PENTECOSTAL TABERNACLE
Pastor S. E. Graves

"Some go to church to take a walk; Some go there to laugh and talk; Some go there to meet a friend; Some go there their time to spend; Some go there to meet a lover; Some go there a fault to cover; Some go there for speculation; Some go there for observation; Some go there to doze and nod; The wise go there to worship God." Services Sunday, Tuesday and Thursday. You are welcome.

ECHO NEWS ITEMS

Mrs. Adella Bartholomew, former Echo restaurant woman, is about to go overseas, according to a letter to Mrs. Frances Meyers. Mrs. Bartholomew has been in an army training school at Des Moines, Iowa, since July as a member of the W.A.A.C. She enlisted as a cook and baker. She says she has received orders to prepare to leave soon for an undesignated station overseas.

A bridal shower honoring Miss Marjory Meyers of Pendleton, former Echo girl, was held at the M. E. Meyers home in this city Tuesday evening. The shower was sponsored by the local Anniversary club. Miss Meyers is to be married Sunday at the Methodist church in Pendleton to Norman Lester Welch.

Funeral services were held here Tuesday afternoon for Frank M. Sloan, who was killed in a railroad accident near Mabton, Wash., Sunday. Rev. Griffin of Pilot Rock officiated at the service. Mr. Sloan was a nephew of Frank Sloan of Stanfield and a son of the late Claude Sloan of Echo. He was born at Heppner in 1900. The only surviving relative is a half sister, Mrs. Hazel Ferguson of Portland. His stepmother, Mrs. Robert Seaton, resides at La Grande.

Jack Gaskill writes to his parents, Mr. and Mrs. Ben Gaskill, that he is now stationed with an army service squadron at Rice Airdrome, Cal., in the middle of a desert where the temperature ranges from 100 to 130. The squadron made the trip from Hamilton Field by truck convoy, arriving at the airdrome August 16, and is scheduled to remain there six weeks. Jack was made a staff sergeant the first of August.

Mr. and Mrs. Troy Coleman and daughter Shirley left Monday for a few days visit at Kent, Wash., and Portland.

Mr. and Mrs. Homer Coppinger went to Portland Monday on a business trip and plan to visit the coast before returning home.

A shower was given at the home of Mrs. Joseph Cunha, Jr., Sunday evening honoring Mrs. Clayton Clapper. Refreshments were served.

Mrs. Lee Corren is assisting at the Troy Coleman ranch this week while the Coleman family is away on vacation.

Jack Teel of Echo and Lester Pearson and Harry Rueber of Stanfield were inducted into the army Saturday at Spokane and returned home the next day to attend to business matters before going to camp. They are to report at the Ft. Douglas, Utah, reception center on September 11.

J. Frank Spinning, who has been suffering from injuries received in an auto accident Saturday evening, is now able to be back on duty at his drug store.

Rev. and Mrs. Laurence A. Burdette of Portland, who were guests at the home of Mrs. Irene Rohde for several days, returned home Monday. Rev. Burdette was pastor of the Echo Methodist church for two years, leaving here in 1938. He is now on his second year as pastor of Mt. Taber Methodist church in Portland.

SAVING CLOTHES BOTH PATRIOTIC AND PROFITABLE

It is patriotic, profitable, and really "the thing to do" these days—doing everything you can to make your present wardrobe last as long as possible, says Miss Lucy R. Lane, specialist in clothing and textiles at Oregon State college.

When plenty of materials were available to get new garments whenever one's whim dictated, or pocket-book permitted, clothing conservation methods were not so important, but all that is changed now, she says. Here are some of her suggestions, some new and some old, for making clothing last and retain its good looks.

Rayon hose now on the market need special washing care because rayon becomes weak when wet. Lay these on a towel to dry and never put them on until thoroughly dry. As this may take longer than just overnight, extra pairs to change to are an economy. Stockings of any kind last longer when put on the right way, which means rolling them from top to toe before putting them on.

Shoes will last longer if worn only for occasions for which each pair is suited, which means sturdy shoes for work and play, and dressy shoes only for dressy occasions. Shoe trees are

more than ever needed now, while quick repair means longer life.

Wool clothes are far too valuable to be used as moth feed. If not already stored with moth-protecting flakes or other materials, it is best to get them out in the sunshine every so often and give them a good brushing. Moths particularly like soiled wool and are sure to pick out a grease spot or soiled collar if possible. Thin scarves worn around the neck are not as necessary for warmth as they are to save a coat from collar smudge.

Sweaters are best put away folded in a drawer rather than on hangers. Carelessness in pulling them on and overloading of pockets pulls them out of shape. Gentle washing in lukewarm water and mild soap, with thorough rinsing, are essential.

THE TOWN PUMP
BY Stan
YOUR STANDARD SERVICE MAN

"Gimme 4,200,000 Gallons Today!"

YEP. By the first of the year, according to the aviation experts, Uncle Sam will be asking us oil men to supply him with 4,200,000 gallons of high octane aviation gasoline every 24 hours! He'll need that much to keep our fighting planes in the air. Naturally, the steps that Standard of California has taken are a military secret, but I can sure tell you that the men at the refineries haven't been sitting on their hands. Standard is already turning out vast quantities of aviation gasoline—and even greater supplies will be produced soon.

Know The Easiest Way To Keep Your Car Shiny?

Does a coating of dust spoil the appearance of your car a few days after it's been washed? Then try this easy, economical way to keep it looking bright. Buy one of those specially prepared dust cloths from your Standard Man. With it, you can shine up your car in a couple of minutes. A few flicks every day, and your car will stay bright for weeks.

Get In the Scrap—To Beat the Jap!

Uncle Sam wants you to do one of these things with old scrap iron, steel or other metal objects. (a) Sell it to a Junk Dealer. (b) Give it to a charity. (c) Take it yourself to the nearest collection point specified by your local Salvage Committee.

FIRST AID? THIS IS MURDER!

● You can do a lot of things to make your appliances last longer. Oil motors . . . tighten connections . . . clean and adjust according to manufacturers' instructions . . . but don't go too far in tinkering with the mechanisms!

It's alarming how many good appliances fall victim to amateur household mechanics.

When any appliance is damaged or out of adjustment, no matter how slightly, consult your local electric dealer at once. He's equipped to make thorough repairs. His charges are reasonable. When you "put it off" you invite larger repair bills later and possibly permanent damage.

MAKE YOUR ELECTRIC APPLIANCES LAST!
