*Our New Year's Resolution!*

The year 1943 is at our doors, and will open the portals of time on scenes the like of which the world has never known. Father Time, wrinkled and worn with the burdens of the Old Year, will step out, sustained only by great hopes of the future. Youthful '43 will enter to take up the mantle of this hope and carry on with firm resolution to make a better world.

Few are the personal resolutions we have heard, but we do know that our nation and her allies are firmly resolved. No failures in the strife will cause them to fail ultimately. The burden of our individual duty will be to lend support to that resolution.

The great successes of our forces on every front encircling the globe should not cause us to relax for a minute in our effort to bring this global carnage to an early end, and restore peace in every land.

It is just too bad that it never rains

in this region. America's greatest humorist once said that all we could do about it was to talk—a sort of social conversation maker. So, just to say a word or two, we are getting tired of clouds and rain and snow.

This is usually a sunny country, at least some clear days and brightness in this desert land of ours. They say, however, that only fools and children prophesy the weather, allowing a few days of correctness to the weather observers. But old timers here know that a wet fall and some early light winter are forerunners of a mild season in January and February. We say, that if you feel like gambling, you should put your dollar on nice weather for weeks ahead.

Speaking again about houses, Hermiston is still very short. Requests are made for a house or apartment every day and workers go elsewhere because they cannot find proper living quarters. If some red tape were cut forty ways this town would have built many more good houses the past year. We would begin again if not threatened by competition and vacancies and such discouragements to investments.

He was at Pearl Harbor working on defense construction when the Jap attack was made a year ago.

Teachers in Echo school received a welcome Christmas gift from the school board this week in the announcement that a raise of salary has been ordered for all of them effective immediately. The increase was given because of the extra work resulting from the unexpected increase in enrollment and the rise in living costs since the contracts were made. Supt. M. E. Larive has \$20 a month added to his salary and proportionate increases were given each of the teachers. Payment of the bonus is to be made at the end of the school year in May but is contingent upon the teachers remaining on the job until that time.

Mrs. Lena Mathers returned home Thursday from a few weeks visit with relatives in Salem. Accompanying her were Mr. and Mrs. Donald Madison and Ronald Mathers, visited over Christmas at the home of Mr. and Mrs. J. Frank Spinning.

He is now serving his fifth year in that position and was reappointed earlier in the year after passing a civil service examination, but the appointment was not confirmed until the final session of congress.

Funeral services were held at Hesper Thursday for George Samuels of Echo, who died in the Pendleton hospital Monday. Mr. Samuels was about town Saturday and was taken ill that night with pneumonia and removed to the hospital Sunday. Burial was at Hardman.

Mrs. M. E. Larive, who has been quite ill since Christmas with a cold, is now much improved.

(Held from last week)

Mrs. Martha Scrivner, who was thought to have a broken hip as a result of a recent fall, is reported to be recovering satisfactorily at the Pendleton hospital. X-rays disclosed that the injury was confined to severely strained ligaments and it will be a month yet before she will be able to come home.

George Samuels was taken to the Pendleton hospital Sunday and is reported to be in a serious condition with pneumonia.

Mrs. Addella Bartholomew, who joined the WAACs several months ago, is now stationed at Dayton Beach, Florida.

Echo Cougars defeated the Stanfield school basketball team Tuesday evening, 80 to 11. Dallman was high scorer for Echo with 22 baskets.

Because of transportation difficulties the municipal Christmas Eve program and the school Christmas program was combined and held at the city hall Wednesday afternoon, December 23. The municipal observance was originally planned for Christmas eve but it was found that many of the school children participating could not come to town that evening as school buses are prohibited from making extra trips. Santa Claus was present and the municipal treats for children of the community were distributed after the program.

Echo Cougars trimmed the Boardman Yellow Jackets Friday evening 33 to 21, making three straight wins by the Echo high school cagers in the Little Wheat league series. Brommell was high scorer for Echo with 13 baskets, while high man for Boardman was Walpole with 8. Weber was referee, Coppinger scorer and Penney timer.

The Cougars, under coach M. E. Larive, have won every game played this season, three league games and three practice games. Results of the other league games were 31 to 18 with Irrigon and 80 to 11 with Stanfield. Other schools in the Little Wheat league are Umatilla, Ione and Lexington. Boardman had been undefeated until the Echo game and also won games from Arlington and Hermiston. The next Cougar game will be at Lexington, December 29.

Ed Van Horn, a resident of this vicinity for many years, died at the Pendleton hospital Monday. Mr. Van Horn was at the hospital last week to visit his sister, Mrs. Irene Walmsley, who was taken there a few days previously. Upon his return to Echo he became seriously ill and was returned to the hospital Sunday where he died the following morning. Mr. Van Horn and his brother Fred farmed in the Sarvis Butte district west of Echo about 30 years ago. Fred was killed in an auto accident a few years ago and since then Ed has been living in Echo, part of the time with his sister, Mrs. Walmsley.
