's John Deere tractor from the barn to the house and the buckrake teeth caught on a gatepost, and turned over. Jerry jumped and was not hurt, but the tractor received some broken parts.

Mrs. Ollie Cox writes that her brother Lowell Young is in Pearl Harbor. He joined the marines last winter.

Friends and relatives are glad to hear word from Oscar Jarmon, better known as "son", that he is safe. This is the first word since last December 7. He could not tell where he is stationed.

Margaret McGreer writes friends that her husband is in Florida, and that he expects to go overseas soon. She also writes that Bobby Ground-voll is in Hawaii.

Mrs. Jackie Orr of Pendleton spent Saturday night and Sunday at the A. E. Wattenburger home.

Mr. and Mrs. Garnet Abercrombia and family spent Tuesday in Pasco.

Margaret McGreer has moved to Portland from Spokane and is working for the Standard Oil company.

Miss Helen Vogler left Monday for Connell, Wn., for a visit.

### LOCAL GRANGERS VISIT WESTLAND

Henry Ott, master, and Mrs. Henry, Ott and Gene Lear of the Columbia Grange, and Roscoe Meyers, master, and Mrs. Roscoe Meyers, and Mr. and Mrs. Roy Attebury of the Stanfield Grange were visitors at Westland Grange Friday. A letter was read from Don Sherwood who is taking veterinarian training at Camp Grant, Ill., and the members were all requested to write to Don.

Alma Allstott reported a well attended Home Economics meeting at the home of Mrs. Jack McKay Wednesday. The next meeting will be September 9th at the home of Mrs. Frank Seeliger. This will be a no-hostess meeting and the Home Economics members are privileged to bring any neighbor ladies who might become interested in Grange work.

Henry Ott and Margaret Seeliger explained the government's Neighborhood Leader plan, and Gene Lear stressed the importance and seriousness of the transportation problem.

A short play, "The wedding of Argle Culture and Homer Economics" was presented by members of the Home Economics club. Also part of the meeting was devoted to the draping of the charter in memory of departed brother, Wm. Prior.

### CARE OF KITCHEN RUBBER ONE HELP IN WINNING WAR

One way for every homemaker to help win the war is by making the common household rubber equipment last longer than ever before, says Miss Lois Lutz, extension specialist in home management at Oregon State college. While the manufacture of household rubber goods has not been stopped entirely, the longer present equipment lasts the less rubber will be needed for replacements.

Four enemies of rubber in the house or elsewhere are heat, sunlight, oil or grease, and copper. Miss Lutz points out. The higher the tempera-

ture to which rubber is exposed, the sooner it will crack or become weakened. Cold, on the other hand, does not harm rubber. Sunlight causes rubber to deteriorate. Even ordinary light hastens deterioration, hence when rubber is stored it will last longest in a cool, dark place.

Oil and grease if left in contact with rubber cause it to swell and become weak. Either thorough wiping or washing of oil or grease from rubber is important. Ordinary dry cleaning fluids may be used if handled quickly and carefully, although these may not be used safely in cleaning rubber or rubberized fabrics.

While copper is not much of an enemy of rubber in ordinary households, the fact remains that if rubber gloves are used with copper balls for cleaning kitchen utensils, the gloves will deteriorate more rapidly.

If grease or oil get on rubber articles they are best removed merely with soap and water.

JUST BETWEEN US CALVES

We'll Do More For You on SECURITY CALF FOOD

It's a low-protein feed that your baby calves need the first 6 weeks. No grain rations, meals or pellet feeds to disturb delicate stomachs. New Improved Security Calf Food — a fluid substitute for whole milk, is the answer. This high-energy food starts baby calves off to good health on the first feeding and costs just one-fifth as much as whole milk. You can make more money by selling your whole milk instead of feeding it. Uncle Sam wants more milk.

SAVE 1/2 ON CALF MEAL

After 6 weeks when calves need a change in feed, mix Security Calf Food into your meal and SAVE 50% of the cost of commercial meals. Calves prefer freshly mixed meal and thrive better on it. See your nearest dealer for a full Umatilla Co-op Creamery Hermiston, Oregon
