

VETERANS - You men who fought the last War - make this your job. To see that no American boy shall fall because a lack of scrap deprived him of a fighting chance.

SCRAP SLACKERS CAN LOSE THIS WAR!

It's squarely up to you. The mills need scrap to make the steel to go across the sea as ships, and tanks, and guns. They need it now—and in the months to come. For all new steel must be 50% scrap—and the mills are running out. They have not enough for even 30 days more production—then they'll be shutting down. Unless you get to work. Unless you go into your basement and your attic and rout out the junk that's there. Talk about it to your friends and neighbors—you men who

know what war is like. Tell them... "Don't be a scrap slacker. Get your scrap ready for the drive that starts next Monday!" Then get to work and help them do it. We're out to fill the junk yards—to make every salvage depot a towering tribute to our fighting men. And don't think the job is done when the scrap starts piling up. Because the war must end before the need for scrap is over. Do this to help make sure it ends our way!

UMATILLA NEWS

By Mrs. Glenn Ostrom

Mr. and Mrs. Otto Pound returned Sunday from a couple of days in Portland visiting their daughter Blanche who is employed there. Mr. Pound is on a vacation from his duties as agent at the depot. George Cooper is taking Mr. Pound's place.

Mrs. June Marlin and daughter Linda returned here Wednesday from Portland where they had spent a few days.

Mr. and Mrs. George Cooper and son Ronald, who have been in Portland for the past two months, arrived here last week to spend a week while Mr. Cooper is working in the depot.

Lyle Brown, who is employed in Huntington, is here visiting a few days with his family.

The Umatilla school has spent two days gathering up scrap iron for the government.

Mrs. Paul Donavan of Los Angeles arrived here last week to visit some time with her parents, Mr. and Mrs. Art Bousquet.

Mr. and Mrs. Glenn H. Ostrom and son Gary Dean spent the week end on a trip to John Day, going by way of Heppner and coming back through Dale.

Mrs. J. H. Byrnes returned home Saturday from La Grande where she has been for three weeks due to her health. Her daughter, Mrs. V. D. Bramer and children, Jim and Stella Rae drove her home and spent until Sunday.

Mrs. John Leidloff returned home Saturday from Boise, Idaho, where she had spent a few days.

Many hunters left for the mountains as soon as word came that the season was opened, but at this writing only Glenn Ostrom and Everett Ervin have come home with a deer.

Jim Williams and John McNabb returned Sunday night after a couple of days in Portland with his sister, Margie Williams.

R. F. Williams, who has been manager of the Tum-A-Lum here for several years, resigned his position and has not yet stated his future plans, but for the present he is going to spend some time visiting his parents and family and friends. Mrs. Williams has taken her husband's position.

Mrs. Glenn Ostrom and son Gary Dean spent Monday visiting with Mrs. Dayton Harris and Mrs. Fred Rankin in Hermiston.

PINE CITY NEWS

By Mrs. Bernice Wattenburger

Mrs. Marian Finch gave a pinochle card party Friday evening with three tables in play. High score went to Mr. and Mrs. E. B. Wattenburger and low to Bertha Ayers and Garnet Abercrombie.

Pendleton callers Saturday were Mr. and Mrs. Marian Finch and daughter Patty, Mr. and Mrs. Clayton Ayers and daughter, and Mrs. Helen Currin and son, and Mr. and Mrs. E. B. Wattenburger and family.

School will be closed Thursday and Friday for the teachers to attend institute in Baker.

Pine City club met Wednesday with a good attendance. A handkerchief shower was given in honor of Fay Finch. There was a roast turkey and dressing and a big birthday cake topped off the dinner at noon.

Miss Marie Healy, daughter of Mr. and Mrs. John Healy, spent the week end with her parents. Miss Healy works in the First National Bank of Portland.

Mr. and Mrs. Walter Ely of Tacoma, Wn., spent Monday night and Tuesday visiting Mr. and Mrs. A. E. Wattenburger.

Our men need tanks, ships and guns. The steel for these must be made of 50% scrap metals. The nation's steel mills don't have enough scrap available to last even 30 days more. Let's help keep them running.

Go down into your basement—your storeroom. Climb up to the attic too. Look at the unused stuff you're sure to find, and realize how important these odds and ends can be.

Important to a kid half way around the world. Important to a blue-clad gobbler—a flyer, racing to reach the target before some knifing Messerschmitt can find its mark.

That old metal means steel for these men. And steel means armor plate for safety—weapons and ships for Victory.

Without it they'll die. They're not afraid of that—but it's better to give a life for a cause than to be sacrificed by thoughtlessness. And it's better yet to live, knowing that the folks back home didn't let them down.

We will load a car Friday & Sat.

Bring in your Scrap and we will pay you Top Prices.
